

# 1,500,000 MEN HURLED ACROSS SOUTHERN LINE

(Continued From Page One)

American waters and the Italians reporting success in attacking "a great British naval squadron" in the eastern Mediterranean.

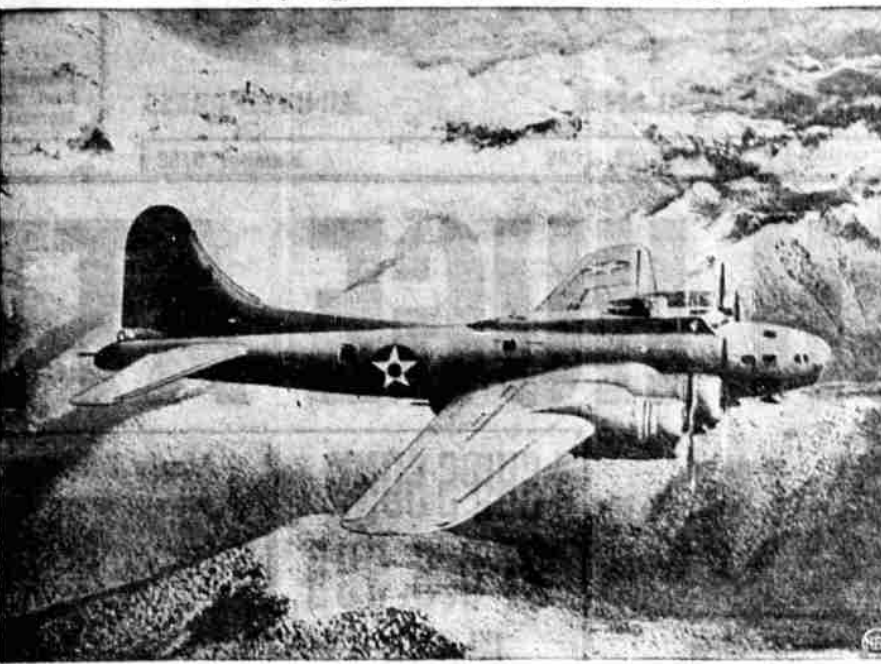

Premier Mussolini's high command said waves of Italian torpedo-carrying planes scored hits on three British cruisers and probably sank one of them.

"This action was repeated by German planes and submarines, which renewed the attack and hit with certainty two more naval units of the enemy," the fascist high command said.

An Italian submarine was acknowledged missing.

The German version of the Mediterranean battle listed five British cruisers as damaged—three hit by Italian torpedo planes, another by German bombers, and the fifth hit twice by Nazi U-boat torpedoes.

## Our New Flying Fortress, Proven Under Fire

Magnificent picture shows the U. S. Army Air Corps' B-17-E, newest type Flying Fortress, in flight over Washington state's Cascade range. Earlier models, less efficient than this one, have been doing a job on the Japs attacking Java.

