

# SARI'S CAFE SETS OPENING ON WEDNESDAY

Opening of Klamath Falls' latest restaurant is scheduled for Wednesday when Mr. and Mrs. Otto Sari, well known to diners, will preside as hosts at the new cafe, "Sari's", 5327 South Sixth street and Homedale road.

After a year's vacation, Mr. and Mrs. Sari have returned to the restaurant field in which they have long been prominently identified in Klamath Falls. They have just completed their delicatessen and cafe, the building constructed by C. C. Fraley, contractor, and designed by David C. Gregg of Swan Lake Moulding company.

In addition to the large, ample dining room, where 80 persons may be comfortably served, the Sari's have included a private dining room for smaller parties. Hours are from 12 o'clock noon to 11 p. m.

Sari recently returned from San Francisco where he purchased all the imported foodstuffs he could find, including cheeses, anchovies, salamis and other delicacies. These will be sold in his delicatessen as well as served with Italian dinners.

All kinds of Italian dishes will be served by the Sari's, and they will specialize in Italian dinners. Fine Italian bread specially made for Sari in San Francisco, will be served the first two days. Reservations for the opening night may be made immediately.

## RAILROAD PERSONALITIES

Back From Vacation—E. S. Hedman, chief clerk at the Great Northern railroad, returned from his vacation Monday.

To Portland—Pete Lesmeister, traveling freight and passenger agent for the GN railroad, left Tuesday morning for Portland on his vacation.

The Greeks who lived in the first century B. C. knew that the moon caused the tides.

Women of Tomorrow

# KID PROPOSES TO AID STUDY OF IRRIGATION

(Continued From Page One)

The Klamath district is decreasing. "I think we should have all the water we need, but get me right—I'm not in favor of needlessly flooding the land," said Hammond.

He stated that his own land is in better condition now than it was 40 years ago, despite steady use.

Limit Not Needed The KID contract indicates an allowance of 1.8 acre feet of water to that district, and excess charges have never been imposed. It was stated, however, that more than 1.8 acre feet have been used, and Laton Stephens, reclamation engineer, said in this connection "we've been giving them all the water they wanted."

J. R. Rattliff, KID director, said the commissioners that experiments have been made in control of white top weeds by heavy water use. Dr. Peterson said his experience would indicate such a method would not prove effective.

Jay Airlo, Henley farmer, said that eel-worm control might be effected by generous watering to maintain a low temperature in the soil.

M. T. Prince, chairman, and other directors of the Langell Valley district, appeared before the board. Prince said the district is allowed 2 acre feet on the Clear lake side, measured at Malone dam, but there is loss from Malone dam to the land and that the farmers should get their 2 acre feet at the land.

He said they would like to have their contract changed to provide all water needed for beneficial use. He also stated that more water should be held in Gerber dam against the possibility of a shortage in some dry seasons.

At the close of the Langell Valley testimony, Mrs. Dorothy Evers, secretary of the Horsety Irrigation district, appeared before the board.

Our so-called "funny bone" is located at the lower end of the bone known as the "humerus."

# COMMITTEES SELECTED FOR LAKE ROUNDUP

LAKEVIEW, Oregon (Special) Lon Denio, chairman of the Round-up committee for the 22nd annual Lakeview Round-up and Lake county fair, has released a complete list of committees this week to take over the various jobs connected with the yearly show.

The judges of the bronc and bareback contests in the arena are Muriel Jacobs, William Hotchkiss, and William Kittredge. At the roping chutes will be found Buster Vaughn, Oscar Kittredge, and Tom Brattain, while Ned Sherlock will have charge of the entire arena. On the track handling events there will be Walt Lehmann and Bill Green. Ernie Fetach is in charge of the Round-up dances.

At headquarters, where all contestants must sign up for the events, Gene Favell will be in charge. C. J. Clause is the man named for ticket sales. The big parade on labor day will be in the hands of Stanley Hanson and George Stephenson. Parade judges are to be appointed later.

