December 8 to 18 have been set as opening and closing dates for a Klamath campaign in behalf of United States relief.

Representatives of various organizations met Thursday afternoon at the Willard hotel with Dr. Victor Phillips, Klamath county chairman, and Dr. Erna Gordon, state representative.

Among those present were Ida M. Odell of the Soroptimists and Daughters of the American Revolution; Frances Dennis of the American Association of University Women; Mrs. John McFee of the AAUW; Nedra Hunt of Business and Professional Women's club; R. D. Eller of the Rotary; Rev. Eugene V. Haynes, Ministerial association; Hans Norland, Lions club; John Ebinger, Kiwanis club; A. L. Gralapp, superintendent of Klamath Falls high school.

Another meeting will be held at the office of John B. Ebinger in the US bank building, December 3 at 7:30 p. m., to make further plans. Anyone interested in this cause was urged to attend.

"China Shall Have Our Help," is the slogan for the United China Relief, Inc., an organization which is coordinating the fund raising appeal of eight major China Relief agencies in this country to provide large scale civilian relief among the Chinese.

"This is a united expression of American sympathy and good will to those brave men and women of Asia whose struggle gives expression to the democratic ideals they share with us," said Dr. Gordon. "Donations, large and small will testify to the active sympathy of this country for China's heroic fight for freedom. Now, because of the re-

TUNNEL FLOOR MATS ARRIVE

Copper mats for use in the floor of the Tutelake sump tunnel pumphouse, have arrived and are now being installed, according to the US bureau of reclamation. Jack Gardner, Klamath Falls, holds the pump house contract.

Concrete work on the tunnel was completed November 15, and at the present time the contracting firm, J. A. Terteling and sons, are "mopping up," in preparation to turning the job over to the government.

It is hoped to have the pumphouse completed by April 1, and put the tunnel in use immediately after that date. Materials, which have been held up by government priority, are now arriving satisfactorily, officials said, and it is hoped that the pumps will be available on the set date.

Danes Riot in Protest Over Anti-Red Pact

STOCKHOLM, Sweden, Nov. 28 (AP)—Riots in Copenhagen in protest against Denmark's adherence to the anti-comintern pact, with police firing on demonstrators some 40 persons on another, were reported today by Dagens Nyheter, Stockholm newspaper.

Demonstrating Danes denounced Foreign Minister Eric Scavenius, shouting: "Down with Scavenius; down with the traitor," the newspaper said.

The initial demonstration, Dagens Nyheter said, occurred at 2 p. m. Tuesday, the day the anti-comintern pact was extended for another five years and broadened to include 13 signatories in Berlin ceremonies. Hundreds of students met before the royal castle of Amalienborg then, it said, and heard an address by a young theologian.

The police arrested the speaker and the students dispersed after singing the king's song, only to form again and stage mass demonstrations before the offices of the Nazi paper Faedrelandet and before the foreign office and riksdag (parliament).

Police endeavored to break up the gathering, Dagens Nyheter said, but failed and the demonstrators marched through the city until they reached the great Raadhuspladsen Square.

There, it was reported, the police wielded their batons to break up the gathering and arrested about 40 persons.

Nevertheless, Dagens Nyheter said, new demonstrations were organized later in the evening and police fired on one occasion. There was no report as to whether anyone was injured. Windows in many Nazi localities were smashed.

The class meets each Tuesday at 7:30 p. m. Carol Brooks, Arthur Millard and Marie Dixon have been re-authorized first aid instructors for the local chapter, American Red Cross.

December is the most dangerous month, the Red Cross warns motorists and holiday shoppers. The Red Cross emphasizes that the pedestrian invariably comes out second best in an encounter with an automobile and the man on foot should be willing to go more than half way in avoiding such an encounter—though he may be legally entitled to right-of-way. Drive with caution.

Relief from the American Red Cross continues in a steady stream to the civilian and war-wounded people of China, through the ports of Hong Kong, Shanghai and Rangoon.

CONTEST WINNERS PICK GOOD BOOKS

The winners of the county library book and poster contest have shown good judgment in their choice of book prizes. LeRoy Welch, fifth grader at Bonanza, who made a winning book mark, chose "The White Panther" by Waldeck. This is a Junior Literary Guild book, an unusual and sensitively written animal story, full of suspense against a colorful jungle background and by an author intimately acquainted with jungle animal life. It is illustrated by Kurt Wiese. Idella Hauptman, Gilchrist junior high student who made the winning poster, chose Hugo's "Les Miserables," a classic of the French convict, Jean Valjean, well loved by old and young readers.

The winner of the class A bookmark contest, Ernest Young, fourth grade student at Sumners school, chose "The Black Stallion" by Walter Farley, another Junior Literary Guild book chosen as an outstanding publication by a committee comprised of Mrs. F. D. Roosevelt and others; the book gives an exciting tale of a thoroughbred Arabian horse.

Germans Declare British Warship Malaya Torpedoed

NEW YORK, Nov. 28 (AP)—The British battleship which the German high command said yesterday had been damaged by a torpedo off North Africa was identified by the German radio as the Malaya in a broadcast heard here yesterday by NBC.

A special German communique yesterday said only that a German submarine had struck a British battleship "with a heavy torpedo" off Salum.

This was the second time within two weeks that the Germans have reported hitting the Malaya.

The Nazi high command announced Nov. 15 that the 31,000-ton British battleship had been damaged "so severely she had to be towed into the harbor of Gibraltar."

That damage was credited also to U-boats, part of the same German undersea forces which sank the British aircraft carrier Ark Royal in the Mediterranean.

ANNUAL POPEYE TOY MATINEE SATURDAY

Any kind of a toy—new or old—will be the price of admission at the Pelican theatre Popeye club by matinee for kiddies to be held at 10 a. m. Saturday.

This is an annual event at the big Eighth street playhouse, and it always nets a truckload or two of toys for the firemen's Christmas toy enterprise.

If the toys need repair, the firemen do the work. If they are ready for use, they are kept with other playthings to be distributed to children of the city whose Christmas would otherwise be a pretty barren affair.

The theatre management suggested that the children bring as many toys as they can, but one toy will serve as a ticket of admission.
