

OPTIMISM IS NOTE SOUNDED IN IGL TALK

TULELAKE — An optimistic talk on the world situation by Bert Igl, Klamath Falls, imbued Tulelake Rotarians this week with the idea that perhaps after all the war will stimulate ingenuity and self reliance in the people of the United States. Lack of materials and implements upon which we have depended to make living easier should be the incentive for the manufacture of substitutes.

Brains, he remarked, will be put to use figuring out new ways of doing old tasks.

Mistakes in direction of the war effort must be expected and rectified and the population must expect such errors in such a gigantic undertaking, Igl stated.

President Clark Fensler called the meeting to order and the new reception committee of Eddie Gresham, George Reiben and Dick Dickson functioned perfectly. Charles K. Weise led the community singing. One guest, Glenn Kent of Klamath Falls, was present.

Karl Gentry, in San Francisco this week, will be chairman of the program next week. P. C. Bergeman also was in San Francisco on the meeting day.

Alturan Pays Official Visit to Tulelake Lodge

TULELAKE — Charles Baldwin, Alturas, inspector of the seventh Masonic district of California, paid his official visit to Canby Cross Masonic lodge, AF and AM Tuesday night. He was accompanied by Leon Smith, also of Alturas.

Arthur Schupp, Klamath Falls attorney, a thirty-third degree Mason, spoke on national defense. Fred Flock, worthy master of the Klamath Falls lodge, was also among a number of other Klamath Falls Masons present.

Otis Roper, acting master in the absence of Fred Fisher who entered service with the United States navy immediately after being inducted into office, presided.

Poe Valley

Among those who attended the auction sale from the valley at Malin Sunday were Joe and John Nork and Irvin Rose.

Web Van Meter and children, Louise and Dale, were weekend visitors here from Dorris.

Mr. Streeter was a business caller here Sunday from near Merrill.

The Bert Wilder family are moving into the old Earl Webber place.

The Jack Holzhauser family is moving to Klamath Falls where Jack has found employment.

Will Meacham made a trip to Ashland Monday.

Clarence Webber is getting some land ready for a crop of peas which he intends to sow this spring.

Vic Brown is getting some ground ready for potatoes on Archie Roberts' place.

Clarence Webber took a load of hogs to Klamath Falls market Friday.

Mr. and Mrs. Ross were shoppers in Klamath Falls from the valley Saturday.

Mrs. House is moving some of her things into the old Irvin house.

George Smith was a caller here from Malin Thursday.

SIESTA

RYE BEACH, N. H., March 20 (AP)—The girls of Stoneleigh college intend their spring siesta March 21 to be a gala affair.

They were a bit dismayed, therefore, when the invitations came back from the printer with a typographical error describing the event as the "spring siesta."

Blue Bell Potato Chips help me solve my daily lunch pail problem. The whole family likes their fresh, zippy flavor.

Blue Bell POTATO CHIPS

ALWAYS FRESH, CRISP!

By the Klamath County Nutrition Committee for Defense

Those of us who like our cakes, pies and pastries have been wondering how we can continue on a normal basis with sugar rationing looming in the foreground. One thing that will be done—we will be looking for sugar substitutes. Among the sweet foods that are being called to the colors in the defense kitchens of America are honey, molasses, corn syrup, maple syrup and sweet fruits.

Honey, which is 75 per cent sugar, is the oldest of the world's sweets. It may be used as the sweetening agent of cakes, cookies, pies, frostings, sauces, and as a beverage sweetener. The distinguishing characteristic of the sugar in honey is the ease and rapidity with which it can be assimilated into the bloodstream. When using honey in pastries, recipes should be used which are especially prepared for its use since the water content of honey must be taken into account.

Molasses is another old-time sweet. Molasses is the syrup of the sugar cane which is boiled down and contains all of the vitamins, minerals, and sugars in the original juice. When using molasses for sugar, it should be kept in mind that one cup of molasses will give as much sugar and sweetness as one cup of granulated sugar. One cup of molasses contains about four tablespoons of water. For each cup of molasses used in baking, one-half teaspoon of baking soda should be used.

