

Hoople's Hot Ones

By MAJ. AMOS B. HOOPLE The One Time "Coffee Kid" Or Big Ground Gainer

There is one consolation in my writing this time, harrumph; it shows that this is not the last time I will inhabit this page and then I will disappear into the comics for another year.

My older comrades have started calling me the prognosticator of youth and it won't be long until my name will go down in history (that's if this gun and a few, ummm, other devices work).

Last week I ended the day with only five losses out of a possible 32. My little Wisconsin team failed to down Minnesota. I'm still wondering how that happened after I checked, re-checked, looked it up in the zodiac annual, saw the way the ducks were flying, and I even wrote a letter to the Minnesota coach to be a pal. I, my little self, predicted the Oregon Web-foot to down the Washington squad by three points. It came true. Gad, why don't I join the Quiz kids?

This week I have a few more upsets that will shake the earth. The little USC boys are going to put another notch on their goal post when they score that upset over Washington. Fap, a few more such as Texas Christian over Southern Methodist, Texas over Texas A. and M., and if these come true I can do away with these circles under my eyes. That reminds me...

at when you look over a ring counter you have circles under your eyes. Wow, what a joke now that football season is over, I'll take my place among the better gag writers of America.

Harr-rumph, a friend and I decided to look into this bowl situation that comes about each year. We found that there are millions of bowls scattered here, there, and everywhere. (The following data is true, we think). Now there is the Rose bowl of Pasadena, the Poi bowl of Honolulu, the Orange bowl of Miami, the Cotton bowl of Texas, the Sugar bowl of New Orleans, the Snow bowl of Alaska, the Prune bowl somewhere, and in Havana there is a bowl game they call the Cuban or Banana bowl. Each Monday I bowl for health. I need it.

Humm, we'll top off this session of upset setups by relating this famous grid story: get ball; he gets ball; they get ball; touchdown.

On with these few upsets before I start thinking it won't be long until I'll be leaving you, your family, and the dog, Harr-rumph.

Scores: Stanford 13, California 7, OSC 20, Oregon 19, USC 13, Washington 6, Texas 19, Texas A. and M. 7, TCU 14, SMU 10, Baylor 10, Rice 6.

Vanderbilt 26, Tenn. 13, Penn State 13, S. Carolina 0, Mississippi 13, Miss. State 12, Georgia 20, Ga. Tech. 7, Nebraska 7, Oklahoma 0, Mich. State 19, West Va. 13, Marquette 16, Iowa State 13, Pitt 26, Carnegie Tech. 6, Fordham 32, NYU 0, Navy 19, Army 6, Boston C. 14, Holy Cross 13, Niagara will fall.

Heigh ho and a whoopee—we're at it again.

That's an echo from Junior who is very glad to be on deck again. Even a week away from the maple ways gives him that lonesome feeling.

Marty McCollum celebrated by blasting 215 pins from their moorings for high single game. Leda Gardner was a little rough on the timber rolling in 161-156-176-493 for high series.

The Swan Confectionery ran up a 2407 for high team series. Averages and team standings have changed a bit and perhaps Junior will have pep enough to have all the dope by next Tuesday.

Schmidt Has Definition for Round-Robin

MOSCOW, Idaho Nov. 28 (AP)—The University of Idaho will be a full time member of the Pacific Coast conference next season and the round-robin schedule, says Coach Francis Schmidt, "Isn't hard to figure out."

"As I see it," said Schmidt in a talk before the chamber of commerce yesterday, "we go around and they do the robbing."

By "they," Schmidt said, he meant conference teams which would remain at home while Idaho traveled.

"We might have to just practice on Sunday, Monday and Tuesday, because we'll be traveling about every week," he added.

The coach said he had high hopes for his team next year unless "the army catches too many of my seasoned men."

Henley Quint Trips Sprague Five, 21-16

SPRAGUE RIVER — Henley high school cagers handed the Sprague River Warriors their first defeat of the season in a nip and tuck battle that was decided late in the game in favor of Henley, 21 to 16, in a game played at Sprague River Wednesday night, November 26.

