METAL, RUBBER SALVAGE GROUP FORMED HERE

Under the voluntary partici-pation division of the Klamath County civilian defense organization a scrap metals and rub-ber salvage committee has been formed for the purpose of or-ganizing the communities of the county for a concentrated and organized collecting of all scrap metals and rubber.

The committee which has ac cepted this task includes Robert McCambridge as chairman and Ray Garrison, Percy Dixon and Clifford C. Jenkins as other nembers of the committee with definite responsibilities for the

A chairman in each local area is being appointed to supervise the work in his community and to cooperate with those groups now working on the scrap metals and rubber salvage pro-gram. It is not the purpose of this committee to interfere or disrupt any work along this line that is now being done but rather to augment the work and to get every available pound of salvagable material moving to-ward the defense industries where they are so badly needed in this hour of national emerg-

As plans are completed for this county wide continuous drive for these materials the public will be kept informed as to how they can best cooperate.

Friday evening from 9:15 to 9:30 p. m. a panel discussion covering all phases of this work be broadcast over station

AVIATION METAL CLASS WILL START

A new class in aviation sheet metal will be started immediate ly at Klamath Union High school for trainees to work in the Boeing, Lockheed, or other aircraft

plants.

The class is for men who can meet the requirements of the various plants, which is an age limit of from 18 to 50 and a physical condition to meet working conditions. Boys who are interested can be taken into the class at less than 18 years of age, provided they will be 18 at the time of graduation.

Men who have been rejected from selective service may get into national defense training classes. Men are also needed to fill the radio repair and code

Anyone interested in signing up for these classes is asked to call 7595 or 3193.

News Notes and Comment

By MAURICE O'CALLAGHAN The students of KUHS have slumped back into the proverbial rut after the uprising of the past week, and not much is happening in the

building. vote was taken on the proposed names for the boys' gym. Pelican court, Mem-

orial court, George Wright court, Modoc court and Dwight French court were names on the ballots passed out to the students to mark. The voting was sponsored by the Krater who has for the past year endeavored to get interest alive

for the naming.

The students' choice will be announced in the next issue of the Krater.

REMODELING SNAG

Remodeling of the little theatre has temporarily run into a snag, and the electrical work on the theatre may be stopped until the proper equipment can be bought. Mrs. B. B. Blomquist said Tuesday that the job of in-terior decorating will probably be taken over so that work will not stop on the project. When the little theatre is completed it will be one of the best equipped high school dramatics plants in the state.

PIE SALE

The traditions committee held a pie sale Wednesday noon and night. It has been a tradition of the committee for the last several years to sell pies. The little pastries sold for 10 cents.

money received will go towards one of the several worthwhile projects that committee

BATES LEAVES

Guy Bates, assistant music in-structor of the high school, has gone to Medford to take a job of timekeeper in the cantonment construction there

Although his resignation was not effective until next year, the board gave him a release from same, and he has gone to the army building project where he will work until next September.

to take over his duties in the music department, and it is be-lieved that Charles Stanfield will take on his classes for the remainder of the year.

The students are preparing to greet college friends who will, if they follow their usual course
