

LAND OPENING SCHEDULED ON IDAHO PROJECT

Approximately 2500 acres of irrigable public land will be opened to homestead entry in Idaho, August 8. The land is located on the Payette division of the Boise reclamation project, according to word received here Friday.

John C. Page, commissioner, bureau of reclamation, today informed Secretary of the Interior Harold L. Ickes that 41 farms averaging about 60 acres in size would be open to new settlers, and that water would be available for irrigating the farms.

Page also reported that irrigation water would be available on a rental basis to privately owned lands in the gravity portion of the Payette division. The pumping works have not yet been constructed to supply water to high land.

The farms will be open to settlers who can meet the regular capital requirement of \$2000 or the equivalent in livestock or farming equipment, or to settlers who can show proof that they will be granted a loan from the farm security administration which will enable them to meet the capital requirement. Preference will be given to needy and drought-stricken farm families who have been compelled to abandon their homes.

To make reasonably certain of successful settlement, however, all applicants for the homesteads must continue to meet the other customary requirements under the law. The department of the interior's examining board will review applications and grade them on farming experience, character, industry and the health necessary for an active farming life.

Applicants must send their applications to the Reclamation Construction Engineer at Boise, Idaho. Water rental applications for privately owned land must also be filed with the construction engineer. Blank applications may be obtained from the Boise office or from the Commissioner, Bureau of Reclamation, Washington, D. C.

Steady progress on canal construction on the Payette division of the Boise reclamation project has made the present public land opening possible. Other openings are planned in the future as construction advances.

Irrigation water for the land will be obtained from storage in Deadwood reservoir. Payette river water will be used to irrigate the farms in the present opening.

When ultimately developed the Payette division will have 50,000 acres of homestead farms under irrigation. About 27,000 acres will be fed by gravity. The balance will be reached by pumping. The Black Canyon hydroelectric power plant on the Boise project will provide the pumping power.

Merrill

John W. Taylor is recovering this week from injuries suffered several days ago when he was thrown forcibly to the ground by a horse he was leading. Taylor struck on a shoulder and received multiple bruises and other injuries. The accident happened at the home of his son, Raymond Taylor, on the state line.

Elizabeth Dennehy, daughter of Mrs. Helen Dennehy, will leave Sunday to spend the remainder of the summer with friends in San Francisco.

Wilma Graham accompanied Mrs. Chester DeLap, Keno, to Modesto where she will spend several days with her sister, Mrs. Alex Gooding. Miss Graham is the daughter of Mr. and Mrs. Will Graham.

A deep well is being drilled this week at the Willard L. Smith home to supplant a shallow well no longer used.

Mr. and Mrs. R. W. Steele had as their guests over the weekend Mrs. Steele's sister, Mrs. C. D. Anderson and Mr. Anderson, Twin Falls, Idaho. The guests had been south to San Francisco as guests of a son and daughter-in-law, Mr. and Mrs. Charles Anderson, both well known here where they have visited in the Steele home. They were met in the

Milk and Cheese Vital Parts Of National Defense Diet

Milk and cheese contribute important food values to the American diet. They are protein foods that fit right into the main part of the meal. Both are useful in cooking, combined with either cereals or vegetables. Cheese combined with vegetables supplies protein to make a main dish.

Preparing Cheese
The first caution in cooking cheese is to keep the temperature low. In fact, cheese should not really be "cooked," but merely heated enough to melt it. Overheating toughens the cheese and makes it stringy.

When the cheese is used in a baked dish, such as scalloped vegetables or macaroni and cheese, it is best to blend the cheese in the sauce before it is mixed with the other ingredients. Then it is not so likely to become stringy when heated. But be sure to take the sauce off the fire first.

Here is an excellent cheese dish for lunch or supper. Serve it with crisp bacon, a green salad, and some simple fruit, dessert.

Cheese Toast
(12 to 14 slices of bread)
One pound cheese, 1 cup rich milk or cream, 2 tablespoons flour mixed with 2 tablespoons water, 2 eggs, 4 drops tabasco sauce, or a few grains of cayenne pepper, a little onion juice,

bay city by Mr. and Mrs. J. R. Steele who accompanied them to Merrill.

Mrs. Bertha McCollum was elected president of the auxiliary of the Merrill post, American Legion, on Tuesday when a few members met in the kitchen of the community hall. Serving with Mrs. McCollum will be Mrs. Iva Kilpatrick, first vice president; Mrs. Florence Hill, second vice president; Mrs. Thelma Stukel, secretary and treasurer, and Mrs. Ora Burke, historian. The August meeting will be held at the home of Mrs. Burke.