Sprague River opened the scoring when Claud Parrish, Sprague River's captain, sank a one-hand push shot from the foul line. A few minutes later Parrish sank another similar shot and put his team in the lead. From then on the lanky Hornets stayed slightly ahead of the reservation boys and led at the half 14 to 12.

In the second half Henley came back strong and gained a six-point lead, which the "Warriors" were unable to pare down. Wilfred Barkley, Sprague's

dependable forward, led all scorers with 9 points. He was followed by Henley's Bemser with 7.

BARKLEY, Calif., Nov. 28 (AP)—Sophomore Billy, brother to veteran Tackle Bob Reinhard, appeared today to be invested with a large measure of California's hopes for "big game" victory over Stanford.

The younger Reinhard, a left halfback, can run faster than any of his fellow Bears, is a skilled passer and has performed brilliantly on regular occasions through the season.

In the past two days, said Coach Stub Allison, the sophomore ball carrier has progressed remarkably and now stands No. 2 in the left halfback lists. Senior Al Derian is nominated to start the game, but Allison indicated that Reinhard would be thrown into action at the climatic moments.

FOUND IN RUINS BANDON, Nov. 28 (AP)—The body of Edward J. Bement, 74, rancher living near the Coos-Curry county line, was found in the burned ruins of his home, state police reported yesterday.

Sports Briefs

NEW YORK, Nov. 28 — (The Special News Service) — Tony Zale, who fights George Abrams for the middleweight title tonight, once substituted for Joe Louis. When Joe was an amateur lighthavy he had to pull out of a match and Tony moved up a class to take a licking from Melio Bettina. . . . Bobby Riggs used to be so nervous before a big tennis match, but when he was surrounded by interviewers Wednesday, Bobby spent his time lighting matches and letting them burn until his fingers were scorched. . . . The Cincy Reds issued a special "December meeting edition" of their player roster. Looks like a case of "there's what we've got. What do you offer?" . . . Steve Owen complains that there's been a shortage of good college ends this season. . . . Marriage, the boss that Trainer Hirsch Jacobs revived last summer to win eight straight races before losing him on a claim, picked up a \$15,000 stake for his new owner, R. A. Coward, in his first start in California last week.

LOS ANGELES, Nov. 28 (AP) — More than 40,000 fans are expected tomorrow to watch the Washington Huskies, playing their final football game of the 1941 schedule, battle the University of Southern California.

Washington, at top strength, remained a close favorite over the Trojans, but a close encounter—typical of the series—was freely predicted.

Light workouts were planned by both squads today. The Huskies staged an impressive and long drill yesterday, further enhancing their role of favorite.

PALO ALTO, Calif., Nov. 28 (AP) — Stanford settled today on a starting backfield lineup 75 per cent first string, and the betting odds on an Indian victory in tomorrow's big game against California still stood 2 1/2 to 1.

The final strenuous workout found Frankie Albert, Pete Kmetovic, Eric Armstrong and Bob Crane in the ball-carrying department. Coach Clark D. Shaughnessy indicated that is the way they will take the field in the test that means everything to Stanford's Rose bowl hopes.

Of the four, only Crane, at fullback, is not a regular. He replaces Milt Vuclnich, who is so disabled by injuries that he has not even taken part in practice.

INSULIN SOBERS UP INTOXICATED

NEW YORK, Nov. 28 (UP)—Sobering up a drunk—not you, but a guy who would normally take three days to get out of the alcoholic ward—has been speeded up by the use of insulin to the point where he may be walking out of the hospital five hours after admission, doctors were told today.

The research council on problems of alcohol heard Dr. Harold E. Himwich of Albany Medical College describe the new sobering technique.

The body ordinarily gets rid of excess alcohol by breathing, sweating or otherwise excreting it, but the principal discharge is by combustion, or oxidation.

The rate of oxidation of alcohol had been believed constant until a few years ago it was found that injections of glucose doubled the rate. Now insulin has been added to the glucose and the rate has been trebled, Dr. Himwich reported. Even this may be exceeded by experiments going forward on animals in which alkali has been added to the glucose-insulin combination, he said.