Corn syrup may be used in frosting, cakes, cookies, pie and in canning. Sugar rationing may help America in proper nutrition in this way. Statistics show us that with normal consumption, the average person has too much sugar in his daily diet. The average daily consumption of sugar per person is 4 1/2 ounces. This will probably be reduced when rationing goes into effect. In order to make good use of sugar substitutes, particularly honey, the following recipes will probably prove helpful:

Chocolate Cake

2 1/2 cups cake flour or 2 1/2 cups blend flour.
1/2 teaspoon salt
1/2 teaspoon soda
1/2 cup sugar
1 teaspoon baking powder
1/2 cup fat
1/2 cup honey
1 egg
2 squares chocolate
1 teaspoon vanilla
1/2 cup sour milk
Sift flour, salt, soda, and baking powder. Cream sugar, fat and honey. Add egg yolk, melted chocolate, and vanilla. Beat well. Add sifted dry ingredients alternately with sour milk. Fold in beaten egg whites. Bake in moderate oven (375 deg. F.) for 40 minutes.

Rolls Cookies

3 cups blend flour
1/2 cup sugar
1/2 teaspoon salt
3 teaspoons baking powder
1/2 cup fat
2 eggs
1 teaspoon lemon rind
Nuts for top of cookies if desired.

Sift flour, sugar, salt, and baking powder. Cream fat, add eggs. (Part of one white may be reserved to brush over cookies.) Add honey and lemon rind. Mix these ingredients well. Combine liquid and dry ingredients. Dough is easier to handle if it is allowed to stand in a cool place for about 30 minutes. Roll about 1/2 inch thick and cut. Place on a baking sheet. If desired, the cookies may be brushed with slightly beaten egg white and sprinkled with chopped nuts and granulated sugar. Bake in a hot oven (425 deg. F.) from 5 to 10 minutes.

Suggestions for Sandwich Fillings

Peanut butter and honey—Mix equal parts of peanut butter and crystallized honey.
Dried apricot or prune marmalade—Wash apricots or prunes. Grind fine. To 1 cup of ground fruit, add 1/2 to 1 cup of honey to give a desirable marmalade consistency. Blend this mixture well. Place in jars, cover, and

allow to stand about two weeks before using.

Apples in Honey Salad

4 medium apples
1 cup honey
1 cup vinegar
1 cup water
1/2 teaspoon cinnamon or red cinnamon candies.
Core whole apples, or cut in quarter sections. Skins may be left on. Mix and heat honey, vinegar, water and cinnamon. If red apples are desired, use from four to six cinnamon candies for each apple in place of the ground cinnamon. Cook apples slowly until just tender. Remove apples from syrup. Boil syrup until thick and pour it over apples. These apples may be used in salad or served with meat.

Yeast Bread

1 cake yeast
2 cup lukewarm water
2 cups milk
1 tablespoon shortening
2 to 4 tablespoons honey
1 1/2 teaspoon salt
About 6 cups blend flour
Soften the yeast in the warm water. Scald milk over hot water. Add fat, honey, and salt to hot milk. Cool until lukewarm and add yeast. Add enough flour to make a stiff batter. For the sponge method this batter is allowed to become light and spongy before more flour is added. Then add enough flour to make dough just stiff enough to knead. Turn on to lightly floured board and knead enough to blend ingredients. Cover and let rise until double in bulk. Bake from 45 minutes to 1 hour in a hot to moderate oven (325 deg. to 375 deg. F.)

California Cuts Requirements for Army Draftees

SACRAMENTO, March 20 (UP)—Many potential selectees in California will be eligible for induction into the army as the result of lowered requirements for eyes and teeth, Brig. Gen. Joseph O. Donovan, state director of selective service, announced Wednesday.

The new dental requirement is merely the ability to eat and digest army "chow," he said. All local draft boards have been ordered to re-classify registrants granted deferment due to deficiencies in teeth and eyesight.

STATE CAN SLASH TAXES—SPRAGUE

ASHLAND, Ore., March 20 (UP)—Oregon is in a position to reduce its income tax rate by at least 20 per cent, Governor Charles A. Sprague told a meeting of the Ashland chamber of commerce Thursday night.

The governor said his administration had eliminated all property taxes from state purposes, a two mill levy for the elementary school fund and a one-half mill levy for retirement of veteran's aid commission bonds.

Other steps with which he characterized his administration's interest in the taxpayer were the taking over of the counties' share of public welfare administrative costs and partial absorbing of old age assistance programs.

During the present state administration, the governor pointed out, the bonded indebtedness of the state was reduced more than \$10,000,000 and a surplus of better than \$2,500,000 built up in the state treasury.