Mrs. Frank Hunnicutt was hostess Wednesday to members of the Ladies' Aid of the Presbyterian church with the meeting held in the grade school building.

Mud Rain Reported In Merrill Storm

MERRILL—Mud was slung from the skies at all folks in the Merrill community who happened to be out in the severe rain and electrical storm late Wednesday, it was reported from a number of sources. Torrents of rain which fell through the haze of tulle dirt and smoke swept across the basin by a high wind before the storm mixed a mud bath for everything in the path of the storm.

While no serious damage was reported following the blow and downpour, trees were uprooted in the Merrill, Malin and Tulelake communities, one or two windows were reported broken by the force of the wind and gardens and flowers were whipped in many districts. Electric power was off for a few moments in some areas.

The blow started about 4:30 p. m.

As I read history, the future of peace and the future of democracy are one and indivisible.—Horace M. Kallen, new school for social research.

if desired, ½ teaspoon salt, 1 ½ teaspoons baking powder.
Shave the cheese into thin, small pieces. Heat the milk or cream in a double boiler, thickened with the flour which has been mixed with the water, and cook for 5 minutes. Add the beaten eggs, the cheese, and the seasonings, and cook slowly until the cheese has melted and the mixture is thick and creamy. Allow it to cool; then add the baking powder.
Toast one side of the bread. Spread the cheese mixture thickly on the untoasted side to the very edge. If the cheese mixture does not come to the edges of the bread, they become brown and hard. Brown the cheese delicately under a low broiler flame or in the oven. If desired, place a strip of crisp bacon across each slice of cheese toast. Serve it hot from the oven.

Menu

SCHRIENER NAMED HEAD OF LEGION

MALIN—L. B. Schriener has been elected commander of Malin post, No. 84, American Legion, succeeding Harry Prather, Schriener to hold office during the remainder of this year and until July, 1942. Elected also were Merle Loosley, first vice commander; R. A. Rigor, adjutant; F. M. Trout, finance officer; Roy Brentlinger, chaplain; M. V. Halousek, sergeant-at-arms.

The Malin officers will be installed jointly with Klamath Falls, probably some time in August.

The auxiliary of the post electing this month also, placed Mrs. L. B. Schriener as president, Mrs. R. S. Thompson, first vice president, Mrs. F. M. Trout, vice president, Mrs. R. A. Rigor as secretary and treasurer, and Mrs. Alice Nyhart as junior past president. Appointive offices will be filled before installation on August 1.

Rescuer Drowns in Attempt to Save Alleged Suicide

PORTLAND, Ore., July 18 (AP)—A would-be rescuer drowned last night in an effort to save the life of a woman Clackamas County Coroner Tom J. Myers said was a suicide.

Myers said that Mrs. Lucy Loving, 38, ill and despondent, leaped into Lake Oswego. Donald W. Moore, 38, weary from a day of house painting, dived after her. Both drowned.

Moore's body was recovered quickly but efforts at resuscitation failed. Mrs. Loving's body, fully clothed, was recovered about an hour later.

Jean M. Lawler, about 15, Portland, drowned in a gravel pit near Barlow yesterday. He was one of three boys from the State Training school at Woodburn taken swimming by the school staff.

Regardless of how high the price of aluminum was raised today it would not result in the production of one pound more of the metal.—James F. Bogardus, OFACS.

First Aid Class Has First Meeting At Bly School

BLY—A class in first aid under the auspices of the Red Cross held its first meeting at the high school on Monday evening. Chester Smith, who recently completed a course sponsored by the government, is instructor. The class will convene from 7:30 until 9:30 on Monday and Thursday evenings. The course includes 20 hours of work and will be followed by an advanced course for those who have had preliminary courses in first aid.

Those enrolling at the first meeting were Mrs. Frances Causbie, Mr. and Mrs. Lowe, Mr. and Mrs. Roney, Mrs. Carl Deering, Harold Crane and Bud Patske. The work of the first meeting will be thoroughly reviewed in subsequent meetings for those who wish to enroll in the near future.

NEW BAKERY WILL OPEN AT MERRILL

MERRILL—A new brick oiled oven is being built this week in the building just vacated by the Merrill Variety store and within the next month a new bakery will be opened to the residents of Merrill. The building is owned by Charles Hodges, Merrill, and the interior is to undergo a complete remodeling program to prepare for the new business.

D. V. Hunting, Merrill, formerly of Veronal, U., will operate the bakery and the actual baking will be done by Henry Stoppel, of Klamath Falls.

It is expected that the shop will be ready for business the last week in July.
