NEWS BEHIND THE NEWS By PAUL MALLON

"You can't go tearing around town just because you're wearing a uniform! I've got a wife and two boys in uniform, too—so you're not so extra special as you think!"

MacArthur and Morale

THE upping of General MacArthur to supreme command of the United Nations forces in the Far East did more for the morale of American citizenry than anything that has happened since December 7.

Continuing Levies in Tax Rate

THE current proposal for a four-mill continuing levy for the fire department directs attention to the various special levies of this type which are a part of the rate on which Klamath Falls property owners pay taxes.

Open Letter to City Engineer

Dear Taxi: We know you are busy and we know you have already done a good deal to help us save tires. But there are still a great many holes and rough spots on the pavements of the streets we travel, and we imagine there are others on the streets we don't travel.

ACCIDENT REPORTS LISTED BY POLICE

The following accident reports were announced Wednesday by city police: A. Wells, 1325 Pleasant avenue, reported an accident at Eleventh and Main on Saturday, March 14, at 4 p. m. The other party failed to make a report.

WASHINGTON, March 18—Hitler's unamplified promise to return Russia to its "definitive" frontiers after he annihilates its army was really a covert reference to a secret agreement supposed to have been reached recently within the axis for redistribution of the European and Asiatic spoils of war.

"Definitive" frontiers depend only on who does the defining. No natural rivers, lakes or mountains were involved in this one. The nazis, Italians and Japs merely met with their carving knives and picked out advance slices of the Russian meat. They adopted a new formula to replace the old classic Hitler-Mussolini plan for fascist dismemberment of Russia.

A separate Mohammedan state is to be created of all territory between Orenburg (southeast Russia) down to and including the west half of India (Turkistan, Afghanistan, but not Iran or Iraq).

This, then is the pre-division of the axis dominated world of Europe and Asia—Japan seizing everything along the Pacific shore and the east half of India. Germany everything from Leningrad to the Caspian, the Mohammedans and Mongols to share the intervening deserts, and the Italians (as befits a worthless ally) to get scraps from other tables elsewhere.

People ordinarily use words to convey their thoughts, but Hitler uses them to make you think whatever he wants you to think at any particular moment.

OBITUARY

LENA EMMA DUNTON

Lena Emma Dunton, a resident for the past five months, passed away in this city on Tuesday, March 17. The deceased was a native of Wellfleet, Nebraska, and was aged 31 years 2 months and 14 days when called. She is survived by her husband, Emile, and four sons, Elda, Mervin, Rodney and Lawrence, all of this city; her parents, Mr. and Mrs. George Shill of Salmon, Idaho; two brothers, Leonard of this city and Alfred of Bremerton, Washington.

NO ORDINARY LIAR

People ordinarily use words to convey their thoughts, but Hitler uses them to make you think whatever he wants you to think at any particular moment.

SECRETIVE REDS

Only one soldier of the United Nations has gotten near the Russian fighting front since the war began. A British marshal was conducted on a Cook's tour by the reds, but not allowed to get too close.

Free Nations Laud Naming Of MacArthur

WASHINGTON, March 18 (UP)—America and the other free nations allied in the common fight for existence today thundered joyous acclaim of the "best news since Pearl Harbor"—that Gen. Douglas MacArthur, a military genius imbued with the "habit of success" has assumed supreme command of allied forces in Australia.

NEED QUESTIONED

KLAMATH FALLS, Ore. (To the Editor)—Now that the superintendent of schools and school board have "clarified" Mr. Stanfield's position that leaves the school budget paying \$2600 to a supervisor for the elementary schools, Miss Darby's concert this spring definitely showed that she and her teachers are doing all right without \$2600 worth of supervision.

MORE ON SCHOOLS

KLAMATH FALLS, Ore. (To the Editor)—Now that we are all patting ourselves on the back and gloating over the fact that we have three such super men at the head of our school we should at the same time extend our heartfelt sympathies to LaGrande for it is just a year ago that these same men, all three, left their fair city.

