

STUDENTS ASKED TO CHECK ENTRIES

Students of Klamath Union high school and Sacred Heart academy who are submitting essays on "Unity for Victory" in the seventh annual national Americanism contest of the Ladies Auxiliary to the Veterans of Foreign Wars of United States, are advised to check their entries carefully to see that every rule has been observed.

Complete rules and information are available in folders that can be obtained from Mrs. Rosella Cline, contest chairman, Post 1383.

Members of the VFW auxiliary who are sponsoring the contest in every state and in Hawaii, have instructed judges of the local, state and national finals to disqualify entries which do not conform rigidly to the 1941-42 rules and regulations. The Klamath auxiliary is offering \$5 for the best local essay.

For instance, the essays are limited to between 500-1000 words. This means, according to Mrs. Cline, that an essay 499 words long or one 1001 words long will be thrown out. Every word is to be counted, including a, and, and the, Mrs. Cline declared.

Essays will be judged 50 per cent on literary construction, 25 per cent on interpretative views and 25 per cent on patriotic inspiration. Manuscripts must be typed, double spaced, on one side of the page only. The original manuscript must be accompanied by a declaration affirming that the essay is of the contestant's own authorship and signed by the contestant, and his teacher or principal. The contest closes February 22.

Radio Squeal May Be Used as Air Raid Warning

PORTLAND, Jan. 16 (AP)—The squeal that comes out of the radio may be just the thing civilian defense officials are looking for.

Carol E. Keeler, former Oregon state policeman, said yesterday that he had developed amplification of the sound from an oscillating radio tube that would make an ideal air raid warning signal.

He is getting a patent on the device but offered it free to Portland officials.

Specialists in Sweets Speak Up With Recipes

When home economic instructors write out their favorite recipes, housewives are in for good eating. Eleanor Johnson of Janesville, Iowa, just had her recipe accepted by "What's New in Home Economics," a professional publication. So did Belle Mayer of Lincoln, Neb.

FRUIT NUT BREAD
(Eleanor Johnson)
One-half cup dried apricots, 2 cups flour, 1/2 teaspoon salt, 2 teaspoons baking powder, 1/2 teaspoon soda, 1 large orange, boiling water, 1/2 cup raisins, 1 cup sugar, 2 tablespoons butter, melted, 1 egg, beaten, 1/2 cup nut meats, cut fine, 1 teaspoon vanilla.

Cover apricots with water (about 1 cup); soak half an hour. Sift and measure; sift again with salt, baking powder, and soda. Squeeze juice from orange into a cup and set aside. Put apricots, orange rind and raisins through coarse blade of food chopper. Add enough boiling water to orange juice to make one cup, then pour over ground fruit. Add sugar and melted butter and mix well.

Add beaten egg, and blend. Add sifted dry ingredients, stirring until just combined. Then stir in nuts and vanilla. Pour batter into a greased loaf pan 9"x5"x2 1/2". Bake in slow oven (300° F.) for one hour, then remove from pan and place on cake rack to cool.

GRAHAM CRACKER FUDGE COOKIES
(Makes 2 dozen 1 1/4-in. squares)

Two squares unsweetened chocolate (2 ounces), 1/2 cup evaporated milk diluted with 1/2 cup water, 2 cups sugar, 1/2 teaspoon salt, 1 tablespoon butter, 24 marshmallows, 1 cup nut meats, cut fine, 2 cups graham cracker crumbs (about 1/2 pound), 1 teaspoon vanilla.

Melt chocolate in saucepan over a low heat. Add milk diluted with water, sugar and salt. Stir until sugar dissolves. Cook until syrup will form a soft ball when dropped into cold water (230° F.). Add butter and marshmallows. Let stand until lukewarm (110° F.). Then stir until melted marshmallows and butter are well-blended with syrup. Add nuts, cracker crumbs, and vanilla and mix well. Pack into a well-greased, shallow 8-inch square pan. Chill in refrigerator several hours. Cut into 1 1/4-inch squares.

LUNCHEON: Tomato juice, added beans, brown bread, ginger pears, tea, milk.

proof is sometimes another matter. It's easy to make exaggerated claims, but not so easy to back them up. That's why Safeway is always so careful to say exactly what it means in its advertising, to give information that is accurate and dependable. When we say ALL Safeway prices are consistently low every day, and that, though we will not cut prices below cost but will meet them item by item and day by day, if others make such prices, we mean exactly what we say. CELERY STALK

Which Stalk is FULL-VALUE for your money?

Funny thing about celery. It's commonly priced at so much a stalk.

Yet one stalk may give you as much as 40% more celery than another. How can you tell which one you get?

Safeway doesn't believe in asking you to gamble like that.

At your Safeway, celery is priced by weight. You simply pick the exact size celery stalk you want . . . and the weight of that particular stalk determines the price you pay. You get FULL-VALUE for your money — every purchase!

This full-value plan applies not only to celery. Safeway has extended the sound plan of pricing by weight to every kind of fruit and vegetable we sell.

All the many advantages of pricing by weight are available to you at your Safeway produce department — on every item you buy! Why don't you come in and see what it means in more for your money?

MARTHA: I thought you'd like it. I'll have your strong coffee in a minute.
