STOCK MARKET CONTINUES TO EXTEND GAINS

NEW YORK, March 17 (AP)—The stock market got the green light—St. Paul's—today and extended Monday's recovery jump by fractions to two or more points.

Rails led the advancing procession at the start in the wake of the ICC rejection of the price administration's plea for postponement of freight rate increases.

Others on the forward swing included Great Northern, Chesapeake and Ohio, Union Pacific, Bethlehem, Sears Roebuck, J. I. Case, Sperry, Standard Oil (N. J.), Texas Co., Phillips Petroleum, Anaconda, Allied Chemical, Eastman Kodak, Westinghouse, J. C. Penney, Philip Morris and International Harvester.

The rails lost some of their steam as the office of defense transportation requested the roads to hold down certain rate hoists notwithstanding the OPA defeat.

Carrier bonds generally tilted higher. Commodities steadied after forenoon hesitancy.

GRAIN FLUCTUATES IN NARROW RANGE

CHICAGO, March 17 (AP)—Grain prices fluctuated nervously within a narrow range today although the market as a whole showed more strength than in recent sessions and at times developed definite rallying power.

This rising tendency was the result largely of a let-up in selling pressure in evidence recently, accompanied by small scale buying attributed to consuming interests and previous short sellers.

Users of corn apparently were in the market for more volume and mill buying of wheat was in evidence. Reduced receipts of most grains at major markets also was a strengthening influence.

Wheat closed unchanged to be higher compared with yesterday's finish, May \$1.28 1/4, July \$1.30 1/2; corn 1-1/4 up, May 88 1/2-1/4, July 90 1/2; oats 1-1/4 up; rye 1-1/4 higher; soybeans 1/2 lower to 1/4 higher.

Due to heavy pressure on the wires from war news, it will be necessary to reduce the number of stocks carried. Some papers in cities larger than Klamath Falls have eliminated the stock list.
