Shipyard Strike May Be Referred To President

Indications came from a high government official today that the defense mediation board would refer to President Roosevelt the strike at the Federal Shipbuilding and Drydock company's Kearny, N. J., shipyard if production is not resumed there soon.

The Kearny yard was one of four big east coast shipbuilding plants, working on defense production, which were beset by labor troubles.

Frank Graham, acting mediation board chairman, said the company had turned down board recommendations made last week and that after failure of such recommendations "the only thing left to do is to refer a case to the White House."

In one mediation board case referred to the White House—that of a strike at North American Aviation's plant in California—the army took over the plant temporarily.

The board recommendations for Kearny included a modified union shop, vacation adjustments and a 12 per cent wage increase, which the company already had paid retroactive to June 24.

Vichy Again Assures U. S. Dakar Will Be Defended

By RALPH E. HEINZEN, United Press Correspondent

VICHY, Aug. 6 (UP) — The French government has dispatched a formal note to Washington, it was revealed tonight, reaffirming its determination to defend Dakar and other strategic empire possessions against challenges from Germany or other quarters.

The German-controlled newspaper Petit Parisien in Paris said that the note, handed to U. S. Ambassador William D. Leahy, was phrased in "extremely firm and precise terms" and answered in forthright manner the "United States menaces and accusations" against France.

An authorized informant, although refusing to divulge details of the note to the United States government, revealed that it was in reply to a formal request by Ambassador Leahy on August 1 for an "explanation" of Vichy's stand.

Admiral Leahy conferred with Marshall Henri Philippe Petain and Vice Premier Jean Francois Darlan, with instructions to obtain an explanation of Vichy's attitude toward the defense of the French overseas empire in the light of the recent surrender of military facilities to Japan in French Indo-China.

The day following Leahy's talks with the French leaders, U. S. Undersecretary of State Sumner Welles in Washington issued a statement firmly warning Vichy of a possible break in diplomatic relations should French "collaboration" with Germany involve military concessions in Dakar and other

84 Tulelake Lots Bring \$11,490 at USRS Auction

Eighty-four Tulelake lots, sold by the US bureau of reclamation at auction Wednesday, brought in \$11,490, according to announcement made by B. E. Hayden, superintendent of the project. The lots varied in price from \$440 to the appraised value of \$85. Most of the lots were "bid up", however.

Highest price was paid by Otis Roper who laid down \$440 for lot 1, block 29, and facing the Main street of Tulelake. A lot similar and across the street from Roper's property was purchased by John Takacs at a price of \$430. Both men plan to place business structures on the property.

The average price per lot, sold at auction, brought \$137, Hayden stated. The auction started at 10 a. m. and was over shortly after 4 p. m. Approximately 100 bidders attended the sale.

spread, touching many parts of the state and scattered sections of South Dakota and Minnesota. The latest death count is 37 in North Dakota, 19 in Minnesota and three in South Dakota but the toll already is probably higher than those figures.

Engaging in the effort to track down the disease is the government's Rocky Mountain laboratory at Hamilton, Mont., where the famous research that developed a preventive for spotted fever was done.

Persons who contact encephalitis develop symptoms which are irregular and add to the doctor's problem of diagnosis. After showing a high fever and complaining of headaches, they apparently suffer infection in the brain that induces lethargy, or sleeping or violent excitement. Because different parts of the brain are attacked, symptoms vary and make diagnosis more difficult, says Dr. Orianna McDaniel, Minnesota director of preventable disease.

Finns, Russians Use Modern Arms, Indian Tactics

By LOUIS P. LOCHNER WITH THE FINNISH ARMY ON THE RUSSIAN FRONT—(By Telephone via Helsinki to Berlin) — Aug. 7 (P) — War in the Lake Ladoga area is different from anything I have encountered at any front, east, west or southeast.

The Finns and Russians are fighting with the most modern weapons in much the same manner as the American Indians and their white adversaries fought long ago in the forests with crude weapons.

The front is everywhere and nowhere. You never know where danger may lurk.

