

ENVOY TAKES JAP MESSAGE TO PRESIDENT

(Continued from Page One)

conference that there might be another or several more meetings between the president and the ambassador in an effort to reach a peaceful solution of questions between the two nations in what he described as a more intimate and personal manner.

Asked whether he thought the message would ease the situation in the far east, the secretary replied that it dealt with a general exchange of views relating to affairs pending between the two governments.

Nomura's call followed by one day a conference in Tokyo between Nomura and the president, in view of this, whether Japan had suddenly adopted a change of attitude.

The ambassador sidestepped all questions as to whether his visit resulted in any improvement in Japanese-American relations or whether he was "optimistic" as to the future.

"Does this meeting bridge the gap between the two countries?" he was asked.

Slipping a reporter on the shoulder, Nomura replied with a smile: "Ask the secretary."

TOKYO, Aug. 28 (AP)—The possibility that Japan will stake her whole far eastern prestige on the issue of United States tankers carrying gasoline and oil to Russia's Vladivostok was reflected today in the important newspaper Nichi Nichi.

"It is not a mere problem of oil shipments—it is a tremendous problem which means the success or failure of our international diplomacy," the paper asserted.

Japan has made representations to both the United States and Russia against these shipments, contending their passage close to Japanese territory is causing disquiet and anxiety in Japan.

(Both countries have turned down the protests, Russia warning Japan that any interference will be construed as an unfriendly act).

munist" French legion might possibly turn out to be a fifth column in their midst.

So they're making arrests among the legion membership and threatening more shootings. Hitler is learning that fifth-columning is a game two can play at.

COLETTE frankly admits he's a de Gaulist and says he's glad he shot Laval and his partner in collaboration (with Hitler). His willingness to die shows the depth of the hatreds that are smoldering in France.

ON the home front, a special senate committee headed by Downey of California recommends extension of social security to provide a minimum monthly pension of \$30 to all unemployed persons over 60.

The recommended extension would cost four billion dollars annually.

The majority report of the committee says it would "support consumer purchasing power" if and when the war ends and expenditures for defense cease.

DOWNNEY says: "Economists have told me distribution of four billion dollars annually would result in INCREASED FEDERAL REVENUES of 400 million dollars annually."

If you want to give his scheme a trial, try putting out \$10 to get \$1 back and see how long it takes you to go broke.

able to get at the French leaders favoring strong collaboration with Germany.

Trial Set Today's arrests were made in Paris and Versailles while both Laval and Marcel Deat lay seriously ill in hospitals with grave bullet wounds in their bodies.

Colette, a ship staker and acknowledged De Gaulist, was rushed toward trial before one of the special anti-communist courts just set up by the French. Informed circles said the opening of the trial was "a matter of hours."

These said also that it was evident that Colette had been pushed into the attack "by communist-De Gaulist (Free French) elements."

VERSAILLES, Occupied France, Aug. 28 (AP)—One of the bullets which struck Pierre Laval lodged only one-tenth of an inch below his heart, it was disclosed tonight.

Yet Laval's condition was pronounced generally satisfactory this afternoon following a delicate operation for removal of the bullet.

A bulletin issued in mid-afternoon by Dr. Barraguet said: "M. Laval stood the operation well. His condition is generally satisfactory. Temperature 37.3 (99.0 fahrenheit); pulse 100. Visits absolutely forbidden."

It was disclosed that Laval never lost consciousness. Marcel Deat underwent an intestinal operation and also was declared to have "stood the operation well." Visitors also were forbidden to see him.

Local Girl Killed in Auto Crash

(Continued from Page One)

the two young girls were thrown from the machine. It is thought that Shirley struck a rock which caused instant death.

Shirley Ruth Clarke was born in Phoenix, Ariz., and made her home here with her parents since November of last year. She is survived by her father and mother, two sisters, Mary Lou Clarke and Beverley Ann Hazen, 18-months-old, who was at home at the time of the fatal accident. It is understood Shirley Ruth was a member of the eighth grade graduating class of Altamont school and was to enter high school this fall. Remains are at the Earl Whitlock Funeral home.

