Dr. Munk to Speak Under League Head

Widely Known Writer and Educator To Give Lecture in Klamath Falls June the Twenty-Sixth

Dr. Frank Munk, widely known writer, educator, and lecturer, will be in Klamath Falls Thursday evening, June the twenty-sixth, when he speaks at eight o'clock in the auditorium of Fremont school under the auspices of the League of Women Voters. The public is invited to attend, and no charge will be asked for the interesting lecture.

Dr. Munk is an authority on problems of totalitarian economics and social implications of the present emergency. He understands the Nazi aims and plans for eventual control of all nations and the destruction of their economic and political systems, with a view to subjection to German control.

Born in Czechoslovakia, Dr. Munk was educated at Prague university. He served his native land in many capacities: as economist, member of the Masaryk academy, the Social Institute of the Ministry of Welfare and Economic Planning. He was prominent on the Prague International fair, the National Committee for Scientific Management, the American Institute at Prague and the International Chamber of Commerce.

After the German invasion of his homeland Dr. Munk escaped from Prague in 1939, and since then has been a member of the faculty of Reed College in Portland. He has been in great demand as a speaker, and spoke at Malin this spring, where those who heard him were gripped by his quiet, dramatic force of his presentation. He is an interesting speaker with an impressive background and knowledge of the present world crisis and the effect upon post-war conditions.

There will be no tickets sold, nor collection of any kind. Dr. Munk is presented by the League of Women Voters as a public service.
