

AIRMAIL USE SHOWS GAINS IN LAKEVIEW

LAKEVIEW, July 25 (Special) Use of the airmail for business transactions by Lakeview firms is decidedly increasing. Postmaster Fred Peat announced today. In June 1941, a total of 1000 airmail stamps were purchased as compared with a similar amount for the entire year of 1937. In addition one Lakeview firm last week purchased 1500 airmail envelopes.

Withdrawal this week of the bus which made daily airmail connections with Medford from Klamath Falls is expected to create a decrease in the total sales as the nearest connections will now be in Portland and Sacramento, Peat said.

OLD ORDINANCES ON BLOCK FOR TONIGHT

Obsolete traffic rules and regulations, city ordinances now outgrown, will be deleted from the city's books when the safety council meets tonight in the council chambers of the city hall. Frank Drew, chairman, will preside.

The purpose of the meeting is to delete old ordinances and make up new ones which will be presented Monday night at the regular meeting of the city council, Drew stated. The proposed ordinances will be along the line of those recommended by the League of Oregon Cities.

The newly-called men were said to include discharged veterans of the China war and some men previously considered unfit for service.

Every ship going to Japan from central and north China now is carrying reservists summoned for active duty, it was said.

The mobilization began July 17 and still is continuing, it was reported. Where the troops are going was kept secret.

ON the home front Dun & Bradstreet, reporting average retail sales for this week 20 to 24 per cent above the corresponding figure for a year ago, adds: "A tendency on the part of consumers to PURCHASE AHEAD on many requirements continued to be observed." When you think you can't get it, you WANT IT NOW. Human nature is human nature, in war as at other times.

Stock Market Quotations

NEW YORK, July 25 (AP)—Heightened war tension in the far east put a slight chill on the stock market today but brought heavy speculative demand for import commodities. Sales approximated 800,000 shares.

SOVIET SAYS GERMAN UNIT ANNIHILATED

(Continued from Page One) ment said only one raider penetrated the capital's defenses and that it was shot down. Another plane was reported destroyed outside Moscow.

BERLIN, July 25 (AP)—The German high command reiterated today that the current offensive against Russia continues "according to plan" despite "stiff fighting" which informed sources said was marked by Russian orders for a defense of the Stalin line to the last man.

A military spokesman announced that Finnish forces were threatening the Leningrad-Murmansk railway northeast of Leningrad, having forced a passage between Lake Ladoga and Lake Onega. (This presumably is in the Ptrozavodsk region, where there has been heavy fighting for nearly a week.)

He also reported threats to Leningrad from the southwest and south, where he said German units were making steady progress on both sides of Lake Peipus and Lake Ilmen, each about 130 miles from Leningrad.

The high command's brief summary of action on the eastern front added that "a large number of prisoners and war material are being captured daily" and that individual planes "bombed military objectives last night in the eastern part of Moscow and north of the Kremlin."

Women of Tomorrow
—Kennell-Ellis.
This is June Russell Hauger, 13, another Klamath Union high school freshman this fall.

June is the daughter of Mr. and Mrs. H. E. Hauger, 1540 Pacific Terrace. She attended Roosevelt school. Her father is an automobile agency owner in Klamath Falls.

June's favorite sport is hiking, and on her trips she is usually accompanied by her cocker spaniel, "Scamp."

Her ambition, during this summer vacation season, is "having a good time."

WILLIAMS GUILTY, VERDICT OF JURY

J. R. "Tex" Williams was found guilty of forgery in circuit court Thursday following a jury trial which heard testimony by Stanley MacDonald, director of the bureau of identification of Multnomah county and acknowledged handwriting expert.

Deputy District Attorney Clarence Humble put the handwriting expert on the witness stand just before noon and he was cross-examined after noon by F. O. Small, defense attorney.

Williams' defense was that the defendant had received a \$6.50 check from another person and that he had endorsed it only before cashing it at Oil City on South Sixth street. MacDonald described in detail the manner in which comparisons of handwriting are made, and it was his conclusion that the face of the check and the endorsement were written by the same person.

Circuit Judge David R. Vandenberg set Williams' sentence for 10 a. m. Saturday.

Verdict
State of Oregon versus Tex Williams. Defendant found guilty of forgery. Sentence set for 10 a. m. Saturday.

Justice Court
Virgil Raymond Deal, no motor vehicle license. Fined \$5.50.

William Merrill Reeves, no motor vehicle license. Fined \$5.50.

Melford Moses Hood, overloading truck. Fined \$10.

Glenn Arthur Thomas, driving under influence of intoxicating liquor. Trial set for 10 a. m. Tuesday.