Hazen is employed as chef at the Busy Bee restaurant.

Big Planes Set Record on Hawaii Flight

HONOLULU, Aug. 28 (UP)—Three 24-passenger land planes set a new record for the San Francisco-Honolulu run for commercial ships Wednesday when they arrived in Honolulu at approximately 4:40 p. m. (7:10 p. m. PST).

The planes flew the 2091 nautical miles in about 13 hours 55 minutes, he old mark was 14 hours 58 minutes, held by Pan American Airways Clippers.

The ships, Douglas DC-3's, left Oakland at 5:15 a. m. today destined for delivery to Inter-Island Airways, a subsidiary of the Matson Steamship Lines, for service in the Hawaii area.

Each ship carried extra tanks of gasoline in the cabin to increase the fuel load from 820 gallons to 1650 gallons. The planes normally cruise at 180 miles per hour and carry 21 passengers in addition to a stewardess and flight crew.

DAMAGE CLAIMED ROME, Aug. 28 (AP)—Italian torpedo planes have damaged a light cruiser and a 12,000 ton auxiliary cruiser of the British fleet in the Mediterranean, the Italian high command reported today.

BERLIN, Aug. 28 (AP)—Some German troops are within 32 miles of Leningrad, a German spokesman said late today.

German forces are moving toward that second largest city from the west, south and southwest, he said, while Finnish troops are "continually gaining ground" across the Karelian isthmus from the north. The nearest location to Leningrad was not disclosed.

The Finnish encirclement of Viipuri, only large town on the isthmus north of Leningrad, has contributed to a "difficult situation" for the imperiled Russian city, he added.

This statement came as DNB, German official news agency, said that on the southern front masses of Russian infantry attempted to cross back to the west bank of the lower Dnieper river and were chopped down by German artillery on shore.

MOSCOW, Aug. 28 (AP)—The Russians said tonight that two successive German defense lines had been broken in a counter-attack on the central front which has continued for six days.

The offensive by troops under General Konev was in the Gornel area.

The southwestern command of Marshal Semeon Budyenny issued an appeal to besieged Leningrad forces at Odessa to defend that Black sea port "to the last drop of blood."

Other dispatches reported fighting continued on all major sectors of the front.

HELSINKI, Finland, Aug. 28 (AP)—The strategic Saimaa canal which approaches almost to the outskirts of Viipuri, most important city obtained by Russia in the 1939-40 winter war, has been restored to Finnish hands, a Finnish army correspondent reported tonight.

The story said a Finnish wedge had been driven down the canal northeast of Viipuri until it reached Justitia, where the lowest locks are situated.

AMERICAS TO USE ALL SEIZED SHIPS

(Continued from Page One)

countries whose vessels are affected.

It said the action was taken "to promote the defense of the economies of the American republics as well as the peace and security of the continent."

The United States government, through the maritime commission, will operate the ships now held in countries which do not have "appropriate organization" to man the vessels.

NEW HOURS SET FOR LIQUOR STORE

New hours will be in force at the state liquor store beginning September 1, it was announced by Manager Les Wright Thursday.

The store will be open from 10 a. m. to 11 p. m. every business day. Previously, it was open from 8 a. m. to 9 p. m. week-days and from 8 a. m. to 11 p. m. Saturdays.

Fire Situation Discussed at Suburban Meet

(Continued from Page One)

to explain fire rates and steps they should take to organize a fire zone. White will probably be here the latter part of September or a representative of the fire marshal's office will be sent.

The fire chief was also asked to inspect the suburban schools including Altamont elementary, Altamont Junior high, Shasta and Summers schools. This will be done before the opening of the school year, Ambrose stated.

Program Presented All residents of the area are urged to attend the league meetings, the next scheduled for September 10, whether or not they hold memberships. They may obtain memberships if they wish to do so.

