

# WILLAMETTE U. HEAD 'FORGIVES' DRAFT CRITICS

SALEM, Ore., May 13 (UP)—Willamette university's conscientious objector president, Dr. Carl Summer Knopf, Monday "forgave" his critics and said charges leveled by the American Legion were based on "inflammatory statements contrary to facts."

Dr. Knopf drew the fire of the Salem Legion post by his demands that the words "conscientious objector" be inscribed on his selective service card when he registered for the fourth draft. Registration officials refused, and the Legion contended that Knopf then became "vehement," and conformed to regulations only under threat of police action.

The Legion had demanded an investigation, and the university

board of trustees said the inquiry would be made. Students followed the Legion lead, and circulated a petition demanding Knopf's dismissal.

In his statement today, the president said: "Ever since entering the ministry 30 years ago I have preached and tried to live the gospel of absolute good will. 'I still wish to sit down together with those who have made inflammatory statements and especially those who first started them.'"

## Vichy Protesters Boomed by French

VICHY, May 10 (Delayed) (AP)—A handful of French rightists attempted a demonstration in front of the American embassy today, crying "Down With the United States; long live France," but they were quickly boomed away by a number of other Frenchmen who happened to be present.

Police watched with smiles as several hundred Frenchmen drinking noon aperitifs at a bar across the street rose and shouted "Pigs! Traitors!" at the nine members of the extremist youth organization staging the demonstration.

## \$5,500,000 More Granted Northwest Fire Control

PORTLAND, Ore., May 13 (UP)—Aspects for a more thorough forest fire control in Washington and Oregon took a turn for the better Tuesday with announcement that a senate subcommittee has approved an additional \$5,500,000 appropriation for Pacific northwest fire protection.

The announcement was sent here by Sen. Rufus Holman, (R-Ore.) in a telegram to Gov. Charles A. Sprague of Oregon.

KANSAS CITY, (P)—First Class Seaman William Smith, 21, has found some interesting reading—his own obituary.

Smith, erroneously reported by the navy as a Pearl Harbor casualty, read the December 13 newspaper account of his death when he returned on furlough yesterday.