Medford Camp Road Work Complicated

PORTLAND, March 20 (AP)—Construction of an access road into the Medford army cantonment was complicated here today by high bids opened by the state highway commission.

Two bids on the south half of the road both were considerably above highway department estimates, commissioners said.

The commission delayed action until later in the day.

Low bid on the four miles of grading and paving of the south half was entered jointly by Leonard-Slate of Multnomah, and Jacobson-Jensen, Portland, \$421,337. McNutt Bros., of Eugene, bid \$443,433.

Babler Bros., Portland, was low on the north half with \$312,887.50.

Both whales and opossums are mammals, but a baby whale outweighs a baby opossum of the same age about 45,444,000 times.

How's Your Smell? Find Out for 50 Cents Per Sniff

NEW YORK, March 20 (UP) A genuine imported roquefort cheese—a scarce item now that they no longer can be imported from France—arrived Wednesday to go to work raising funds for the British-American ambulance corps.

The corps owns the five-pound cheese, valued at \$100. One of the last shipments brought from France 19 months ago. It was flown here from Chicago. It will be put on exhibition at a Manhattan store, where cheese-lovers can't buy it, and can't touch it—but can smell it for 50 cents a sniff.

OLD AGE ASSISTANCE

VENTURA, Calif., March 20 (AP)—Mrs. Cristobel Garcia Soto, 95, "wanted someone to look after me in my old age." So she and Carlos Martinez, 65, applied for a marriage license. He's a bachelor.

PEYTON NEW HEAD OF KLAMATH ELKS

Frank Peyton was elected exalted ruler of Klamath Falls Elks lodge, No. 1247, at the annual balloting Thursday evening. He will succeed Exalted Ruler Lawrence Slater.

Other new officers are: Jack Linman, leading knight; Ray Ruger, loyal knight; Glen Evans, lecturing knight; Don Hunt, secretary; Robert A. Thompson, trustee; R. F. England, tiller; Lester Offield, treasurer; E. B. Hall, alternate delegate to the grand lodge.

This year's change of officers marks the retirement of Lloyd Porter as treasurer after more than 20 years in that post. He refused nomination.

One out of every 20 trucks operating on American highways is owned by government—federal, state or local.

Defense Begins Boylen Testimony

PENDLETON, March 20 (AP)—The defense opened today in the trial of Tom Boylen Jr., Pendleton sheep man charged with converting mortgaged property to his own use, following a surprise conclusion of the government's case yesterday.

On the stand late yesterday were Robert N. Dahlgren, FBI agent who arrested Boylen at New Orleans in October, 1940; Harvey Kay, Memphis, Tenn., Boylen's brother-in-law, and Eugene Boylen, the defendant's brother.

Dahlgren said that Boylen admitted mortgaging sheep to the Baker Production Credit association and selling some of them without turning over all of the proceeds to the association. He said Boylen refused to sign a statement to that effect, however, without first consulting his attorney.

For proper handling of a plane, a pilot's movements must be rhythmic rather than jerky.

GOOD NEWS EVERY MORNING

PA... Say, Ma! Those defense workers are doing a whale of a job.

MA... That's good news. We've all got to dig in these days.

PA... And we can really go places if we start the day right. Let's have another cup of that S & W Mellow'd Coffee, Ma!

"The Case of the Perfect Coffee," or

"You can't make a bad cup of M·J·B"

—starring PRESTON FOSTER and JEAN PHILLIPS, of Paramount's "NIGHT IN NEW ORLEANS"

JEAN: What's cooking, detective?

PRESTON: I'm up against the perfect case! Here—try this coffee.

JEAN: It's strong, but very good. What's the gag?

PRESTON: No gag—it's the perfect case. Now try this other cup.

JEAN: Weaker, but it's delicious, too. Say, what are you trying to prove?

PRESTON: That's a case of M·J·B. It's the perfect case. I've made it every way—and it's swell every time!

Here's why it never fails! Make your coffee with the same care as you have in the past. These two exclusive M·J·B. features—a uniform roast—and double blending—will give you the finest cup of coffee you ever tasted!

DOUBLE YOUR MONEY BACK! Buy a pound of M·J·B. Try it for a week. If you don't agree it's better than any other coffee, return the lid to M·J·B. Co., San Francisco. We will refund double your purchase price.

GOOD ANY WAY YOU MAKE IT

DRIP GRIND...for drip or glass coffee makers. REGULAR GRIND...for percolator or coffee pot.
