## 'SPECIALTIES' KEEP MARKET ON EVEN KEEL

NEW YORK, Oct. 1 (AP)—Buying of specialties helped to keep today's stock market on fairly even terrain as most of the leaders remained in the background. Steels, motors, aircrafts and rails attracted little attention. Fair support was given an assortment of farm implements, rubbers, chemicals, oils and communications shares. Best gains in these departments ranged from fractions to around 2 points but they were reduced in many instances at the close.

Dealings were at a slow pace, totaling around 350,000 shares. A side-by-side rise in Western Union and Postal Telegraph led to the conclusion in financial offices that prospects for eventual merger of the two wire companies, which has been talked about for years, might have improved because of the national emergency.

Stocks on the improved side most of the day included Goodrich, Goodyear, Woolworth, Case, Deere, Dow Chemical, Phillips Petroleum, Allis-Chalmers, National Biscuit and General Foods. Snider Packing attained a 1941 high.

Lacking rising power were U. S. Steel, Bethlehem, General Motors, Air Reduction, American Can and Phillip Morris.

## PRICE ADVANCE IN GRAIN PIT HALTED

CHICAGO, Oct. 1 (AP)—The recent slow advance of grain prices was halted today by profit taking and hedging sales and a let up in demand. Wheat and corn fell almost a cent, rye more than a cent and soybeans 2 to almost 3 cents at one stage. Later wheat recovered all of the loss due to buying credited to mills and previous short sellers. Wheat closed unchanged to a high compared with yesterday, December \$1.23 1/4, May \$1.27 1/4; corn 1c up to 23c, 4c; December 81 1/2c, May 87 1/2c; oats 1/2c down; rye 1/2c lower and soybeans 1-1/2c down.

## Warspite Seaman Gets Medal for Valor in War

BREMERTON, Oct. 1 (AP)—A Boston-born British seaman aboard the battleship Warspite now in Bremerton navy yard, has been awarded the distinguished service medal for valor, it was announced here yesterday. The seaman, Gunner William Pike, 24, has had three ships go down under him and found it necessary to kill a German sentry in an escape from a prison camp in Greece which led to 17 days of wandering before he rejoined British forces in Crete. Pike told of being aboard the cruiser York at Suva Bay when it was sunk by an Italian suicide boat.

"They're little bits of crafts, each packing 1400 pounds of TNT and operated by a single man," he related. "There were six of them that came after us that day, but only two got through. I've never felt anything like the sensation I had when they hit us. It felt as if we were going straight up and then coming straight down."

He said the ship was beached but a 1000 pound bomb finished her off. The other two craft sunk under him were small craft used in the battle of Crete. Telling of his escape from the prison camp, Pike said he used a plank buried especially for possible use, in dispatching the guard.

"Then I went over the wire. And for six days I lived on mussels that I picked up on the beach." The specific act for which Pike was decorated was not revealed.

The Knights of Columbus scored a 2752 total to beat out their opponents, Lost River dairy, who ended with only 2896 counters in Tuesday's Commercial league bowling meet.

High pointer for any team was William DeLury of the Knights who rolled 629 points for three lines. In this city it's an accomplishment when a man bowls over the 250 mark and even better when it's done in stiff competition. DeLury topped 243 pins, just seven behind the 250 mark.

Sales of small quantities of graded bright three eighths and quarter blood combed fleeces were made at 48-50 cents, in the grease.

## Sports Briefs

NEW YORK, Oct. 1 (The Special News Service)—The take-a-chance department, having batted 429 on weekend football selections and 1,000 on the fight, now unhesitatingly picks the Yankees to win the world series in five games. . . . The way we look at it is this: The Dodgers are better, man-for-man, at a couple of positions, but when you add them all up you get the Yanks for hitting, the Yanks for fielding and the Yanks with a pitching department that isn't very much worse than Brooklyn's, if any. . . . The Bronx Bombers didn't have any 20-game winners like Wyatt and Higbe, but what chance did any of their guys have to win 20 with so many others looking for work? . . . And we don't look for the Bums to bust up any ball games with their slugging the way the Bombers have been doing for years. . . . If you like hunches, Joe Louis wanted to talk about the Yanks instead of the fight in his dressing room right after he kayoed Nova, so off that, you might call it the Yanks in six. . . . Ted Williams was around town, refusing to pick the Dodgers officially because he's an American leaguer but hinting he wouldn't be displeased to see them beat the Yanks, who aren't exactly Ted's best pals. . . . He didn't wait to see the series, but took a plane west to start an exhibition tour. . . . The series rookies, Johnny Sturm and Pee-Wee Reese, won't be strangers when they step out on the field. . . . They went against each other two years in the American association playoffs.

## Title Clash Slated for Reames Club

A new champion will be crowned Sunday at Reames Golf and Country club following a title clash between Carl Woods and Howard Perrin.

Ted Medford and Roy Rakestraw will meet in an 18-hole final match to determine the second flight winner. George Merryman Jr., last week captured first flight honors.

Mrs. Harry Panning and Dr. C. V. Rugh Sunday won a two-ball mixed foursome competition at a net of 27. Mrs. Howard Perrin and Clarence Lee finished second with 28 and the Mrs. Lee-W. O. Smith and Mrs. Rakestraw-Ted Medford duos tied for third at 29.

**Votes for Monkeys?**

A voting machine is easy to operate. Even a monkey can pull a handle. But we wouldn't think of letting a monkey vote. He's simply too stupid, too ignorant, to help govern the country.

Now suppose any citizen lived like a hermit for a few years, cut off from every source of truthful, accurate news.

Suppose all he knew of what was going on in the world consisted of lies and propaganda fed to him only by some self-seeking candidate for office.

He'd still be more INTELLIGENT than a monkey. But would he be much better than a monkey when it came to voting, to being a useful citizen?—Would he be much better EQUIPPED than a monkey, from the point of view of information and judgment, to help govern the country?

Where do you get the information that enables you to vote wisely, to be a useful citizen?—Where do you get the facts that enable you to live your daily life as you want to—the facts from which you make up your mind

about what products to buy, where to buy them, how much to pay for them?

Make no mistake about it. If any self-seeking office seeker ever took your NEWSPAPER away from you; or forced your newspaper to print lies and propaganda, you'd be mighty HELPLESS when it came to voting, doing your share of governing the country, being a useful citizen. And if anything happened so your newspapers couldn't run advertisements, you'd be mighty

IGNORANT about what products to buy, how much to pay for them and the best place to buy them.

But as long as you HAVE your newspaper, as long as it is FREE to give all the news, both sides of every story, NO ONE can force you to "hell"—no phony "dictator" can make a monkey out of you!

More than 320 newspapers are carrying this message today to more than 10 million American homes. Newspaper Publishers Committee, 420 Lexington Ave., New York.
