

ARP Sector Warden List Announced With Maps

Arm Bands to Be Identification of Air Raid Officials

A complete list of air raid precautions wardens for the various sectors in Klamath Falls and its suburbs is given on this page today. Also on this page and the facing page are two maps showing the location of the various sectors.

Citizens may use the maps for a key for determining the name of their sector warden.

One map shows the ARP sectors in the city and a few of the suburbs. The other shows the ARP sectors in the big south-east suburban area.

Because sector lines do not always follow streets, it is rather difficult to show the exact boundaries by map. In most instances, however, citizens will be able to locate their residence within a sector on the map. If there is any confusion, a citizen may get in touch with the man he believes to be his warden and make certain immediately.

In case of blackouts, citizens wishing to give or receive information should make contact with their sector wardens or assistants.

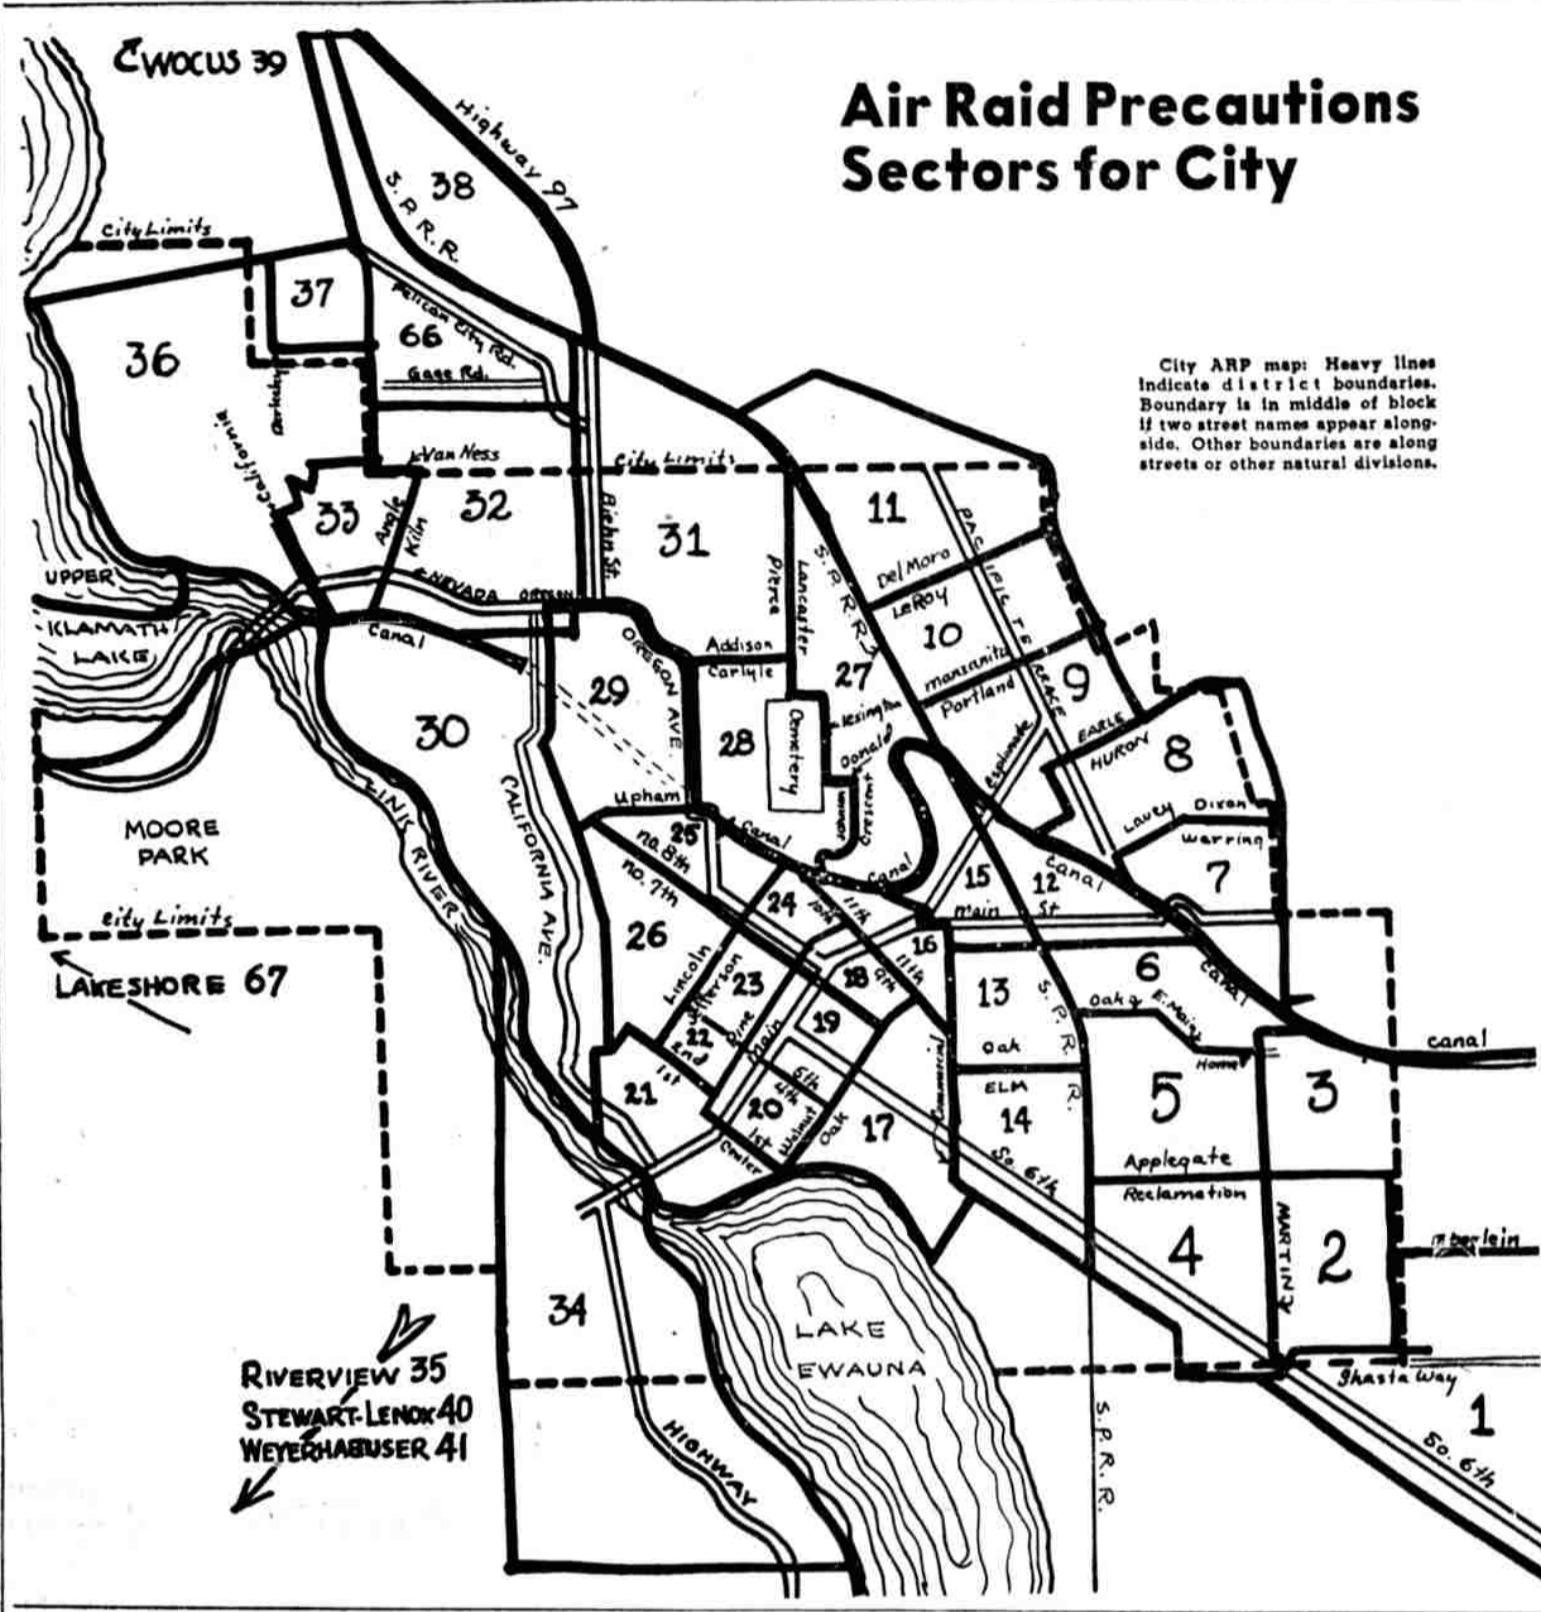

Sector wardens will wear white arm bands with two black triangles. Assistant sector wardens will wear white arm bands with one black triangle.

Under the ARP setup, there are also zone wardens, wearing bands with three triangles, but citizens should make contact with sector rather than zone wardens.

It was pointed out by Colman O'Loughlin, in charge of wardens under ARP Chairman L. O. Sisemore, that wardens are not police authorities. They do not have police power, but will report blackout infractions and other matters to police.

Christmas 1941

TO all deep thinking people, this Christmas of 1941 makes us realize, more than ever, how great and what a privilege it is to be living in a free country and under the American flag.

LET us all pray for "Peace on Earth and Good Will to Men" to all people of all countries, and that love and fidelity will replace the hatred and prejudice that prevails today.

IN addition to these thoughts, it is my wish for your joy and prosperity and peace, and I assure you that I sincerely appreciate your friendship and good will.

SO, I say, "A Very Merry Christmas and a Happy New Year."

Most Sincerely,

BETSY ROSS SEWING CLUB

The fourth meeting of the Betsy Ross Sewing club was held December 12, 1941. First of all, the meeting was called to order by the president, then the minutes of the last meeting were read and the roll call was read. There was no unfinished, new or old business, so all of the girls started sewing. The sewing class wasn't very long because the meeting started a little late. There won't be any sewing club held for the next two or three weeks because of the Christmas party. We expect to make up for lost time when the next meeting is held though.

Carley Morgan led us in a song, and Joyce Griffin led us in a yell. The secretary read the minutes of the last meeting. Then we talked about the Christmas party we are going to have. The president chose two girls to tell us what to bring. We have to make it ourselves.
