MAYOR URGES ATTENDANCE AT PRAYER MEET

Urging all residents of Klamath Falls to take part in the hour of prayer to be held at 10 o'clock Thursday morning, January 1, at the First Methodist church, Mayor John H. Houston made the following statement Wednesday:

"In accordance with President Roosevelt's request that peoples of this country gather together on the first day of the New Year for an hour of prayer, it is my earnest hope and desire that residents of Klamath Falls take part in this meeting at a time when our nation needs our help."

The following announcement was issued by the Klamath Ministerial association:

"All citizens of Klamath Falls, especially those whose patriotism is more than verbal, are hereby reminded that the Klamath Ministerial association has arranged for a period of prayer from 10 to 11 o'clock, at the First Methodist church, corner of Tenth and High streets, in compliance with the request of the president of the United States. As our army and navy air force are at this moment engaged in a terrific struggle, especially in the Philippines and perhaps elsewhere, it is only fitting that we at home should care enough for them and our cause to lift them up in prayer to the God of battles.

"At 9:30 a. m., the churches that have bells will have them rung, announcing the prayer service to be held one half hour later.

"While the various organizations, fraternal, benevolent, service and social, have been directly invited to attend and to send representatives, the meeting itself will be in charge of the ministers of the city with the Rev. Eugene V. Haynes presiding. It is also expected by the pastors of the city that their own flocks will be well represented.

"America and the world is faced with the danger of the overthrow of everything that is good and vital, as unbridled force and brutality has been turned against innocent peoples. The right to worship God, of free speech, of the press and the radio, even of physical freedom is at stake. Whole peoples have been literally enslaved and forced to assist in the enslavement of others. America herself is confronted by this danger. America needs to repent of her own sins and to cry unto the living God for forgiveness and, if America places herself on the side of the God of eternal righteousness and justice and love, God will hear her cry and will use her for world-deliverance from tyranny. It is as true today as when first uttered by the psalmist, 'Righteousness exalteth a nation, but sin is a reproach unto any people.' It is also true as our Lord said, 'All they that take the sword shall perish with the sword.'

Prayer meeting and watch night service was to be held Wednesday at 7:30 p. m. A most cordial welcome is extended to all at these services.

HIGH SCHOOL News Notes and Comment

By MAURICE O'CALLAGHAN

Two movies were shown to members of the science classes about disease and things connected with the same.

The pictures were "The Body Defenses Against Disease" and "Velocity of Chemical Reaction."

The pictures were shown through a "deal" which brings through a film to the school and teachers signify in advance whether they wished to view the films; if they do their classes are shown the movies.

Many of the films take up subjects which enable the students to improve work in their various classes.

The program will bring movies of educational value to most of the classes throughout the year.

Clifford Rowe, advisor of the Quill and Scroll, national honor society for high school journalists, announced that organization had passed the \$125 mark in sale of defense stamps to high school students and faculty.

This is very favorable, but it is not good enough. High school students will benefit from this country, so it is also the students, not just adults, who must put aside change and dollars to aid in the program.

KUHS enrollees may purchase the stamps in room 316. If students can they should put aside a dime or quarter each week to use when they want to buy the stamps.

With this column we end our 1941 session, but will be back for the opening of '42, and hope to please you.

As we enter this next year we look back on events of the passing year. First and probably the most important thing in the high school is the record our football team made on the field of battle.

With only one loss out of nine the Pelicans under Coach Kenneth Hammer were outstanding in their line, and made a place for themselves in the Klamath hall of football fame. If there is football next year, our football

team will be made up in large by many of the first and second strings of this season which should be a good sign for they are the boys who did much to keep our team from going under in tight places. Many first stringers who were juniors the past season will be back next fall to add their strength to a team that may prove even better than this.

Second, is the fact that the students have been active in politics at meetings of the student congress. The self government of the school is more and more being taken over by the whole student body.

Third, we have new teachers and principals who are adding much to the school. The school has gotten hold of some of the best instructors available to us and they have added greatly to the improvement of the teaching methods.

There are many more points that could well be covered but space is short.

We wish you a very enjoyable new year.

HERE'S ONE NEW YEAR'S RESOLUTION

In making their New Year resolutions, Klamath county residents are urged not to forget this one:

"I hereby resolve to mail immediately my donation in payment for the anti-tuberculosis Christmas seals in order that the Klamath County Public Health association and the National Tuberculosis association will be able to continue the fight against this disease in the spirit of war conditions and the tremendous pressure on the booklet."

In each letterbook seal was enclosed a blue, addressed return envelope to facilitate the mailing of returns to the general chairman, Mrs. Burt E. Hawkins.