Alaska Town Quits Work to Watch Cannon Practice

ANCHORAGE, Alaska, Aug. 7 (P)—Big guns of the Alaska defense, firing in target practice over Cook inlet, gave Anchorage residents an idea of what war is like yesterday.

Practically everybody in town quit work and went to vantage points to watch the soldiers' operations. The blasts from the guns shook houses and rattled dishes.

All last night, the soviet high command said, German troops stormed red army positions on the Estonian front, driving toward Leningrad in what appeared to be the "new theatre" of offensive operations mentioned yesterday by the nazi high command.

The Russians also reported violent all-night fighting in the sectors of Smolensk, 230 miles west of Moscow, and Bel Tserkov, 50 miles south of Kiev, the Ukraine capital—the same battle zones which have appeared regularly in soviet communiques.

Ray Noble And Band To Play Malin Engagement

(Continued from Page One)

Ray Noble, the English baton-wielder who has become the familiar favorite of countless thousands of Americans as a result of several outstanding radio programs and a succession of record-breaking hotel and night club engagements, will bow into Broadway hall, Malin, on Friday, August 15, through arrangements with the Music Corporation of America.

Noble's musical offerings have been aired from coast to coast. Personal appearances have taken his talented orchestra into such famous locations as the Rainbow room, New York; Earl Carroll's, Hollywood; Beverly Wilshire hotel, Beverly Hills; Palmer house, Chicago; Palace hotel, San Francisco, and the Casino on Catalina island.

Numerous hit recordings under the label, and a co-starring role with Fred Astaire and Burns and Allen in the motion picture, "Damsel in Distress," have contributed substantially to the prestige and popularity of this orchestra.

To his success as a leader, Noble adds considerable fame as a composer and lyricist. Such famous tunes as "Cherokee," "Love Is the Sweetest Thing," "Goodnight Sweetheart," "The Very Thought of You," "The Touch of Your Lips," "By the Fireside," and "Comanche War Dance," all flow from the pen of the versatile Noble.

Featured with Noble and his orchestra during their engagement at Broadway hall will be Sonny Lamson, romantic balladeer, and Lynn, Lee and Lou, a charming vocal trio.

1919 in protest against the killing of Indians by British troops at Amritsar.

Despite his interest in social reforms, Tagore managed to keep clear of Indian politics after a few tentative excursions into that field.

He tried unsuccessfully on many occasions, however, to bring about Hindu-Muslim unity.

The Japanese invasion of China stirred him deeply and in October, 1937, he broadcast a message condemning Japan.

Late in life he took up painting, and an exhibition of his works—many of which were highly fantastic—was held in London in 1938.

His gifts as a writer of English made him one of the most successful ambassadors of friendship with England. Last August Oxford university conferred upon him the degree of doctor of literature.

DEATH CLAIMS FRANK ANKENY, HERE 40 YEARS

Frank Ankeny, 64, for more than 40 years a resident of Klamath county, died Wednesday in the Veterans hospital, Portland, following a lingering illness. Mr. Ankeny, son of the late Henry Ankeny who founded the old Ankeny ranch holding near Klamath Falls, will be buried Saturday afternoon in the family plot, Linkville cemetery. Arrangements are being made by Ward's.

For many years Mr. Ankeny operated the family ranch and for the past 10 years has been affiliated with the Klamath Lumber and Box company. He has made his home with his sister, the late Mrs. Nannie Cantrill of Shippington, who died May 27. Mrs. Ankeny preceded her husband in death several years ago.

Mr. Ankeny, son of Henry E. and Cordelia L. Ankeny, was born on a farm in Marion county between Salem and Jefferson, his parents having come by wagon train to the Willamette valley in 1849. The family moved to Eugene and also had interests in the old Sterling mine in Jackson county. In 1899 the Ankeny family moved to Klamath county and purchased more than 2000 acres of land near where now stands the county infirmary. Some of this land remains in the Ankeny estate.

Three sisters survive Mr. Ankeny, Mrs. Cora B. Crump and Gladys Ankeny of Eugene, and Mrs. Dolly Miller of Medford, as well as the children of Mrs. Cantrill.

Mr. Ankeny served overseas with the American Expeditionary force, joining up from Klamath county.
