New Four-H Calls
First comes "H" for Hand. In your hand—the Bible. Our boys in the service already have had a million Testaments put into their hands by the Guides—Christian businessmen. The Bible is the world's best seller and best loved book.

Next, take "H" for Head. The president of the bank gave each employee of the big concern a copy of Proverbs—the Wisdom book of the Bible. "Follow its teachings and you will never go wrong in finance," he told them. Who can name the thousands who daily commit the Bible passages to memory?

Now "H" for Heart. A miracle here. What to the head is foolishness, the heart lays hold on and possesses for itself. God works it thru to the saving of your soul. "With the heart man believeth unto righteousness." Do this—the first thing when you get your eyes open in the morning. Repeat: "God has a Son who died and postal card me how it comes out."

Fourth "H" is for Heaven. In the end you are to meet your sins and Christ as Judge or else you have Him as Saviour and Lord. The teacher of the Young Peoples' Class tells how as a ten-year-old, her heart was troubled. Her mind was "dark toward God," as she put it. Then came a wise friend who set her right. If she would have it so, God had laid her sins on His Son who died for her. Her heart said yes to it and she came into peace and joy.

Life begins the instant we accept it that Christ paid the penalty. This is the miracle of the New Birth, and "Except a man be born again, he cannot see the kingdom of God." In Adam all die. By his death took the throne but they that receive God's overflowing grace and the gift of righteousness shall be kings in life, through Christ Jesus.

Is Christ your Saviour? Feelings or no feelings, will you stand on it to the end of your days that God has written your name in his Book of Life? "God said it; Christ did it; I believe it; that settles it." Then step out into each day dead to self that Christ may live out His life through you.

"They that wait upon the Lord shall renew their strength. They shall mount up with wings as eagles. They shall run and not be weary, and they shall walk and not be faint." Isaiah 40:31.

Yes, Join the New Four-H with the Bible in the Hand—Head-Heart and your face toward the eternal Home.

Weed Christmas Bounteous Despite Layoff, Report

Despite the absence of eight weeks' pay checks, Weed, Calif., employees of the Long-Bell Lumber company and their children enjoyed a bounteous Christmas, AFL union officials said Saturday.

For a huge party held in the mill town's Hippodrome, union donations were sufficient to purchase 1000 pounds of candy, 1500 pounds of nuts, 150 dozen oranges and three toys for every child in Weed, according to Union Representative Jack Yeoman. Twenty-five hundred persons thronged to the party, Yeoman said.

Checks were received from Lumber and Sawmill Workers' locals as far east as St. Louis, Mo., the unionist asserted. Twelve hundred employees of the Long-Bell Lumber company were out on strike from October 20 to Dec. 15.

PLANES, SUBS ARE IMPORTANT IN THIS WAR

ABOARD A CRUISER WITH THE U. S. PACIFIC FLEET, Dec. 25 (Delayed) (UP)—The admiral of this combat unit admitted today that airplanes and submarines will be the most important weapons in the battle of the Pacific and said that the lesson learned at Pearl Harbor "has been taken to heart."

He said that no cruisers were sunk during the treacherous Japanese attack on Hawaii on Dec. 7 which "brought home the necessity at all times of taking the utmost precautions. Our men have seen what it means now."

Naval strategists, he said, are re-estimating the situation following the Pearl Harbor attack and "it may take a long time but we will get after them (the Japanese)."

The admiral said that he is only awaiting word from allied strategists before swinging into action. The gun crews are ready to repel a possible surprise Christmas attack because the navy is taking no chances with a treacherous enemy, he said.

He said the crew's spirit is excellent and that "we are better off today than previously."

Every man aboard this ship, he said, now wants to "get up and sock 'em and all want to be machine-gunned."

A near-miss during the opening day of war with Japan caused some damage aboard this ship, the admiral said, but that is not keeping it from action.

As a matter of fact, he said, the guns of the destroyers Cassin and Downs, which Secretary of the Navy Frank Knox announced were lost, now are being used for anti-aircraft defenses. That, he said, was typical of the speedy handling of a difficult situation.