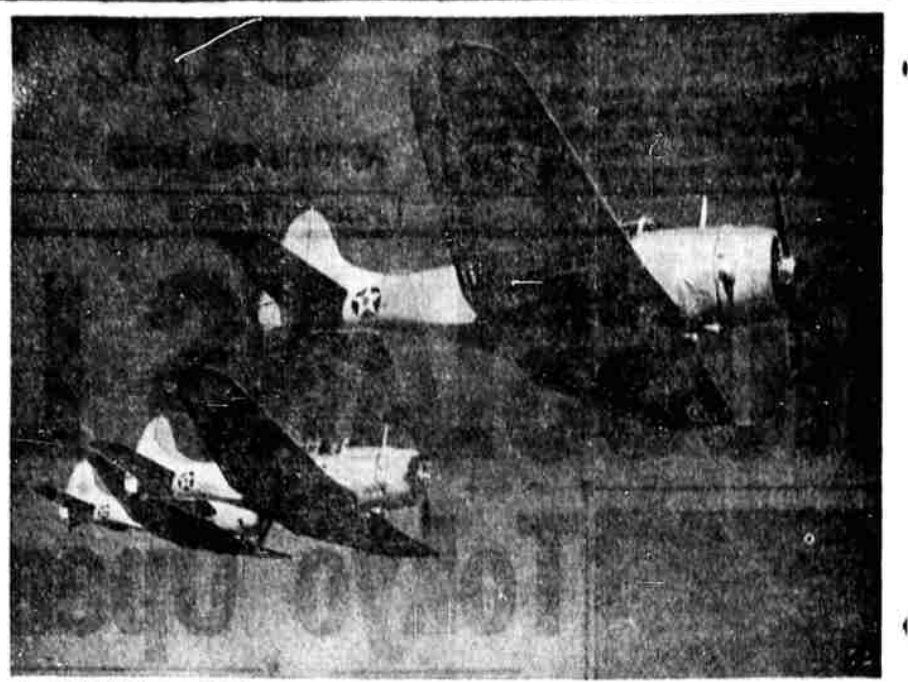

# U. S. BOMBERS CRIPPLE PART OF JAP FLEET

(Continued From Page One)

Japan's threatened invasion of the vast Australian mainland.

However 12 Japanese bombers raided Port Moresby, the capital and major port, on the south coast only 300 miles from Australia's Cape York, and caused slight damage yesterday. There was an unverified report that a strong enemy convoy was heading for Port Moresby.

Unless the air, naval and land strength of allied forces assembled on Australia is materially greater than was employed in the battle of Java, any major Japanese army striking there, or even upon the Australian coast, would have a good chance of establishing another beachhead in the series executed southward from Luzon.

DIVE INTO FAME—Three Navy dive bombers, Douglas SBD, skim through California skies, powered by Wright-Cyclone engines. The Army's Douglas A-24 is an adaptation of this plane. This type bomber recently figured, along with P-40 fighters, in a successful attack by American air forces on Japanese shipping massed off the coast of Bali, N.E.I.

## MILLAGE FOR FIRE BUREAU PROPOSED

(Continued From Page One)

that the city is spread out over a wide area which does not have proper protection.

Here are the recommendations, summarized:

1. Buy one 1000-gallon pump, and install it in suitable quarters in the city hall (which would become fire station No. 2).
2. That sufficient manpower be added to properly man the two stations.
3. That steps be taken to acquire suitable locations in the Mills addition area and the Oregon avenue district for future development in these areas, and that a start be made on accumulating funds to build and equip stations in these locations.
4. That a definite replacement policy be adopted.
5. That a charter amendment for an 8-mill continuing levy be submitted at the May primary to the people.
6. That the \$38,000 now budgeted annually for the fire department be lifted from the tax burden entirely, as it will be replaced by the millage levy if voted.

**War Emergency**

In conclusion, the committee stated that since its appointment a war has developed a real emergency and the people of the community should be given opportunity at the first possible time to provide for increased protection against fire and also provide for a long-range program for future development.

The committee drew up its recommendations at a meeting held Monday night and called by Rollin Cantrall, chairman of the city council fire committee.

## Girls Trained for Redmond Mill

REDMOND, March 12 (P)—Anticipating labor shortage, Bert Peterson, owner of the Tite Knot Pine mill of Redmond, disclosed today he has been training high school girls as lumber tallymen.

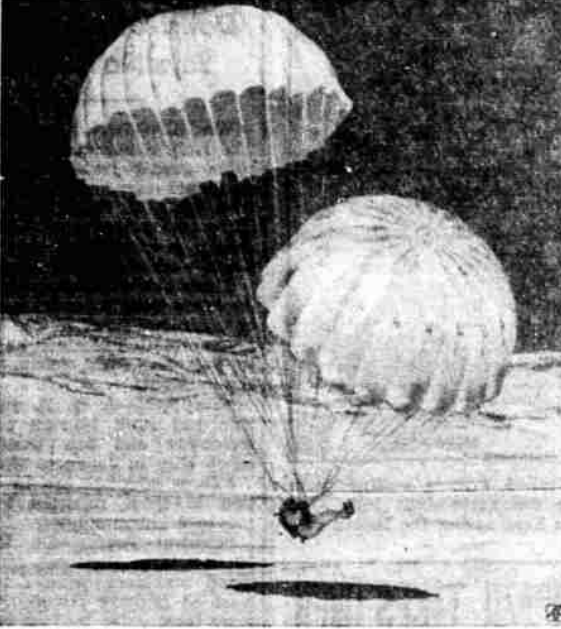

Two of the girls, Lela Lynam and Gene Hansen, are ready for jobs and Pete... expects to employ at least one of them soon.

