Christian Science

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 6.

The Golden Text was, "I am the Lord thy God, the Holy One of Israel, thy Savior" (Isa. 43:3.) Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deut. 6:4, 5).

The Lesson-Sermon also included the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Question—What is God? Answer. God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love.

Question—Are these terms synonymous. Answer—They are. They refer to one absolute God. They are also intended to express the nature, essence and wholeness of Deity" (p. 465).
