Garcelon's

HERE WILL be no more Franciscan ware at the 23 per cent saving after the factory sale is ended on February 15. I heard this week at Garcelon's. . . So if you're going to get any more of this famous pottery any time during the next year or so, you'll be wise to buy it while the sale is underway.

The prices on the sale pattern, which is Franciscan's most popular one. . . The Coronado. . . Really are 25 per cent lower than the open stock price.

The 20-piece set for four is \$6.95. . . The 30-piece set for six, \$10.50. . . The 40-piece set for eight, \$13.75. . . In case you've forgotten my mentioning the matter several weeks ago.

You have a choice of soup bowls or cereal dishes, too. . . And don't forget that Garcelon's has budget and lay-away plans, if you want to use either. . . Your lay-aways don't have to be taken home before the sale ends February 15. . . But can be picked up any time.

Beauty Shop

RUBY ENGEL is going to move. She's been trying to run the Medical-Dental Beauty shop alone, since Lila got married and stopped working, and it was just too much for one person. . . Of course, she did try to get another girl, but without success.

I think she is wise to move to the Studio of Beauty on the mezzanine at Whyal's. . . It's a beautiful shop, with separate booths for each of the operators and a lovely atmosphere.

And Fern Short, owner of the Studio of Beauty, is a nice person to work for, the girls up there tell me. . . So all in all, I think Ruby is going to be happy in the new place.

Next Monday, February 2, will see Ruby at the Studio of Beauty. . . And you'll see me entering the Ninth street door of Whyal's and running up the stairs to follow my favorite beauty operator to her new operating base!

There seems to be a little fear among stylists that the present popularity for suits and blouses will make women too masculine-looking. . . So several are designing blouses with novel pockets, lace or embroidery trimming, contrast piping to edge sleeves, collars and closings.

Suburban League Schedules Benefit Party Friday Night

Members of the Suburban league auxiliary, meeting recently to discuss plans whereby they could contribute to both the March of Dimes and Doernbecher hospital for children funds, voted to hold a benefit party Friday night, January 30, in the Shasta school. The affair will be held at 8 p. m.

A cordial invitation to all interested persons to attend the benefit was issued Thursday by the women in charge. Per cent of the money will go into the infantile paralysis fund, the other 50 per cent to be turned over to the Doernbecher fund. The Doernbecher donation is presented each year by the Klamath Falls Woman's Library club and all interested women of the county.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. When they become weak, the acids and waste build up in the blood, and the result is backache, rheumatism, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or empty passages with a burning or stinging sensation are also signs of kidney trouble. Don't wait! Ask your druggist for Doan's Backache Kidney Pills. They give happy relief and will help the 15 million of kidney troubles that afflict the people of this country. Get Doan's Pills.

More and more women are expected to make their own clothes. . . That is, if they follow the example of British women who are now doing about 300 per cent more of their own sewing than they did in September, 1939, when Britain went to war.

Currin's

THE NEWEST and most sensational camera film is now on the market. . . And you'll find it at Currin's. . . It's the Eastman Kodak color, which enables you to take color pictures with almost any kind of camera. . . (Even a Brownie). . . And have natural color prints made from the film.

Estle ("the camera bug," his boss calls him) is back at Currin's. . . And he showed me some of the prints. . . They're simply beautiful. . . Honestly, you wouldn't believe such glorious, natural colors could be reproduced in a print. . . Which is one of the reasons why it is so sensational.

The Kodacolor film comes in five sizes. . . If your camera uses film numbered 127, 120, 620, 116 or 616 you can take Kodacolor pictures. . . The cost of the film includes the developing, which the Eastman company insists upon doing itself at its own laboratory, because the developing process is quite complicated and only the Eastman plant is equipped so far to do the job.

Complete instructions for taking Kodacolor pictures come with every roll of film. . . But Estle told me that the instructions are very simple. . . Not much more care need be taken with lighting and distance than with ordinary black-and-white film. . . But the difference in the prints is stupendous!

After you see a Kodacolor print you'll never want to go back to black-and-white. I'm afraid. . . The cost isn't so much, either. . . I can't remember the prices for the different sizes of film, including developing. . . And I think all the prints are 40c each.

There's going to be a tremendous run on Kodacolor film as soon as camera fans realize how easy the pictures are to take and how beautiful the results are. . . So if you exercise good common sense you'll rush down to Currin's and ask Estle about this sensational new film right away.

PROPHECY

Six months from now—
If tires are as hard to get as they are today. . .
If the bicycle era returns. . .
We'll find lots of women wearing slacks downtown.

Coast Senators To Discuss Jap Alien Question

WASHINGTON, Jan. 29 (AP)—Senator Bone (D-Wash.) said yesterday that Pacific coast senators will meet soon to consider the problems arising from the presence of large numbers of Japanese on the coast and will survey measures taken to protect the people from air raids and fifth column activities.

The meeting, Bone said, will be called by Senator Johnson (R-Calif.) as dean of the coast delegation.

"We want to thresh out the question of whether a definite program of protection is underway and whether the controls are adequate. Lot of people out there are badly frightened," Bone said.

