peninsula had been yielded in a little less than a month of fighting. But frankly Singapore's hopes pivoted largely on the possibility of a Chinese expeditionary force was not cited.

Fresh Threat

The Japanese sea-sawing down the Malay coast against the fulcrum of Singapore's outstretched defenses, raised a fresh threat to the British left flank in the most vital sector of the Pacific war with new landings at the mouths of the Perak and Bernam rivers.

The British acknowledged this and the Japanese simultaneously claimed a broadening of their invasion of Borneo with occupation of British North Borneo, already pierced by widely spaced landings. The Japanese said also that the strategic island of Labuan, off British North Borneo, had been in their hands since January 1.

Snow Forces Lake County Stock Down From High Desert

LAKEVIEW — Snow in the high desert country between Burns and Lakeview has forced the livestock to return to the blanket of snow on the desert in the heaviest in many years. Travelers on the isolated roads north of Plush report a heavy concentration of antelope on the top of Abert rim, while ranchers at the foot of Hart mountain report recent visits from the mountain sheep which have been forced down to Warner valley because of the deep snow.

Camp Fire News

The Grand Council Fire held at the Fremont school Saturday evening with the high school Camp Fire Girls chair and reader in ceremonial gowns, the professional of girls in service costume, the impressive candle-lighting and extinguishing ceremonies, the lovely carols and the recessional proved to be one of the loveliest and most impressive events in the Camp Fire Girls program for the year.

"Joy to the World" was the carol chosen for the professional. Scripture readings were given by Marguerite Grave, "O Little Town of Bethlehem," by the chorus was sung as a response to the readings.

Included in the program were a Christmas story, "The Christmas Apple," told by Miss Elizabeth Cares of city library staff; a solo, "Away in a Manger" by Dorothy Riggs, and a poem by Peggy McAndrews.

Candle lighters were Alice Mead lighting the Light of Joy; Dorothy Howry the Light of Love; and Carol Vanderwall the Light of Peace.

National birthday honors were presented by Mrs. Percy Murray, president of the Camp Fire council, to the following girls of the Winema group of which Mrs. James Kerns is guardian: Nancy Bennett, Maxine Liskey, Margie Palmerton, Nadine Palmerton and Dorothy Riggs. Mrs. Murray also presented national membership honors to the following girls: Mary Landry, 5-year honor, Dorothy Riggs, 5-year honor and Ruth Rogers, 3-year honor.

National Needlework guild honors were presented by Mrs. John Kenoffel, vice president of the Camp Fire council, to Mrs. James Kerns and the following members of her group: Nancy Bennett, Helen Howry, May Landry, Maxine Liskey, Jean Osterdorf, Margie Palmerton, Nadine Palmerton, Ruth Rogers and Dorothy Riggs.

Ranks were awarded by Mrs. John Kennedy. Dorothy Riggs was awarded the highest rank in Camp Fire, receiving the Torch Bearer Craftsman in Literature. She was presented a candle holder with lighted candles, a symbol of Torch Bearer. Trail Seeker, first rank, was awarded to the following: Miss Cleo Eshenshade of Davis, Lorraine Losee, Betty Owens, Rosemary Williams, Darlene Smith, Peggy McAndrews, Harriet Lavenik, Nora Keane, Beryl Lund, Dolores McFarland and Marianna Lion.

Wood Gatherer, second rank: Barbara Detrick, Jesalee Kefeler, Shirley Harris, all of Bly. Fire Maker: Nancy Bennett, Bernice Gehring of Chiloquin, Peggy Pruitt and Margie Palmerton.

"Silent Night" was sung for the recessional.

Blue Birds were special guests.

Plans for ceremonial were made by Mrs. Loren Palmerton and Mrs. John Kennedy.

Music was under the supervision of Mrs. Andrew Shanks, accompanist, and Mrs. Laurence French. Other guardians assisting were Mrs. C. A. Williams, Mrs. Harold Ashley, Mrs. Guy Bates and Miss Viola Mascall.

Out of town guardians and girls present were Mrs. LeRoy Gienger and her group from Chiloquin, Mrs. Carl Deering and her girls from Bly and Miss Cleo Eshenshade from Dorris and Miss Marguerite Orcaisa from Chiloquin.

FRONT OR REAR?
INDIANAPOLIS, Ind., (AP)—It seemed like a lot of trouble for not much.

Louis Snyder, defense director of Brown county, drove 50 miles to Indianapolis at his own expense to learn about the new automobile tire rationing program.

The January quota for the southern Indiana Hill county, which has no railroads, is two tires.

KLAMATH BOND SALES CLIMB OVER MILLION

from Klamath county shows an outstanding record in the state. Oregon leads the union in per capita defense savings bond sales. Collier said that "Klamath county will not rest on these laurels. Our committeemen are planning a more intensive effort, and the current response of the public is already most gratifying." He expressed appreciation to all who have helped put the county over the "first million."

Registration for Draft Scheduled On February 16

28 years of age. The 1-H classification has also been dropped because of the war and all men between 28 and 35 are again eligible for military service unless other conditions prevent it. A review of the 3-A class, which has been rumored since the war's outbreak, has not been definitely ordered, Case said, but it was believed imminent.

