Closeup View of Japan's Sea Hornet

PRODUCTION OF FOOD AT HIGH LEVELS

CHICAGO, Dec. 18 (P)— America entered its war against the axis powers with production of nearly all types of food at or near record levels, a survey of grain, dairy products and live-stock showed today. In many cases, output next year is expected to be substantially higher than in 1941.

America's great Central plains, richest productive area in the world, have presented the country with bountiful grain harvests in recent years-more, in fact, than the country could ex-port or consume, and there is a large surplus of wheat, corn, oats and other cereals.

Dairy states are shattering all s production records with scientific feeding and care, stepping up output of milk per cow and eggs per hen. Milk, cheese, butter and eggs—vital commodities for a nation at war-flow from farms in an unprecedented

Large numbers of hogs, cattle Large numbers of nogs, cattle and sheep—the meat in America's diet—are being fattened on farms and ranches. Producers are particularly anxious to put weight on swine, and the average hog coming to market today is a metal of the second of th much chubbier fellow than his predecessor of a year ago. Reduced to statistics, Amer-

ica's food wealth shapes up in

Wheat production this year is estimated by the government at 961,194,000 bushels against last year's 816,698,000. Corn output is expected to total 2,675,373,-000 bushels against 2,449,200,000 and oats 1,138,843,000 against 1,-235,628,000.

Even these figures however. do not represent America's grain wealth accurately because of a carry - over of unused grain from previous years. On July 1, this amounted to 387,000,000 bushels of wheat and 219,000,-000 bushels of oats and on Oct. 1 there were 632,000,000 bushels of corn in this carry-over.

On dairy and poultry farms, hens and cows appear to have signed up for the duration. They are giving mightily to the vic-

tory program.

Egg output in the first 10 months was 4 per cent over 1940 and at a new record for the period. Production next year is es-timated at 10 per cent above 1941. Milk production this year is expected to exceed the previ-ous record by about 5,000,000 . Next year's goal is set

SUPPORT PLEDGED

The Klamath Basin district F. R. Cites Flier council of the Lumber and Saw-mill Workers union (AFL) has pledged its full support to the country and President Roosevelt in the war effort, it was reveal-

In a resolution passed at the last meeting of the council it was moved that the "loyal sons and daughters of the American Federation of Labor are the loyal sons and daughters of the United States of America and in this hour we pledge our all to this III." nation that we love and that has

that the council "pledges its full support to the president of the United States who, we believe, did everything possible to keep us out of war, and to the governor of Oregon."

Commander Kimmel

Rear Admiral Husband Kim mel, above, has been relieved of command of the U. S. fleet and replaced by Admiral Chester V. Nimits, the navy department announced Wednesday.

JURY SELECTED IN

A jury was selected Thursday for the trial of the condemna-tion suit brought by the city of Klamath Falls against C. H. Kelly and J. F. Kelly, owners of land wanted for municipal airport expansion. Circuit Judge Ralph Hamilton of Bend is sit-

ting on this case.

Members of the jury are Levi McDonald, Perry Wilson, Byron Teed, Lewis Kalina, Bert R. Albert, Arthur W. Porter, Nelson Reed, John C. Hartzler, August W. Nieman, J. C. Wright, George R. Lindley and Ralph B. Eatherton.

The city offered the Kelly brothers \$2752.50 for the 36.7 acres of land and they countered with a claim for \$14,037.50.

H. E. Perkins is representing the city and J. H. Carnahan is attorney for Kelly brothers.

COPCO LINES IN AREA REPAIRED

California Oregon Power con pany lines which were temporarily out of service due to Tuesday's and Wednesday's storms have all been repaired and are again in operation, company of-

ficials said Thursday.

Minor trouble on the firm's telephone circuits to the Klamath river hydro plant were being repaired Thursday.

