

# JAP BOMBERS START FIRES IN MANILA

By RUSSELL BRINES  
MANILA, Dec. 11 (AP)—Japanese four-motored bombers smashed at military objectives and shipping moored in the harbor Wednesday in a prolonged assault on the Manila area that started huge fires at Cavite naval base and sent columns of smoke spiraling up from Nichols air depot.

American interceptor planes and Japanese dive-bombers fought a brisk battle over Nichols field and one plane was believed to have been hit.

I watched the entire attack from a beach house 1 1/2 miles from Nichols. Hundreds of other persons along the beachfront huddled against fences and beneath trees during the four separate afternoon attacks.

From where I stood, nine miles directly across the bay from Cavite, flames roaring high in the air could be seen at the end of the raid. Smoke also rose from a smaller fire at Cavite an hour after the assault. Another Cavite fire apparently was extinguished. Black smoke hovered over Nichols field.

**Hornet's Nest**  
After first circling the city in two formations of 27 planes each the Japanese returned seaward, then split up for the assaults. High in the clouds above the bay at least six dive-bombers peeled off from the main units and roared swiftly toward Nichols. The bomb blasts shook my house.

The attack stirred alive a gigantic hornet's nest as American interceptors which had droned over the air base throughout the morning went into action. After their swoop onto the field the bombers climbed high and split up. Individual dog-fights developed, with the Americans trying to get onto the tail of the Japanese planes.

The fighting could be seen through scattered clouds directly over my head. Anti-aircraft guns cracked throughout the city and the machine-guns of the combatant planes rattled incessantly.

The fight lasted at least 15 minutes. One plane emitted a light stream of smoke from its motors and disappeared inland. Some witnesses reported that it had glided toward McKinley field, after which a high burst of smoke was seen. Another plane slanted seaward beyond Cavite, straightened near the water, then disappeared over the horizon. The fight ended when the fast bombers climbed high and headed seaward with the Americans following.

**Heavy Gunfire**  
Meanwhile, smoke began spiraling up from Nichols field. This attack started about 12:40 and ended at 1 p. m.

Heavy gunfire ceased momentarily then burst out again at planes hidden in the clouds off Cavite. As a second wave of bombers came on the smoke rings of anti-aircraft shells puffed out far below them.

The planes dropped 40 bombs at columns of merchant vessels, sending up high waterspouts.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**  
Of Tired Kidneys  
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 quarts a day.  
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging headaches, rheumatic pains, leg pains, loss of sleep and energy, getting up at night, swelling, millions under the eyes, breathless and dizzy spells. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give a happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

## Highway Blackout Order

### Official Regulations for Control of Vehicular Traffic During Precautionary Blackouts

Highway traffic within city limits will be restricted to emergency vehicles such as fire, police and ambulance; commercial vehicles engaged in essential service such as milk trucks, newspaper delivery trucks, mail trucks and the regular transport freight services; and such private cars as those of physicians on emergency call and those required for transporting workers to and from employment. Metropolitan areas may take further precautions if considered advisable by local police authorities.

Highway traffic outside city limits will be subject to the restrictions noted above without exception.

Pending issuance of permits for operation during precautionary blackout periods, employers should furnish credentials to drivers of commercial vehicles and private cars which come under the permitted classifications.

For city driving, it is directed that as soon as possible after receipt of this order, all motor vehicles permitted to operate must be equipped with dark oilcloth or rubber masks or hoods attached securely to headlights, with a horizontal slit in the lower portion about 1/2-inch by 3 inches, covered inside with not less than two thicknesses of blue cellophane or one coat of blue lacquer paint.

License lights must be blacked out with an opaque covering. Tail lights must be hooded with an opaque material, leaving an aperture at the bottom not more than 1/4-inch in diameter.

Side and clearance lights on trucks must be extinguished or completely hooded.

Use of fog or spot lights with or without covering is prohibited.

For operating on the open highways, beyond the corporate limits of cities, removal of the lower one-half of the hood will be permitted for the time being, provided the unhooded section is covered by at least two thicknesses of blue cellophane or one coat of blue lacquer paint.

In an emergency blackout during an air raid alert all vehicular traffic on all roads and highways must cease, except for emergency fire, police and first aid cars. All motor vehicles must proceed to the curb and all lights must be extinguished.

Official: December 10, 1941.  
CHARLES P. PRAY, Superintendent of State Police.  
JERROLD OWEN, State Defense Coordinator.  
The above regulations, released through the local defense coordinator's office, are for precautionary blackout periods ONLY. They do not apply until public announcement is made that such a period is in existence.