## Pelicans Ousted From Tourney by Eugene, 45-34

(Continued from Page One)

school basketball tournament today by handing a 48 to 19 drubbing to Vale, whose players are the smallest of the 16 tourney teams.

Salem scored 17 points before Vale registered a lone point after a minute and a half of the second quarter.

McLoughlin high school of Milton-Freewater defeated St. Helens 44 to 24. Regarded as one of the stronger tournament teams until defeated by Medford 31-26 yesterday, Mac-Hi had little trouble today.

Oregon City, beating Columbia Prep 30 to 26 in a ding-dong battle, remained in the consolation play, while Columbia Prep became the third team to be dropped today from the tournament.

Columbia Prep was ahead 16 to 12 at the half, and led all the way until the last three minutes, when long shots by Mather and Mills won the game for Oregon City.

**Summary:**

\$2.40 QT.

Answering the Army's call for dogs for sentry duty, Sandra Owsley says goodbye to Pat, her doberman pinscher, in Los Angeles.

## SCHOOLS NAME NEW DIRECTOR OF MUSIC

(Continued from Page One)

us for the coming year was not disclosed in the announcement, the assignments to be made later.

The final action of the board Wednesday night was taken after consideration of a letter from a committee from the directors of the Klamath Kiwanis club, which described the "outstanding work" Stanfield has done in the high school here in developing the music program, and praising his development of music "that the people of the community like." The letter declared that Stanfield is qualified to fill any music position existent or which might be created in the schools here and urged that he be encouraged to remain in the system.

Members of the committee were John H. Houston, Ted M. Medford, Joe Hicks, Charles E. Seavey and Malcolm Epley, chairman. The committee was appointed at a meeting of the club directors and past presidents Wednesday noon.

Superintendent Gralapp stated that Loney is an outstanding man in public school music on the Pacific coast and is pre-eminently qualified to develop a coordinated music program in the public and high schools here.

Loney has been president of the Northwest Music Educators conference, vice president of the National School Vocal association, chairman of the regional national competition festival, president of the Oregon Bandmasters association, and a member of the summer session faculties at the University of Oregon and the College of Puget Sound.

His activities include conductor of band clinic at the University of California, conductor of National Clinic band and orchestra at the University of Illinois, director of many combined and festival choruses, and advisor of public service programs for the National Broadcasting company.

## Italian Arrested In Medford Area

PORTLAND, March 12 (P)—An Italian national from the Medford area, said to have had contraband articles in his possession, was held here today, J. Douglas Swenson, FBI chief, reported.

## NEW THEATRE

PORTLAND, March 12 (P)—The new \$30,000 Portland Civic theatre was dedicated last night with presentation of the comedy, "George and Margaret."

You can seat five persons at a table in 120 different combinations.

## EN ROUTE TO U. S.

CALCUTTA, India, March 12 (P)—A nine-man Chinese military mission arrived from Chungking today en route to the United States.

## DEFENDANT WINS IN CAR ACCIDENT CASE

A circuit court jury Thursday returned its verdict for the defendants, after a four-day hearing of evidence in the accident case involving E. S. Johnson against E. A. Vanderhoef, Gordon Sines and Glen Branson.

The accident occurred at the Ashland-Weed junction on October 6, 1941.

Representing Johnson were Attorneys U. S. Balentine and J. H. Carnahan. Henry E. Perkins was attorney for Vanderhoef.

## Editorials on News

(Continued from Page One)

the present job is to WIN the war) hopes that after the war we of America do not find ourselves with the job of RUNNING THE WORLD left on our hands.

It is an immense job. It entails SERIOUS weaknesses.

Britain, with an empire scattered around the globe, is hard put to it to defend herself at all the MANY places she is under attack. She has all kinds of peoples to deal with in her empire.

Germany, with short, interior lines of communication and a racially unified people, has a relatively simple job.

This war is demonstrating that world empire involves frightful responsibilities and contains inherent weaknesses.