As Hero in Note To Successor

(Continued from Page One) struggle which was thrust upon

us by the perfidy of a professed friend.
"In the conviction that the

service and example of Captain Colin P. Kelly Jr., will be long remembered, I ask this consideration in behalf of Colin P. Kelly. It was the second time in as

proved that it loves its people."

The resolution further stated cited the heroism of the army aviator. Addressing the labor-industry

conference to curb war-time strikes yesterday, he applied the word "must" to them as individuals in urging a quick agreement, and added:

"A boy, the other day, was out in a plane. The government did not tell him he had to dive on a battleship and lose his life. That was his 'must'; his own personal 'must.' There was nothing in his orders that told he had to dive his plane into a Japanese battleship. That was young Kelly's own personal

"And each one of you, and I too, we have our persona 'must'."

President Signs Big Appropriation

WASHINGTON, Dec. 18 (AP)-WASHINGTON, Dec. 18 (P)—
President Roosevelt today signed into law the bill carrying \$10,077,000 in appropriations and contract authority to expand the already huge production program for the army and navy.

The measure, providing funds for huge increases in ordnance

for huge increases in ordnance equipment, essential supplies for an army of 2,000,000 men, and unds and contract authority for 800 naval patrol vessels, reached the White House only late yes-

It provides \$9,283,000,000 in cash and \$794,000,000 in contract authority.

The Hoangho, with a length of 2600 miles, is the eighth longest river in the world.

NEW HAWAII COMMANDERS TAKE CHARGE

and Major General Henry H. Arnold, chief of the army air forces, were added to a list which, in its first announcement, included Secretary of War Stim-son, Secretary of Navy Knox, General George C. Marshall, army chief of staff, and Admiral Harold R. Stark, chief of naval perations.
Nimitz, a forceful Texan and

proud of it, was ordered to sea from his post as chief of the bureau of navigation, where he was rated in service circles as second only to Admiral Harold Stark, chief of naval opera-

Able in Action

By reputation a man able and sure in action, Nimitz succeeds Admiral Husband E. Kimmel, commander-in-chief of the Pacific fleet, who with two other top-ranking officers of the Hawaiian area was relieved of com-mand, pending the outcome of the investigation which Presi-dent Roosevelt ordered on the Pearl Harbor sneak attack

The navy and war departments acted simultaneously last night in removing the officers whose responsibility for the lack of alert preparedness will be sub-ject to examination by the president's investigating board.
Army Shakeup

Kimmel was the only navy man affected. The army re-lieved Lieutenant General Walter C. Short of command of the Hawaiian military department, and Major General Frederick L. Martin of command of the air forces in Hawaii.

Lieutenant General Delos C Emmons of the air combat force already has reached Honolulu and replaced Short. General C. L. Tinker, of the air corps, is en route to take over the air

The appointment of Emmons marks the second time the army has given the top command of a vitally important military department to an air force man. The first instance was when Lieutenant General Frank M. Andrews was put in charge of the Caribbean area defenses.

Secretary of War Stimson said the task of the new Hawaiian commanders was "to expedite the reorganization of the air defenses in the islands" and he concurred in the preliminary re-port of Navy Secretary Knox that "the United States services were not on the alert" when Japan struck at Pearl Harbor.

Neither the war nor the navy department undertook to pass judgment on the superseded officers. Stimson explained that the army's action was taken to avoid "a situation where the officials charged with responsibility for the future security of this vital naval base would otherwise at this critical hour also be involved in the searching investi-gation" ordered Tuesday by President Roosevelt.

Snow Ties Up Highway Traffic In Chemult Area

Heavy snows in mountain areas tied up traffic in the Chemult district, according to more than one motorist held over-night at the little town on The Dalles-California highway. Snow fell so fast that the huge sno-goes and plows were unable to keep strength, bringing to 1,840,934 the roadway open and 300 travmade available, it was said.

Leon N. Lefebvre, Portland businessman, said that at least "150 cars were piled up at the All reserve officers not yet foot of Sun mountain, includ-called to active duty have been ing a large busload of passengers