There are about 14,000 Japanese in Washington and a large number in California, he pointed out.

Other senators have complained about vague answers from the government when attempts to learn of protective steps are made.

You just can't drill it into some people that there's a time to stop boring.

GRAINS RECOVER SOME OF LOSSES

CHICAGO, Jan. 29 (AP)—The grain market regained its equilibrium today, recovering some of the loss inflicted during yesterday's sharp price slump.

Buying by processors, consuming interests and professional traders who were attracted by the lower price level helped to lift corn and rye a cent or more at times, and wheat and oats fractionally and soybeans more than 3 cents. Some of the strength was associated with the fact that traders estimated that corn futures prices had slipped slightly below 85 per cent of parity, the level which the government hopes to maintain in order to stimulate livestock production. Wheat was quoted below the price at which the government is offering old grain for sale.

Wheat closed unchanged to 1 cent higher compared with yesterday, May \$1.30-1.31, July \$1.32-1.34; corn 1-1/4c higher, May \$1.84-1.86, July \$1.84-1.86; oats 1-1/4c higher, 1-1/4c lower; soybeans 2-3/4c higher. Profit taking continued to exert pressure on rye prices.

SMALL SKIT GROUPS REPLACE FESTIVAL

Klamath county will substitute community square dance training and local skit festivals for the all-county skit festival held here last year, it was decided at a meeting of the festival committee called Wednesday by Mayor John Houston.

Square dance training will be carried on under the direction of Miss Izola Jensen, extension specialist in community recreational activities, whose headquarters are in Corvallis. Three or four centers in the county will be announced later, depending on how often Miss Jensen will be able to conduct the training.

Present at Wednesday's meeting were Mayor Houston, Mrs. Winnifred Gyllen, Mrs. A. R. Dickson, Harry Boyd, Clifford Jenkins, Joe Hicks and Mrs. Isabelle Brixner.

Langel Valley

Starting February 3, the Red Cross sewing group will meet at the home of Mrs. Bessie Frazier every other Tuesday. On alternate Tuesdays they will meet at the home of Mrs. Bessie Campbell, and it is hoped that many of the women will be able to attend both meetings.

Coach White of Bonanza high was a dinner guest at the Elliott House home on Wednesday evening.

Mr. and Mrs. O. C. Johnson, Mrs. Mary Dearborn and Wes Dearborn were dinner guests of Mr. and Mrs. Les Leavitt and family on Sunday.

Congratulations to Mr. and Mrs. Claude Shuck, who are parents of a baby son born Thursday at Hillside hospital.

The Louis Webb family of Bonanza spent Sunday with Mr. and Mrs. A. Dearborn and family.

Lester Leavitt left Tuesday morning for Las Vegas, Nev., to

visit his parents and other relatives.

Mrs. Mary Dearborn and Mary Ann Leavitt spent Friday evening with Mr. and Mrs. Wes Dearborn and family.

Mr. and Mrs. Frank Brown spent Sunday with her parents, Mr. and Mrs. Charles Hammond.

Miss Hazel Morrison of Klam-

ath Falls visited friends in Langel valley on Wednesday.

The Complacent Arab and the Creeping Camel!

You know the story. The complacent Arab first allowed the camel to put his head in the tent. Then his shoulders. Finally the camel pushed all the way in . . . crowded the Arab out into the cold.

In that way, too, a free people can allow one little restriction to follow another . . . until freedom is crowded out. How can we avoid it? The answer is simple: The people must know what is happening. They must have a free press to tell them the facts.

In Germany, Hitler muzzled the press . . . signed up Goebbels. Then when a restrictive law was passed, no newspaper could criticize. The press had to say: "You will like this fine new law! It is good for the state!" And the people believed it. For that was all the news they had. So they passed into POLITICAL slavery . . .

But that wasn't all! Hitler, for example, brought out a motor car. He told the press to say it was "The Best That Could Be Made." Competition was chained and muzzled. The public read only Hitler's claims. This way, and in a thousand others, they lost their right to choose. So they lost their ECONOMIC freedom, too!

Remember, a dictatorship cannot live with a free press, a democracy cannot live without it. FACTS are the bedrock under your democratic right of deciding what

To do, where to go, what to buy, how to vote.

Don't imagine the wide Atlantic safeguards freedom of the press in America! For the REAL danger is right here . . . in COMPLACENCY . . . in taking this freedom too much for granted.

The publisher can't do the job alone. It is YOUR responsibility, too! For it is your freedom, as well as ours, which MUST (be protected!

"But," you ask, "just what can I do?"

To begin with, read your newspaper more carefully than ever. It brings you the FACTS. Think about what you read. Watch for restrictions (beyond those really necessary in time of emergency), restrictions not only on the press, but on ANY of your freedoms. Should you spot one, talk to your friends about it! Wake them up, too! Write to your editor! Be an active citizen!

For, if you are complacent, democracy may be crowded out. Remember the Arab and the Camel!

In Germany, Italy, Russia, Japan, a government agency decides what the people shall read and hear. Not so in America. Do your part to preserve the American way of life.
