METHODS TO HELP DEALERS CANVASSED

WASHINGTON, Jan. 14 (P)—The today small business committee has canvassed methods for keeping automobile dealers in business, even though passenger car production has been curtailed by the conversion of the auto industry to strictly war purposes.

The committee was called in session only a day after the office of production management announced appointment of a management-labor subcommittee charged with working out plans for the conversion.

Cyrus Ching, vice president of the U. S. Rubber company, will be chairman and the group will meet in Detroit whenever he calls it. Members will be Edsel Ford, president of the Ford Motor company, C. E. Wilson, president of General Motors, C. C. Carlton, vice president of the Motor Wheel corporation, Walter P. Reuther, and Richard Frankenstein, vice presidents of the CIO-United Automobile Workers, and George F. Addes, the union's treasurer.

All except Ching were members of an original ten-man committee—five for labor and five for management—which was deadlocked over a union proposal that the job be done under joint industry-labor-government supervision.

In the meanwhile the house group called officials of the National Automobile Dealers association to tell what they believe should be done for the nation's 44,000 dealers, hard-hit by the government's plan to discontinue pleasure car production.

Committee Chairman Patman (D-Tex.) said dealers already were going out of business by the score and that his group "feels that the government has a distinct responsibility to the public to see that this necessary dealer service is maintained."

HIGH SCHOOL News Notes and Comment

By MAURICE O'CALLAGHAN "With These Weapons," a movie which covered venereal diseases, was shown to the Red Cross home nursing classes Tuesday.

The film was also shown the biology classes.

The high school is rallying around the flag of the Red Cross. Students are buying tickets for the dance given by the Boys' Alliance Thursday afternoon.

One home room, Paul Deller's, had a 100 per cent sale by 9:05 the morning of the sale's start. Many terms the dance one of the most noteworthy and helpful events sponsored by a high school group.

Tickets for the dance sell for 10 cents each and the proceeds will be turned over in their entirety to the Red Cross war relief fund which Klamath county is trying so hard to fill.

Many who don't dance, and many who are not planning to go to the dance are buying tickets to the affair. Even townspeople are buying them.

The dance will have a first look at the newly formed high school dance band of 10 pieces, instruments not music. School is progressing as usual with many classes having final exams which end Thursday.

Remember the basketball game this Friday and the one Saturday, both with Bend. Bend has never failed to bring an excellent team against our Pelicans, and should this year prove a very formidable opponent so be sure to be there.

Niel Mayfield, outstanding end of this year's Pelican football team, has returned to school from Good Samaritan hospital in

Portland where he underwent an operation on his knee which was injured during football season. He is in fine shape, although he does have a slight limp which will pass as soon as his leg gets farther along the road to recovery.

He will undoubtedly aid greatly in making next year's football team even better than that of the past season, if that is possible.

Officers of Klamath IOOF No. 137, IOOF for the first term of 1942 will be installed on Friday evening, January 16, by District Deputy Grand Master Charles H. Newman, and a staff of grand officers appointed by him.

All members of the lodge are urged to be in attendance for this meeting and visiting brothers are cordially invited to attend. Refreshments will be served after the meeting, and several committees appointed to assist the new noble grand in his work for the term.

Weekend Traffic Accidents Quiet

Weekend traffic accidents in the Klamath district were practically nil, with only minor collisions reported and no injuries. Walter H. Hyatt of the Hart hotel here, reported that his car

went over an embankment on Shasta way early Sunday morning in avoiding collision with an approaching car. A three-way crash on the Lakeview highway Friday night involved Forrest Breithaupt and Carl Smithers, both of route 2, and Jack Harrison of Beatty.