A reclassification of 1-B registrants with remediable physical defects has not been ordered either, Case stated. The 1-B class is composed of those whose physical condition makes them eligible only for limited service. The regular army, navy and recruiting offices are now taking men with remediable defects for treatment in army hospitals.

Women Interested In Nutrition Asked To Join Classes

Red Cross headquarters announced today that women interested in nutrition and canteen service register immediately for standard training in these two courses. Registrations are received at Red Cross headquarters, 112 North Spring street.

Red Cross officials declared that it has been proved that adequate nutritional training reduces accidents among industrial and defense workers, increases physical and mental efficiency and builds morale. When the course has been successfully completed, enrollees may participate in the canteen service. This service meets the need for emergency group feeding in widespread epidemics caused by fires, floods, sabotage and bombings which may require the evacuation of devastated areas. It is anticipated that women who are interested in these courses will come forward at this time and register for this training which is so vital to our national defense.

Classes Called For Three Red Cross Courses

Three Red Cross first aid classes have been scheduled to begin this week. Classes have been called for Monday and Thursday evenings in the Fremont school for 7:30 p. m. Genevieve McGee and Marie Doern are the authorized instructors. The third class is scheduled to meet on Wednesday and Friday nights at the Red Cross headquarters in the armory building, 112 North Spring. Dwight Gilchrist will be the instructor.

These classes are open to men only and are formed for the purpose of organizing rescue squads to work in the air raid districts under the civilian defense program. All men interested in taking first aid training are encouraged to enroll in these classes at this time. Classes are free with the exception of the purchase price of the regulation textbook. Students may enroll in room 6 and 7 at the Fremont school, or at the Red Cross office.

It is estimated that there are approximately 400,000 motor vehicles in this country publicly owned.

dered retreat after suffering 52,000 casualties in three days. The Chinese high command says 30,000 Japs were killed or wounded in fighting around Changsha yesterday (Sunday.) Two of the four Jap divisions sent against Changsha are reported to have been wiped out by Chinese artillery, with several high Japanese officers killed.

Changsha is about halfway between Shanghai and Chungking, on a tributary of the Yangtze.

THE Japs claim to have completed occupation of Changsha yesterday (Sunday.) They add, however, that they may not occupy it permanently, as their drive on it was merely to "crush Chinese resistance."

If Chinese reports are accurate, the crusher got crushed.

ON the other side of the world, the Russians are steadily driving the Germans back from Moscow, and a soviet air authority says today Russia will soon hurl a new and mightier-than-ever air force at the nazis.

A Helsinki newspaper, quoted by Reuters (British news agency) says today:

"The present time seems a suitable opportunity to BREAK OFF military operations against Russia."

That might mean that Germany has been so weakened that the Finns think they can get out from under her thumb.

IN France, the chief secretary to the Vichy minister of the interior, a staunch collaborator, is found dead along a railroad track some 80 miles from Paris. A German restaurant in Paris is bombed and in retaliation the Germans put all Paris cafes and public places under a 5 p. m. curfew.

There are vague reports of an incident at Brest that causes suspension (by the Germans) of the entire city council and the mayor. Stockholm hears that French-German relations are at their worst since the armistice.

IN this connection, remember that Napoleon's downfall was started by DEFECTION of nations he had conquered and forced to be his allies. The defections began IMMEDIATELY AFTER his disastrous adventure into Russia.

insisted that they were fighting only for recovery of territory vital to protection of their national life.

Sharing importance with the possibility of Finnish withdrawal from the war was the growing strain between Germany and the Vichy government and between them and the people of France. These tensions have become more and more apparent since the United States entered the war.

Some aspect of this complex of political stress appeared today to have resulted in the death of Yves Perringaux, chief secretary to Interior Minister Pierre Pucheu, one of the staunchest collaborators of Vichy. The secretary's battered body was found along a railway track, in occupied France, within 85 miles southeast of Paris.

The red army's powerdrive was reported officially today to have carried through Belev, 100 miles west of the German high water mark on the southern flank of the Moscow arc. The Belev drive paralleled a pincer movement farther north to which Borovsk had fallen, heightening the threat of entrapment for the Germans at Mzhaisk, west of Moscow.

There was an upsurge of aerial warfare in western Europe while over the Egyptian-Libyan border region the RAF hammered at axis holdout forces in the area of Halfaya "Hellfire" pass. The air assault was timed with landing attacks.

DEFENSE PROBLEM
SAN FRANCISCO, (AP)—Blackouts threaten to change the nightly prowling habits of the family cat.

The society for prevention of cruelty to animals advised owners to keep kitty, as well as Fido, inside the house at night. "Exploding firecrackers on the Fourth of July are enough to drive cats and dogs nearly crazy," said the SPCA. "During a bombing, they might do a great deal of damage."

WOOL MEN SENT TO LA GRANDE SESSION

LAKEVIEW — Lake county will send a strong delegation to the annual convention of the Oregon Woolgrowers association which will be held at La Grande commencing January 8. The following Lake county stockmen have been appointed to the various convention committees: Jerry O'Leary, Charles E. Campbell, Vancel Withers, Bill Hickey, Jimmy Ozamis, George Deter, Jack O'Keefe, and Dan Dugan, all of whom will serve on the federal agricultural program and the wild life committee.