PIANIST-INVENTOR

The famous pianist, Josef Hofmann, invented a steering device for automobiles and built one of the first steam-propelled cars in Germany.

Telling The Editor

Letters printed here must not be more than 100 words in length, must be written legibly on ONE SIDE of the paper only, and must be signed. Contributions following these rules, are warmly welcomed.

TOO MANY COORDINATORS

KLAMATH FALLS, Ore. (To the Editor)—We are hearing about some very queer happenings in high places. We understand that some of the frills and trimmings were dispensed, with the exit of chief coordinators of civilian defense, Mayor LaGuardia and Mrs. Roosevelt. But it seems there are 600 other specimens strewn about the country under one, Mr. Kelly of Philadelphia.

Now Mr. Editor, as my wife and I don't play any of these first four games, and feel a little foolish to be caught playing marbles at our age, what would you advise us to do in case enemy bombs start falling around us?

Who, for instance, is the local coordinator of marbles? (We might try that.) You see, we want to do our bit to sustain public morale, and there's nothing like a game of marbles, or golf, or tennis, or billiards, or bowling; perhaps?

But then, we think of our boy who last year graduated from Klamath high and left Oregon State the day after "Pearl Harbor," and is now somewhere out in the blue Pacific in the US navy. We will be pardoned a few misgivings about this game of marbles bolstering our morale.

ART BENEDICT, 40 Pine St.

SMOKE ORDINANCE CONTINUED

KLAMATH FALLS, Ore. (To the Editor)—Mr. W. L. Larson is to be commended on his lengthy and well put together statement of facts. He said what I was going to say on the matter and a little more. I would have left the city's personal problems alone, however.

Klamath's Yesterdays From the files—40 years ago and 10 years ago.

From The Klamath Republican, March 20, 1902

One of the worst storms ever witnessed in that neighborhood did serious damage last Thursday and Friday at Klamath Agency. A high wind flattened the 100-foot barn of George Loosley on Seven-Mile creek, and also laid waste to the barns of Fred Melhase, Bird Loosley and Mr. Crance.

Immigration to Oregon this spring is reported to be 180 per cent greater than it was a year ago.

Freighters Mitchell and Joe Moore arrived from Ager Tuesday with big loads of goods for local merchants.

From The Evening Herald, Friday, March 18, 1932

Arthur Schuapp denied today he is a candidate for the state senate from this district.

Kiwanis club members took a special train to Tulelake for a community get-together in the new community hall there today.

Five used tires and two gas lanterns were found by state troopers today in a cache on South Sixth street.

Bottling Company Wins Sales Plaque

The Coca Cola Bottling Company of Klamath Falls has been awarded a Nesbitt Orange company plaque for compiling the best per capita sales record of the Nesbitt orange drink in the entire United States, Manager Ed Hamm of the local firm said Wednesday.

The Klamath bottling works sold 15.16 bottles for every person in Klamath and Lake counties during 1941, he said.

The firm was also awarded a gold cup for the best record of sales areas of the 30,000-70,000 population bracket.

Irish Shipbuilders Reach Patrick Goal

SEATTLE, March 18 (UP)—A brawny gang of Irish workmen sent the destroyer Doyle sliding down the ways last night, accomplishing their goal of reedying the vessel by St. Patrick's day.

The sponsor, of course, was Mrs. C. M. Maloney. She is the wife of a chief gunner at the Keyport, Wash., naval torpedo station. The vessel was named for another naval gunner, Richard Doyle, who served under Lieut. Stephen Decatur in Tripoli in 1804.

Courthouse Records TUESDAY

Complaint Filed Pauline Hogue versus Bernard Hogue. Suit for divorce. Charge, cruel and inhuman treatment. Plaintiff asks support money, custody of minor child, E. E. Driscoll, attorney for plaintiff.