ACTION SLATED FOR SATURDAY ON JAP MOVES

(Continued from Page One) pen, he said, we could talk on it. But that isn't the situation.

Japan's entry into Indo-China was a specific move, Mr. Roosevelt was reminded, and was described by Welles as dangerous to our security.

But we do not know what the move will be tomorrow or the next day, the president asserted.

In response to questions, Mr. Roosevelt said he thought the American people were no more aware of the international situation in the far east than they were in the west. But he said he had received yesterday reports from a newspaperman, two magazine writers, a cabinet member and two other persons who had been around and found that since March and April there had been a tremendous change, and the people were far more cognizant of the danger in the international situation.

Settlement of Irrigation Case Up for Hearings

(Continued from Page One) a representative, has established the charge for excess water in order to prevent damaging of crops by flooding and to protect lower neighboring lands from ruin by runoff water from nearby higher ground.

Excess water revenue, he said, is put back into the operating and maintenance fund for the following year, a fund which is comprised by irrigation district payments for upkeep of the irrigation system.

OBITUARY

GLENN WALTER BLICKENSTAFF

Glenn Walter Blickenstaff, for the last 10 years a resident of Klamath Falls, Ore., passed away in Los Angeles, Calif., on Wednesday, July 23, 1941, at 5:30 p. m., following an extended illness. He was a native of Oberlin, Kans., and at the time of his death was aged 45 years, one month and 27 days. Surviving are his wife, Mrs. Vivian Blickenstaff of this city; his mother, Mrs. Lucy Blickenstaff of Los Angeles, Calif.; three daughters, Mrs. Leona Eglund, Mrs. Evelyn Cheyne and Lucy Blickenstaff, all of this city; two sons, Robert D. and Richard D., both of this city; one brother, Merle Blickenstaff of Oberlin, Kas., and four sisters, Mrs. Edith Love of Oberlin, Kas., Mrs. Grace Seigenthaler of Los Angeles, Calif., Mrs. Eunice Huhey of Eugene, Ore. and Mrs. Bernice Newton of Tulelake, Calif. Mr. Blickenstaff was a member of Los Angeles post, American Legion. The remains will arrive in this city Friday evening at 9:45 p. m. from Los Angeles. Arrangements are under the direction of the Earl Whitlock Funeral home.

Parkers Warned—In an effort to alleviate congested traffic conditions in the business district, city police again issued a warning to motorists who park outside the designated orange lines. Cars which are left over the lines, prohibiting other motorists from the use of adjacent sections, will be tagged, officers said. Lines, as well as traffic lanes, have recently been given a bright coat of paint by the street department.

Japan Given Bases Along Indo Coast

(Continued from Page One) several southern Indo-China airports, where it is understood they will establish garrisons.

Both Saigon, up the Saigon river from Indo-China's southern coast and the other air, troop and naval stations mentioned are the Japanese outposts closest to Singapore, British Malaya and the Netherlands East Indies. Cambodia is on the Gulf of Siam side of Indo-China, along the French colony's border with Thailand.

Details of the agreement are slowly taking form, although authorities here have refused to discuss how many troops are slated to come here or elsewhere in the colony.

FIRE EXHAUST FUND FIXED BY COUNTY BUDGET

Approximately all of Klamath county's 1941 fire-fighting budgetary allowance has been used up in fighting the stubborn fires on Stukei mountain and in Langell and Poe valleys, it was learned Friday.

The county set aside \$1500 for fire-fighting purposes. It will have to draw upon the emergency fund if further requirements develop, it was believed.

Fires in this general area were under control Friday but a heavy smoke pall lay over the region. Foresters said the smoke was apparently drifting in from fires in distant areas.

County court members said the Red Cross may be asked to look into the matter of relief for the Benedict family, whose home in Poe valley was destroyed by the fire. Four girls and a young baby, it was reported, were at the house at the time it was destroyed. The elder Benedicts were in the Rogue River valley.

Police Court—Three traffic tickets were paid and two drunks were fined in police court Friday morning.

accept a proffered wage increase of 10 cents an hour. Nevertheless, Albury indicated that the union would stick to its wage demands.

One hundred of the 1000 striking Key West workers went back to their jobs this morning when the Paul Smith Construction company, contractor for part of the work, met the 62 1/2 cents demand. Albury rejected a compromise offer of a 10 cents hour increase for the rest of the workers.

Lieut. Albert J. Fay, public works officer at the Key West naval station, said no deadline had been set for acceptance by those remaining on strike of the compromise wage but that he expected one to be set later in the day.

Fay declared that his superiors in Washington would not exceed 50 cents an hour and that the navy was prepared to take over on the projects, amounting to almost \$2,000,000 in event the dispute was not settled.
