## POPPY DAY HONORS MEN OF NEW WAR

New names on America's roll of honored dead give new meaning to the memorial poppy this year. Mrs. Carl Schubert, Poppy day chairman of the local American Legion auxiliary pointed out as she worked on final arrangements for the distribution of the little red flowers Saturday.

"Wearing a poppy is the individual way of honoring the men who have sacrificed their lives in the nation's service," said Mrs. Schubert. "Ever since the first World war the poppy has been worn in tribute to the men who gave their lives in that conflict. Now new names are being inscribed among America's heroic dead. It is a symbol of our sorrow and pride. It is a pledge that we will always remember them and serve on in the cause for which they died."

"The poppy springs from the blood and tears that are the price of victory—the price of freedom in this world of conquest and oppression. Again and again Americans have had to pay this price to win and maintain their existence as a free nation. When we wear the poppy this year we will be showing that we are not shrinking from paying the great price once more in order that we may pass on to Americans to come the heritage of a free America."

"As we honor those who give their lives, we should think, too, of those who sacrifice health and strength, and of the families left in need because of a father or son who served his country. They are still within the reach of our help. Let us be generous in our contributions for the people. Every penny of the money given goes to support the work the American Legion and the auxiliary are doing for the disabled and dependent families of the first World war and of the present conflict."

## Snakes Don't Ride, Says Bus Driver

ATLANTA, May 21 (AP)—Dogs, yes. Cats, okay. But snakes! No siree!

So decreed an irate bus driver yesterday shortly after an elderly, mild-mannered gentleman had boarded his trackless trolley. The man was reaching in his pocket for his money when a snake, about an inch in diameter, crawled out of his shirt bosom and dived under the driver's seat.

The driver was startled (understatement). "He ain't gonna hurt you," observed the snake fancier. "That's all right," retorted the driver. "You can't buy him a seat and he ain't gonna ride free!"