## SULFADIAZINE USED IN TRACHOMA FIGHT

SPOKANE, Dec. 11 (AP)—Trachoma, an eye disease prevalent among Indians of the northwest, is being attacked with some success through use of sulfadiazine, an Indian service report disclosed today.

Clinics were operated late this year at Warm Springs, Umatilla and Chemawa, Ore., and Fort Hall, Idaho, under Dr. Polk Richards, national director of Trachoma work, assisted by Dr. R. S. Lloyd, special Indian service physician.

Dr. Richards said the sulfadiazine was proving more effective and less unpleasant than sulfanilamide, used earlier.

The disease, he said, was characterized by inflammation and granular lids and was extremely painful. Until recently surgery was used in treatment. With sulfadiazine, the drug is administered in pill form and the patient hospitalized for 72 days for observation.

At Umatilla, Dr. Richards said, 429 cases were treated of which 163 showed definite indications of trachoma. Eighteen of these had improved vision at the end of the treatment. At Chemawa, Dr. Lloyd reported 529 patients with 153 having symptoms or positive trachoma. Immediate improvement in the vision of 30 was noted.

The report said Dr. Richards was believed the first physician using sulfadiazine in treatment of the disease.

## America First Units Disbanded

PORTLAND, Dec. 11 (AP)—Local chapters of the America First and the Ministers' No-War committees were disbanded here last night, Dr. Paul Cotton, Albany college professor, announced. He was chairman of both isolation groups.

## Chicken Coops Must Blackout

SALEM, Dec. 11 (AP)—Defense Coordinator Jerrold Owen said today that lights in chicken houses in rural areas have not been turned off during blackouts. He said that these lights must be extinguished to permit police officers to check on any rural fifth columnists who leave lights on to guide enemy airplanes to their objectives.

## ROUND-UP DATES

PENDLETON, Dec. 11 (AP)—The Pendleton Round-Up board this week set Sept. 16-17-18 as round-up dates for 1942.

# Martha Shops And Shops For Christmas

## Long's

To buy "her" a gift she'll love you should go to the store where she prefers to buy herself. . . . So that's why I'm suggesting here that you be sure to drop in at Long's when you're looking for something for your mother, wife, daughter, or good friend!

Long's anticipated Christmas 1941 as the biggest in years, and bought accordingly. . . . You'll find numerous gifts in exquisite taste, and yet inexpensively priced. . . . From lingerie and leisure robes to handkerchiefs, costume jewelry, hosiery and many lovely novelty gift items.

## Cal-Ore

Several different organizations have profited by the experience of other groups during the last couple of years. . . . And have held their dinner dances at Cal-Ore recently. . . . The only thing wrong that I can see is that I didn't get to go to any of them!

In fact, the chairman of the dinner-dance committee of one club telephoned me to find out whom to call for details and I tried to hint politely that special guests would enjoy it, too. . . . But I guess I was too polite.

## F. R. Hauger

The best gift you could give anyone who has Venetian blinds is a way to dust them easily! And you'll be blessed for your thoughtfulness.

At F. R. Hauger's janitor supply department. . . . 515 Market St. . . . You'll find a special Venetian blind duster. . . . It's tilted just right. . . . And made of ostrich feathers. . . . For \$1.25. . . . And for the man who washes his own car. . . . A huge imported English chamois skin that will last for years!

Incidentally, F. R. Hauger has every kind of household cleaning help for housewives.

## Lee Hendrick's

"Buy the low way on the hi-way" is the slogan of Lee Hendrick's Drug Store. . . . (You'll find it next to Beck's Bakery on South Sixth). . . . And a peek at the price tags on the hundreds of Christmas gifts there shows it's true.  
Wrist watches from \$2.95 to \$10.95. . . . Pottery vases, 49c to \$1.79. . . . Orna wood novelties, 25c to \$1.00. . . . Musical powder boxes, \$4.59 to \$8.50. . . . Dresser sets, \$6.75 to \$22.50. . . . Manicure sets, 60c to \$10.00. . . . Stationery, 29c to \$3.00. . . . Bill-folds, 59c to \$3.50. . . . Electric wreaths, 69c to 98c.

## Curriens for Drugs

Have you seen the new Christmas package bath sets that Rubinstein has put out? . . . I saw them at Curriens', of course. . . . Both the new Heaven-Sent fragrance and the Apple Blossom that the whole country took to its heart last year and still loves. . . . You'll find boxes in either fragrance, containing cologne, soap and dusting powder, for \$2.50. . . . Or dusting powder, cologne and an atomizer for \$2.25.

