

HULL CHARGES HITLER SEEKS RULE OF SEAS

(Continued from Page One)

Japanese warplanes bombed and machine gunned the U. S. gun boat Panay on the Yangtze river in China that a unit of the navy had losses due to belligerent action. The toll in the Panay bombing in December 1937, was 2 dead and 43 injured.

No Details

The navy's announcement last night was almost as meagre as the original communique on the torpedoing. It volunteered no details on why the 11 men were considered "missing," or on the nature of the injuries of the other 10. The only amplification was that one man was critically injured, one seriously injured, and eight had minor injuries.

The character of the encounter between the Kearny and the submarine, however, led informed quarters here to write off the missing as dead. It was their belief that the men either had been blown out of the ship when the torpedo exploded, or else that they were trapped where watertight bulkheads were closed after the ship had been hit.

One possibility suggested by men familiar with the destroyer's construction was that some of the missing men might have been trapped in a flooded engine room compartment, with a bare chance for survival.

These compartments may be entered only from the top deck. In event of emergency, such as a torpedo explosion, damaged compartments are quickly sealed by machinery from the rest of the ship.

Men might keep their heads above water, under favorable circumstances, were the compartment not completely flooded. Although efforts presumably would be made to open a flooded compartment as soon as practicable, a delay was seen as possible.

Awaiting more complete details, officials refused to comment but naval opinion inclined to the belief that the missing men were swept overboard.

The navy offered no explanation why more than two days had elapsed between the announcement of the torpedoing and the disclosure of casualties.

4,000,000 "LOCUSTS"

LONDON, Oct. 20 (AP)—Pravda declared today that German losses on the eastern front now are approaching 4,000,000 killed and wounded, but "still these accursed locusts come on," according to a Moscow radio broadcast.

NAZIS REPORT NEW STAND IN DONETS REGION

fighting continued on the entire front, particularly fiercely in the direction of Mozhaik and Maloyarslavets.

"Our unit operating in one sector of the Kalinin direction destroyed this one day, Oct. 18, 17 German tanks, 30 trucks and ammunition and 15 trucks with fascist infantry. On another sector of the Kalinin direction Oct. 18, our troops destroyed about 300 German trucks, including over 200 trucks with infantry and about 100 with fuel and ammunition.

"In one sector of the Bryansk direction of the front Oct. 18, our troops destroyed over 100 enemy trucks with infantry, smashed the headquarters of a cavalry regiment and captured a large quantity of ammunition. In a fierce encounter with the fascists one of our units destroyed and captured over 70 guns of various calibers."

BERLIN, Oct. 20 (AP)—Battered units of the fighting forces of Russian Marshals Timoshenko and Budyenny, bolstered with fresh reinforcements from the east, are expected to make a stand in the Donets valley in a desperate effort to stem the German advance into that center of Russian war industry, a military spokesman said tonight.

The high command said German armies, with their Italian, Hungarian and Slovak allies, were pressing toward the Donets basin with renewed force and stood within 30 miles of Rostov, gateway to the oil-rich Caucasus.

The spokesman said a vast new encirclement already had been started by the Germans to meet a new Donets stand.

Germany has now won the eastern campaign economically as well as militarily, this spokesman said. Sixty per cent of Russian iron and steel production is in German hands, he said, and 75 per cent of the aluminum and 35 per cent of all phosphates.

With Leningrad cut off from the rest of Russia, the optical industry there is also denied the soviet union, along with the Leningrad aviation and naval building industries, he asserted.

The companion, Lucy Wells, said she was unaware how the accident happened but when she saw Jane disappear under the water she gave the alarm. The other girls dragged the body out of the water and called an ambulance. It was believed the girl suffered a fractured skull.

Zealand was reported today in Canberra.

Australian Prime Minister John Curtin said the degree of cooperation between the participants would be substantial, and at the same time reiterated a warning that possible extension of the war in the Far East constitutes a serious menace.

Parleys Continue

Curtin declared, however, there had been no change in the situation in the Pacific and said he understood that discussions between Japan and the United States looking toward a settlement of their differences would be continued.

The prime minister disclosed he had conferred yesterday with Air Marshal Sir Robert Brooke-Popham, commander-in-chief in the Far East.

He also said he had talked by telephone with Richard Casey, Australian minister to Washington, and Sir Earle Page, special minister to London, now en route to Britain.

Curtin said Australia's defensive supply arrangements were stronger than ever before.

LONDON, Oct. 20 (AP)—The Greek government in exile said today 15,000 Greeks had died in "a series of brutal massacres" by Bulgars in the Kavalla district and province of Drama, Greece.

The government said it had received the information in a cable "from official sources."

The Greeks, although virtually unarmed, killed 330 Bulgars and seven Germans, the cable dated Sunday said.

The Kavalla district and Drama province are in that part of Macedonia occupied by Bulgaria after the axis invasion of Greece.

(A Greek uprising in the Drama region was reported recently to have been crushed).

1200 OUT OF WORK IN STRIKE AT WEED

(Continued from Page One)

lective bargaining contract was announced as the reason. Negotiations toward an agreement have been under way since the AFL was certified as bargaining agent for employees by the national labor relations board on July 31 of this year.

According to the union, employees are seeking a 75-cent minimum wage and a week's vacation each year with pay, both retroactive to May 1, and a union shop clause.

Wage Proposal

The company, according to a firm spokesman, feels that its wage proposal put forth in negotiations is fair and equitable. The spokesman said the company has not agreed to a vacation with pay for this year but would consider the issue for 1942. The retroactive condition, he said, is contrary to a tentatively settled section of the proposed contract which calls for a July 31 retroactive date.

Long-Bell, he said, is not in accord with the principle of the proposed union shop clause.

The negotiations, which began in early August, by October had not progressed, the union said, far enough to warrant optimism of eventual settlement. For this reason, unionists declared, the local called in Federal Conciliator Andrew J. Gallagher from San Francisco, who held several meetings with company officials and a negotiating committee.

No agreement could be found, the local stated, so the strike action was taken.

Leaves Hospital—Mrs. Ben Angus has returned to her home in Modoc Point after submitting to major surgery at Klamath Valley hospital.

Heavy Docket Faces Police Judge Monday

Police court held at 10 o'clock Monday morning looked like something other than a normal weekend's roundup with 19 drunks, nine vags, one disorderly conduct and one drunk and disorderly case, one charged with possession and nine traffic offenders rounded up before Police Judge Leigh Ackerman.

In addition to this number, four drunks and one person charged with disorderly conduct bailed out over the weekend.

Weldon Sanderson posted \$25 bail following his arrest on a charge of violation of the Green River, or peddler's, ordinance.

Seeking Man — Police Judge Leigh Ackerman has been asked to locate H. Stanley Cogan by his mother, Mrs. Belle Cogan, 1325 Reedley street, Van Nuys, Calif. The man, described as 48 years of age, with a long scar on the left side of his neck and a slight limp on the left leg, has not been heard from for 13 years, his family stated. In the meantime his father has died. Anyone knowing of Cogan's whereabouts here or in Weed, Calif., is asked to contact the man's mother.

Postponed—The Altamonte grand card party, scheduled for Wednesday night of this week, has been postponed until Thursday night, it was announced. It will be held at The Fountain on South Sixth street.

Returns — Mrs. Richard Post has resumed her position in the police judge's office following a week's vacation. Mr. and Mrs. Post enjoyed a stay of several days in Portland.