One of the most important pre-Round-up events, the Queen's Pageant, is in the hands of Gordon Barrie.

The various events are lining up rapidly and the county fair division of the show, in charge of the fair board, Jim Ogle, Ned Sherlock, and Ernie Fetach, promises much of local interest.

Saturday, Sunday and Labor day are again the dates set for the annual event, which this year, embraces the county fair.

Pickets Removed From Ward's Store In Klamath Falls

Pickets were absent from before the Klamath Falls Montgomery Ward building Tuesday for the first time in nearly four months and AFL union and store officials said difficulties had been ironed out between the two.

The picket line was established last spring by local AFL teamsters and plumbers in sympathy with a retail clerk strike at Ward's Oakland and Portland branches. Since then the firm's local branch has been operating with non-union drivers and plumbers.

Last Saturday, E. L. Barth, Portland store manager, announced clerks had approved a contract, ending both the Portland and bay area strikes. Monday local picket lines were withdrawn.

Local store and union officials declined to release settlement terms Tuesday but the union promised a public statement Thursday.

U. S., British Ire Risked in Plan, Report

(Continued from Page One) Percy Spender announced that about one-quarter of Australia's military has been called up for full-time service beginning Oct. 1.

The London radio said an order had been issued in Capetown, South Africa, to detain the 9000-ton Japanese freighter Manila Maru, headed for Japan with a full cargo.

In San Francisco, the luxurious Japanese liner Tatuta Maru, with nearly 100 American passengers and a \$2,500,000 cargo of raw silk aboard, was reported still continuing her time-marking cruise off the Pacific coast.

of water when we need it." He said that on one field he had used 44 acre feet beneficially in irrigation of potatoes. He agreed that there "must be a line somewhere" but said the limit should be high enough to permit beneficial use at all times.

Attorney Fix at this juncture indicated it might be necessary to obligate the districts for additional construction charges to carry all the water asked.

Both Stastny and Jackman said that some private pumpers are getting water from the bureau's canals without paying their full just charges.

J. L. Fotheringham appeared for the Sunnyside Irrigation district and the Van Bremmer Ditch company. He also objected to excess charges.

light. "Be on guard," he says, "equally against pessimism and optimism."

The Russians, he admits, are showing "magnificent strength and courage," the battle of the Atlantic is going better and German air superiority is being broken. But he adds:

"The worst is not over. The vast mass of destructive munitions which the Germans have made or captured, the courage, skill and audacity of their striking forces, the ruthlessness of their centralized war direction and the resources of many lands which may to some extent become available to them forbid the slightest relaxation."

# MAN JAILED ON DOUBLE CHARGE

James William Anderson, 38, arrested by city police on a drunk charge, was lodged in the county jail on a second count of forgery, police stated Tuesday.

Anderson is a resident of Tillamook.

Andy E. Willis, picked up Monday for traffic violations paid a fine of \$5 for having no operator's license, \$10 for inadequate brakes, \$5 suspended on a no rear view mirror charge, and to the charge of no registration slip. Willis entered a plea of innocence.

Seven traffic tickets were paid, and six violators were scheduled to appear in the usual Wednesday afternoon court before Police Judge Leigh Ackerman.

# Rock Crusher Set Up for Airport Job

Work of setting up the rock crusher at the Klamath airport job, was under way this week, according to City Engineer E. A. Thomas.

The sub-base is a little less than half laid on the project, Thomas stated, and work is progressing rapidly.

# OBITUARY

## IRA ELMER HOLTON

Ira Elmer Holton, for years a resident of Klamath county, Oregon, passed away in this city Tuesday, July 29, 1941, at 10:45 a. m. following an extended illness.

He was a native of Kirbyville, Oregon, and at the time of his death was aged 79 years 9 months and 24 days. Surviving are one sister, Mrs. Josie A. Nickerson of Merlin, Oregon. The remains rest in the Earl Whitlock Funeral Home, Pine street at Sixth. Notice of funeral to be announced at a later date.