## Rickys Jewelers

Refugees from over-run Europe smuggled out diamonds when they found that their money would be taken away at inspection points. . . . And in the United States, the money from the sale of the diamonds keeps them from becoming public charges.

So there's a little lesson in investments. . . . Because almost nothing under the sun has a re-sale value like a diamond. . . . Although few people think of that when they are selecting a lovely diamond ring of the kind you will find at Rickys Credit Jewelers, on the corner of Seventh and Main.

## Van's Camera Shop

What does a camera fan want for Christmas? Here are some suggestions from Van's Camera Shop:  
Camera cases. . . . 25c to \$15  
Tripos. . . . from \$4.75  
Dark Room Outfits. . . . \$3.05  
Hand Flash Outfits. . . . \$1.00  
Enlargers. . . . \$22.50 and \$28.50  
Movie Cameras. . . . from \$30.50 to \$142.50  
Movie Reel Cases, for 12. . . . \$3.00  
'Folding' Cameras. . . . from \$8.25 to \$50.00  
Brownie Cameras. . . . from \$1.28

## The Swan

California glazed fruit, as put out under the Lyons brand, is one of the nicest gifts for friends and relatives living in other parts of the country. . . . Or for people here, for that matter. . . . So I must tell you that The Swan has it boxed from \$1.00 to \$2.50.  
This place, just across from the courthouse, carries the most famous lines of boxed candies, too. . . . Miss Saylor's, Whitman's and Societe. . . . Little boxes and big ones, variously priced from 50c to \$8.00.

## Curriens for Drugs

Overnight kits of cosmetics are wonderful gifts, because most gals yearn for one. . . . But seldom buy them for themselves. . . . You'll find a score or more at Curriens', from \$2.00 to \$35.  
The \$7.50 size put out by Tussy has room for a nightie as well as the removable tray of eight Tussy make-up and cleansing preparations. . . . While the \$17.50 size is three times as big and has 10 Tussy items in a separate kit that can be removed and carried by itself if you wish.

## Med-Dental Beauty

You'd better hurry and make an appointment for a permanent if you want your hair to look nice for the holidays. . . . Having it done now will give you a chance for a softening shampoo before the festive days.  
And don't forget what I've told you before. . . . That my hair right now is curled by a Creme-Oil machineless that I got at the Medical-Dental Beauty shop. . . . It cost \$6, although a friend of mine paid \$10 west of the Cascades for the same permanent. . . . Or you can have another good "plain oil" machineless for \$5. . . . Phone 3448.

## Moe's Cosmetics

You'll find Elizabeth Arden, Elmo and Charles of the Ritz cosmetic kits at Moe's Cosmetics department. . . . Fully equipped handbags with space for a nightie, priced from \$12.00 to \$27.50. . . . Smaller ones, some that look like "vanity cases" of 20 years ago, cosmetically equipped, too, with no excess space, are \$2.50 to \$7.50.  
To put your own cosmetics in while traveling. . . . There are the little Rolfs bags, unfilled, for \$3.50. . . . They're collapsible, too.

## Swan Lake

The gift that attracted the most attention from our relatives and friends last year was a 10-pound box of Klamath Nettle Gem potatoes. . . . This year Swan Lake Moulding company is having the wooden boxes packed again, with each spud individually gift wrapped, for \$1.00 anywhere in the United States.  
These beautiful baking potatoes are an advertisement for the Klamath country in themselves. . . . And the wooden boxes are, too. . . . Which is the reason why Swan Lake goes to the trouble to get them ready at no profit to themselves.

## Murphey's Seed

A full stock of the famous Bauer line of pottery vases and flower pots is carried at Murphey's Seed Store at 422 Main St. . . . Colorful ones (either vivid or pastel) as well as black and white. . . . And with them you can brighten up a friend's house very inexpensively.  
No one ever has succeeded in finding a good substitute for a basket. . . . But they're scarce. . . . The only ones in town are at Murphey's. . . . For sewing, knitting, or for carrying odds and ends.

## Kimball's Glass

This is the last call for made-to-order mirrors. . . . And since the exactly right size for particular people is hard to find, a mirror ordered to individual specifications is a wonderfully thoughtful gift.  
Kimball's Glass Shop at 527 Walnut St. is the only place in town that I know of where you can get made-to-order mirrors. . . . And December 15 is the last day on which Mr. Kimball will take orders for Christmas delivery. . . . Because last year there was too much of a rush the week before Christmas for such delicate work.

