Do You Know?
Since Auto Production has been suspended in Britain—One-year-old cars are bringing 22% more than purchase price, and two-year-old cars are selling for what they Cost When NEW!
We have an attractive stock of good late model cars and trucks — we suggest you take advantage of this opportunity before conditions and prices are changed — For many years the automobile dealer has been faced with possible reduction on future release of cars — this year he is faced with possible 100% curtailment. What are you going to do about it?
