By The Klamath County Nutrition Committee

"Enriched" flour has become familiar to Klamath county housewives, many of whom know its superior food value and ask for it in preference to ordinary white flour.

The Klamath county nutrition committee for defense, of which Mrs. Winifred Gillen, county home demonstration leader, is chairman, is making a survey among local merchants to determine the actual amount of enriched and whole wheat flour and bread used in the county.

Dr. Peter H. Rozendal, county health officer, is conducting the survey as chairman of the nutrition committee's fact-finding committee.

The Klamath nutrition committee is emphasizing enriched flour, and whole wheat flour, in its recipes this week. It should be understood that nutritionists do not recommend "enriched" flour in place of whole wheat flour as the latter already exceeds the minimum

erate oven for about 10 minutes to dry it off. If the bread seems likely to crumble, loop a string around the loaf and cut slices by pulling the ends of the string.

COUNCIL DISCUSSES WHISTLE FOR FIRES

DORRIS—A request for purchase of an air whistle to indicate positions of fires was made to the city council at its monthly meeting by James Hodgeman, member of the Dorris volunteer fire department.

Hodgeman said the firemen felt the addition of a whistle would speed action in fighting fires within the city limits.

After the siren wail, the whistle would blow a series of long and short blasts to inform firemen as to where the blaze is located. The proposed plan would eliminate the delay caused by having the firemen

meet at the fire station for instructions. J. F. Shelley, temporary chairman of the city council, suggested that estimates on costs of air whistles be presented to the council at a later date.