## Van's Camera Shop

Did you know that Sheaffer desk sets can be bought this year for the price of a pen in former years? Well, that's what I learned at Van's Camera Shop. . . . The desk sets of this famous pen are as low as \$1.95. . . . And up to \$35 at Van's.  
Plain Sheaffer pens are \$1 to \$15. . . . Sheaffer pencils, \$1 to \$6. . . . And Sheaffer pen and pencil sets are \$1.95 to \$20.  
You can have the name stamped in gold on the pen or pencil, or both.

## Lee Hendrick's

People who live south of town and trade regularly at Lee Hendrick's Drug Store on South Sixth Street have gotten so they expect to find just about everything there. . . . And if you haven't been in this modern community drug store you're going to be mighty surprised at the hundreds of Christmas gifts displayed.  
The prices are very low, too. . . . For instance, games from 25c to \$2.50. . . . Stuffed plush animals, 59c to \$4.39. . . . Toys, 10c to \$1.98. . . . Dolls, 59c to \$4.98.

## Margot's

I jotted down some of the things I found at Margot's for Christmas giving. . . . Robes, hostess coats, breakfast coats. . . . Zippers and wrap around styles in silk and crepes, quilted satins, cotton seersucker and washable printed silks. . . . From \$2.98 to \$14.98.  
And lingerie! . . . Lovely gown sets at \$4.98. . . . Gowns from \$1.98 to \$3.98. . . . Slips from \$1.29 to \$2.25. . . . There are so many different kinds that you'll have to see them yourself.

## Your Store, Inc.

Unusual costume jewelry is a joy to every gal who wears it. . . . And if you are looking for an inexpensive gift, yet a "different" one, be sure to notice the hand-made and hand-carved wooden jewelry at Your Store. . . . Some of it is made of myrtlewood, which grows only in Palestine and Western Oregon. . . . Those I saw cost from 50c to \$1.25.  
Anyway, drop in at Your Store. . . . Because there are simply hundreds and hundreds of things for everybody. . . . Except small children! You'll be sure to find many suitable gifts there.

## Shaw Stationery

You can still get plenty of Christmas cards at Shaw's, even to having your name imprinted. . . . The store bought heavily because there would be no chance to get in a supply at the last minute, so you'll find an excellent selection there still.  
Shaw's special is a box assortment of 24 for \$1.19. . . . With your name imprinted. . . . I also like the sparkly assortment of 30 for \$2.50, with your name. . . . And the Christmas stationery to write individual notes to good friends.

## Curriens for Drugs

This is a baby year, I read the other day, because the amazing number of 2,500,000 babies were born in the United States during the last 12 months. . . . So here are some suggestions for gifts for babies that I found at Curriens':  
Bottle sterilizers, baby scales, baby books, comb and brush sets, nursery sets, disposable diapers, bath sets. . . . In fact, there is just about everything a baby could need. . . . Even rattles. . . . And you can pay anywhere from 15c to \$5.00 for these infants' gifts.

## Garcelon's

Maybe the answer to your gift problem is a pin-it-up lamp. . . . The handy kind you put on the wall where it doesn't need table or floor space. . . . Garcelon's has a big stock of them, for every room of the house.  
Pin-it-up lamps are especially good because they can be set out of the way, and yet in a place to give good indirect light. . . . To eliminate dark corners. . . . And generally be useful.  
Those I saw at Garcelon's. . . . In all color schemes. . . . Were priced from \$2.50 to \$5.00.

## Sitkin Furs

I noticed the price tags on the famous Sitkin fur coats at Long's this week. . . . And the prices still are low. . . . Which Lawrence Sitkin told me is due to the fact that their stock of fine furs still is full. . . . But, he said, the Sitkins don't know when they're going to get any more!  
There's a lesson to be learned there. . . . If we take the advice of economists and buy normally, we'll be better off than if we wait. . . . When things get scarce, prices are sure to rise. . . . So, since Christmas is coming anyway, why not enjoy it as usual?

## Derby's Music

People who have phonographs would appreciate records or complete albums. . . . Which ought to solve the Christmas gift problem in many homes!  
At Derby's the other day I found the complete Tchaikovsky Concert in B-flat Minor. . . . Four 12-inch records, both sides. . . . In the splendid Victor selection the store carries.  
And children's nursery rhymes in album form. . . . As well as popular swing records. . . . Low-priced, many of them. . . . While others in the store are not inexpensive, although all records are much lower than they were a couple of years ago.