Bob Weir of Crooked Creek is chairman of the Taylor Grazing committee for the convention. He will be assisted by Mike Deely, Jack Deboy, Mike Sullivan, Jack McCarthy, Jerry Egan, Charles Crump, P. P. Barry, Con Fitzgerald and Tim Guinee. Emil Enquist of Drews valley will work on the general resolutions committee. Enquist will also work on the transportation, and marketing committee. The others from this county who will also work on this committee are M. M. Murphy, Earl Small, Dave H. O'Connor, Walt Leemann, Tim Twonmney, Jack McCarrie, Con Taylor, Con Lynch and Hubert Coons.

Ned Sherlock, assisted by A. L. Travis, William Hotchkiss, David T. O'Connor, Stanley Hanson and George Stockburger will report for work on the committee on forest grazing. This will be the 45th annual convention of the Oregon Woolgrowers.

BOSTON WOOL

BOSTON, Jan. 5 (AP-USA)—There was very little activity today in the Boston wool market. Only occasional inquiries were being received for fine territory wools at mostly \$1.10 to \$1.12 scoured basis on wools of average to good French combing lengths. Graded one quarter blood bright fleece wools were receiving a little demand at 51 to 52 cents in the grease.

"Turn Inside Button," Says Police Advice

(Continued from Page One)

reason that the following diagram has been drawn up—to show the proper method of making a left turn. In other words a left turn should be made inside the cube and this method of making a left turn applies to all intersections, regardless of whether there is a cube sign at the intersection or not.

In approaching a left turn you should move your car into the left lane and do so well in advance of your intended turn. The reason for these provisions should be self-evident, but in order that there may be no misunderstanding of this important point we mention briefly the advantages of traffic lanes in making turns.

Traveling in the left lane before making a left turn is even more important in making a left turn than in making a right turn. Cars ordinarily pass on the left and the driver who carelessly attempts to make a wide left turn is needlessly inviting a collision with any car which might be passing as he begins the turn. If, on the other hand, he had previously moved to his proper position near the middle of the street and had given his hand signal the car following would pass on the right without danger.

OPM Orders Use of New Wool Reduced

WASHINGTON, Jan. 5 (AP)—The OPM Saturday ordered civilian use of new wool, such as for clothes, rugs and other items, reduced during the first quarter of 1942 to only 40 per cent of the amount used during the same period last year.

The order became effective immediately. The industry as a whole was ordered to limit its use of new wool for all purposes during the quarter to 80 per cent of the total consumed in the 1941 quarter.

Details of the wool conservation plan were announced by OPM last week, and issuance of the order formalized the restrictions. No limits were imposed on manufacturers who use their entire wool supply for military production.

NOT EDIBLE

BRIDGEPORT, Conn., (AP)—John Wiley, 6, became a belated Christmas casualty. While holding a Christmas tree light bulb in his mouth, he bit too hard.

LAKE COUNTY BOND SALES HIT \$107,000

LAKEVIEW — Residents of Lake county purchased \$107,830 worth of Series E defense bonds during 1941, according to figures furnished by the distributing agencies. Sales for the month of December jumped to \$33,743.75. On January 2 delivery was made to numerous purchasers of \$9000 worth of bonds. One Lake county purchaser bought \$50,000 worth of Series G bonds last year.

The county defense bond committee is being expanded in order to take care of the drive which will soon be made to obtain pledges from every wage earner in Oregon to buy one or more bonds in 1942. The per capita purchase of bonds in Lake county now exceeds one bond for each inhabitant.

Two Children Hurt In Snow Mishaps Over Sunday

Two children were injured in Klamath county Sunday, both struck by cars while playing in the snow.

In Klamath Valley hospital with his face severely crushed is Rino Zonatto, 7-year-old son of Mr. and Mrs. Giacinto Zonatto of Algoma, whose head was run over early Sunday as he coasted into the path of a car. The child was brought to Klamath Valley hospital where his condition was said to be good.

Michael Moretz, 5-year-old son of Paul Moretz, janitor of the Fairview school, suffered a bad cut on the head when he slipped and fell in the path of an oncoming car Sunday morning on Worden street near the school. According to witnesses, the child was crossing the icy street when he saw a car coming and in an effort to get out of the way, slipped on the ice. The driver, attempting to avoid crashing into the child, struck a parked car but the boy received a head injury. He was given emergency treatment at Klamath Valley hospital and allowed to return home.

Details of the wool conservation plan were announced by OPM last week, and issuance of the order formalized the restrictions. No limits were imposed on manufacturers who use their entire wool supply for military production.

TAXPAYER LEAGUE

A meeting of the Klamath County Taxpayers league will be held at 7:30 p. m. Monday evening at the office of B. S. Grigsby, Seventh street and Klamath avenue, according to an announcement by J. G. Patterson, president.

Members of the league said that the organization has not met for a long time, but that various matters of public business had come up that will be given the attention of the group.
