

OSSES WILL GIVE EXAMS SATURDAY

Examinations will be held Saturday, December 6, for positions as stenographers and typists with the Oregon state employment compensation commission, it was announced Thursday by the Oregon State Employment service.

Applications were taken for the exams up until November 10. The exams will be given at the OSSE office at 242 Main street.

Results Reported In Bubonic Plague Prevention Drive

SACRAMENTO, Calif., Nov. 14 (AP)—Efforts to prevent the spread of an outbreak of bubonic plague in Siskiyou county have brought "excellent results" but the hunt for possible carriers will be continued indefinitely, Dr. Bertram Brown state director of public health, informed Governor Olson Thursday.

Dr. Brown said surveys, undertaken following the disclosure of two cases of bubonic plague near Montague and Mt. Shasta City, had covered an area of about 50 miles and some 300,

000 acres. Investigators have collected 3128 animals, mostly squirrels, and 42,891 fleas.

The director declared, however, "there can be no relaxation of effort until the situation has been brought under control."

IT WORKED

FAIRBURY, Neb., (AP)—Art Bitter Jr., takes more interest in his high school chemistry now.

He filled a toy balloon with hydrogen, using a formula used in class, and attached his name. He released the balloon Oct. 18 and Mrs. John Wicks at Miami, Fla.—about 1400 miles away—recovered it nine days later.

Piece of Mother's Bone Used to Mend Child's Broken Leg

SPOKANE, Nov. 14 (AP)—Because Mrs. Thelma Mrochuck, 27-year-old Roseland, B. C., mother decided she could get along without part of the bone of one leg, her five-year-old son, Edward, is recovering from a badly fractured leg.

When a fracture of the large bone in the child's lower leg failed to knit recently, he was brought to Shriners' hospital for boys, taking a piece of bone from his mother's leg made a living splint around the break, fasten-

ing it in place with titanium screws.

"It wasn't anything special for me to do. It had to be done and I was glad I could do it," the mother said from her wheel chair today. The father, Frank Mrochuck and three other little Mrochuck's are in Roseland.

The operation, surgeons said, although not sensational is comparatively rarely performed and had never been done here before.

WPA Defense Jobs To Be Speeded

PORTLAND, Nov. 14 (AP)—E. J. Griffith, state WPA adminis-

trator, said Thursday that construction of national defense projects in Oregon would be speeded up with a half-million dollar supplemental allotment.

Allocations, in addition to funds already on hand, were made to the following projects: Redmond airport \$318,000; North Bend airport \$52,736; construction of access road to

Tongue Point naval air station \$72,000; Ontario airport \$37,000; state-wide mosquito control \$18,094.

Foreign countries have had their fill of Germany's underhanded dealings. We're getting ours of their underwater work.
