# STATE FARMERS PLEDGE ALL OUT VICTORY AID

Now that America is at war, achievement of the production goals under the food for freedom—now "food for victory"—program has become doubly important, said Robert B. Taylor of Adams, chairman of the state USDA agricultural defense program, in calling on Oregon farmers to turn pledged increases in production into actual production of more eggs, more milk, more pork and more marketing of beef cattle.

Results of the statewide farm-to-farm sign-up recently conducted by AAA committees show that Oregon farmers have "over-subscribed" the original production goals under the farm defense program, planning more than their share of the increased production. But with the nation actually at war, some of these original goals may even be revised to meet increased needs, said Taylor.

As shown in the sign-up results, expected 1942 production of the three most important commodities, milk, eggs and pork, well exceeds the original goals, the defense board chairman announced. An eleven per cent increase in milk production was sought and brought a response of a 19 per cent increase planned. The promised increase in egg production is 35 per cent, against a goal of 12 per cent; the 20 per cent pork production goal brought a response of 38 per cent.

Increases in 1942 production over 1941 pledged in the Oregon farm sign-up, covering 95 per cent of the state's farmland, were announced by Taylor as follows: Cows milked, 18 per cent; milk production, 19 per cent; hogs marketed, 38 per cent; eggs, 36 per cent; beef cattle marketed, 12 per cent; sheep, 10 per cent; corn, 7 per cent; barley, 61 per cent; rye, 17 per cent; hay, 9 per cent; sugar beets, 31 per cent; dry beans, 63 per cent; fiber flax, 15 per cent; seed flax, 10 per cent; ryegrass for seed, 18 per cent; winter legumes for seed, 33 per cent; perennial grass seed, 49 per cent; farm gardens, 11 per cent.

## Extension Unit News

OLENE, Poe Valley—The all-day meeting scheduled for Poe Valley on January 9, subject being "Health Emergencies in the Home," has been postponed until February 13 when it will be held at the Olene hall.

This meeting was changed in order that the "Keeping of farm and home budgets conference" might be held in the Poe Valley Grange hall the evening of January 9. This meeting is to be presided over by G. W. Kuhlman, professor of farm management, and Miss Lois Lutz, who is a specialist in the teaching of home management at Corvallis.

The object of the evening meeting is so that men and women of these communities can both attend. It is hoped there will be a good attendance so that the instructors will feel their appearance here has been a worth while one. There will be a social hour of square dancing following the meeting after which refreshments will be served.

The ladies of these units will carry out the same menu and plans for the February meeting as were agreed upon had it been held in January.

# SPRAGUE RIVER STUDENTS HOLD SPECIAL MEET

SPRAGUE RIVER — The students of the Sprague River high school held a special meeting Wednesday, December 31, to discuss a number of coming student-sponsored events. The dance which was scheduled for the afternoon of December 31 was voted out due to a conflict between drill team practice and Instructor Seelye's leather class.

In order for the drill team to perform for the Friday night game it was necessary for an extra hour of practice. Three members of the drill team moved away over the holidays and it is necessary for Leader Evelyn Hudson to break in new replacements.

It was announced that the first of a series of comedy movies will be presented during activity period January 16. The films to be shown will feature Charley Chaplin, Stan Laurel and Will Rogers. Admission to the movies will be five cents a pupil. It was also announced that social dancing would be held every other week on Friday during the activity period.

Special mention was given at the meeting to the students who made the honor roll during the past six weeks. They were: Gloria Carnini, Joanne Little, Vera Schmitz, Douglass Gaines and Alma Young. These students had a grade of two or better in every subject.

It was announced that the first semester will end on Friday, January 16, and that review and final examinations will be held during the last week. It has also been announced that a new course entitled, "Personal Analysis and Guidance" will be offered during the coming semester. This course attempts to give each student an insight into his own special abilities, likes and dislikes and job preferences. It is in line with the new trend to enable the high school student to find himself before graduation.

## More Citrus Fruit Is Prospect for '42

A smaller output of deciduous fruits and more citrus is in prospect in 1942 compared with 1941, according to information in a review of the outlook for fruits and nuts just issued by the Oregon agricultural extension service. The report also indicates that domestic demand will continue strong, while export fruit business will remain at a low level.

"It is not possible to estimate the volume of fruits and nut production in 1942 at this date," says the report, "although general conditions would suggest a smaller output of deciduous fruit and more citrus than this year. The citrus crop of 1942-43 may be the largest of record, if no serious damage to the crop occurs. It is very probable that domestic demand will be even stronger than the record high level of demand this year. It is to be expected that costs of production, harvesting, and marketing will increase, also.