The following program was presented by McCown studio following the business meeting: "Viking Schottische," by Shirley Francis; accordion number, Irma Beasley; military tap dance, Shirley Francis; acrobatic numbers by group, and acrobatic stunt by Miss Francis. Those taking part included Eloise Woyak, Helen Hasey, Beverly Perry, Betty Burpee, Shirley Francis and Irma Beasley.

Patricia Johnson played a violin number accompanied at the piano by Velma Hall; Mrs. E. A. Frederickson and Mrs. Larson, piano duet; accordion solo, Mary Marietta; solos, "I Love Life" and "Without a Song"; Dr. McCown presented a dance, accompanied by Emil Buzaid; piano numbers, Emil Buzaid.

Refreshments were served later by the league auxiliary.

TRAFFIC OFFENDERS HAILED INTO COURT

Traffic violators were haled into police court's regular Wednesday afternoon session and the following fines levied: Joseph A. Hamilton, 2735 Homedale road, violation basic rule, fined \$5. On the no operator's license and void license plates charges, the case was continued until next week.

Paul Lesmeister, 3320 Summers lane, no operator's license, fined \$5. Lesmeister was arrested after he had failed to pass the examination given him by the licensing examiner.

Enos Ivan Herksman, Chiloquin, violation basic rule, fined \$10; passing without sufficient clearance, fined \$5.

Charles Fisk, 223 North Sixth street, charged passing without sufficient clearance, fined \$2.50.

Willard Rhodes, Chiloquin, no operator's license, fined \$5.

Chester Rouse, 2057 Applegate avenue, no operator's license, case postponed to August 30 at 10 a. m.

It's getting so bad that every time I hear or see an airplane I think it's going to drop a bomb. —"Cotton Ed" Smith, U. S. senator, South Carolina.

Almost 300 lieutenants at Randolph Field, Texas, assigned as instructors to student flyers, average approximately 600 hours of flying time annually.

armed forces of the country to refrain from any resistance so that the causes for bloodshed and disturbance of security shall be removed and public peace and security assured.

After the premier's speech the parliament gave the government a unanimous vote of confidence.

ISTANBUL, Turkey, Aug. 27 (Delayed) (AP)—Well-informed axis quarters today said Adolf Hitler has warned Turkey that he may soon need to use Turkish territorial waters in the Black sea but has assured the Turks that he has no other demands.

This source said the Turkish ambassador to Germany, Husrev Gereide, was asked to transmit this information to his government during an interview with Hitler and German Foreign Minister Von Ribbentrop at the fuhrer's eastern front headquarters.

A Mrs. Mills, Wilson's business partner and housekeeper, saw the accident occur and without hesitation rolled the ton-and-a-half log away from the body. Dr. Adler said it required three or four loggers with cant hooks to move the heavy log during the investigation.

Wilson was contractor for the mill. He is survived by a 16-year old son. The body is at Ward's.

We need reserves (of food) to meet emergencies which can as yet be only dimly foreseen.—President Roosevelt.

Man Killed As Log Falls From Truck

A log which unexpectedly rolled the wrong way from a loaded truck struck Floyd Wilson, 45, of Dorris and crushed his head on the ground, killing him instantly about 4 p. m. yesterday. The accident occurred at the Jarvie and Welch mill, sometimes called the Keno Springs mill, about five miles east of Dairy.

According to Dr. George Adler, coroner, the truck had been driven up to the unloading dock at the mill and Wilson had leaped the binding chain and walked around the truck when a 16-foot log rolled off and crushed his head.

A Mrs. Mills, Wilson's business partner and housekeeper, saw the accident occur and without hesitation rolled the ton-and-a-half log away from the body. Dr. Adler said it required three or four loggers with cant hooks to move the heavy log during the investigation.

Wilson was contractor for the mill. He is survived by a 16-year old son. The body is at Ward's.
