JOB SURVEY EYES WOMEN, CHILDREN

SALEM, Aug. 6 (AP)—A survey to determine how many women and juveniles would be available for industrial jobs during wartime was ordered Tuesday by Governor Charles A. Sprague,

who appointed Mrs. Suidie Orr Dunbar of Portland, former head of the National Federation of Women's clubs, to head the survey.

Twelve thousand persons of both sexes between the ages of 16 and 25, as well as women, will be mobilized and trained to replace men who might be called into military service from important industries.

The governor said the survey would require the cooperation of the state employment service, unemployment compensation commission, organized labor and the state labor commissioner.

Every woman, and all persons between 16 and 25, will be contacted. The survey will begin as soon as Mrs. Dunbar can organize it. It will take about 60 days to take the census.