Annual Meeting—The annual meeting of the Summer Home Owners association at Lake o' the Woods will be held Sunday, August 10, at 10 a. m., it was announced Tuesday by the president, John H. Houston. The annual election of officers will also be held and matters of importance to home owners will be discussed. Houston stated. Secretary is Frank L. Weaver.

# COUNCIL RECEIVES REPORT ON LAND

City councilmen, in session Monday night, heard what they termed a "gratifying report" on city owned property covering disposal of lots over a period existing from January, 1937, to July, 1941. Total number of lots sold was 360, totaling \$185,513.13.

Of the lots, 44 are under option, 173 are contracts now active, and cash sales and satisfied contracts total 143, bringing the total to 360. Options total \$21,322.50; contracts, \$99,313.47; cash sales, \$64,877.26.

The number of lots sold by realtors totaled 207, by the police judge's office, 153.

Lots sold from January 1, 1941, to June 30, 1941, 135, total, \$63,017.58; sold by realtors during this period, 84; total, \$40,893; number of lots sold by police judge's office, 51; total, \$22,724.55.

It was pointed out in the report, the police judge's office sold approximately 42 1/2 per cent of the lots. The number of lots on which the period of redemption has expired and are in process of suit to quiet title, 533; number of lots on which the period of redemption has not expired, 531; total of city lots, 1350.

# Union Pickets Put About Big Basin Lumber Company

An AFL picket line was thrown about the Big Basin Lumber company Tuesday in another episode in the current AFL-material dealers labor difficulties.

The union said pickets were ordered out because Big Basin truck drivers had violated an AFL line at the Harold Reeder real estate building job on Eldorado heights. The AFL last week declared Reeder unfair to organized labor for using non-union help on the project.

Ralph T. Howard, Big Basin manager, said there is no dispute regarding hours or wages. He stated the issue involved the fact whether or not the firm can deliver materials to customers upon their order. Big Basin, according to Howard, feels it is their duty to answer a customer's demand.

The Teamsters' union Tuesday also placed the Klamath Concrete Pipe company on the unfair list for hiring non-union drivers.

Home From North—T. B. Watters returned Monday morning from Portland where he spent several days on business, later taking part in the Pacific International trapshoot.

Has YOUR mirror got a curtain in front of it?

## How to look funny—

ALL OF US know men who scorn the idea of being "stylish." Sissy, they call it. Maybe so. But, just the same, none of us wants to look funny—even in his overalls.

- 1—What keeps YOU from looking like Sir Walter Raleigh, while others laugh? Aren't you glad styles have CHANGED?
- 2—Or what made you give up peg-top pants and bulldog toes? Don't say "they quit making them." You could still buy them.
- 3—Oh! So you watched what OTHERS were wearing! Well, who told the OTHERS? When did the CHANGE happen to the FIRST man?
- 4—Here's what happened: One day a clothing store put an "ad" in the paper. A lot of men saw it. They bought the "new-style" suits. They looked nice. Pretty soon even CARELESS men weren't looking funny.
- 5—A dime spent by a merchant in newspaper advertising, helping you to buy better style and value, cuts his selling costs and saves you dollars. And who wouldn't spend a dime to save a dollar?

Only in America—out of all the countries in the world—do city men, country men, westerners, easterners, northerners and southerners feel COMFORTABLE together. Bricklayer and banker dress alike. They see themselves in the same mirror, walk the streets in democratic tolerance and equality. No one keeps outside facts and opinions and information away from ANY Americans. NEWS circulates freely—REAL news, accurate, DEPENDABLE news. And NEWSPAPER ADVERTISING, perhaps as much as political and social news, helps to bind us into a united nation.—Newspaper Publishers Committee, 420 Lexington Avenue, New York.
