

FRANEY ASKS COOPERATION FOR CLEANUP

An appeal to civic minded citizens of Klamath Falls was issued Wednesday by City Building Inspector Harold Franey who is in charge of "Clean Up" week June 1 to June 7.

"This is no time to quote the numerous city ordinances which prohibit the accumulation of rubbish, garbage, or refuse on any lot, backyard, or alley in the city," Franey stated. "This is an appeal to good citizens to clean up their yards, the nearby alley or the vacant lots in their vicinity." Although the lot may be owned by someone out of the city, and the refuse probably dumped there by people of the immediate neighborhood, it behooves us to get in and clean things up."

Franey pointed out that now is a good time for a general clean-up with the approach of warmer weather and the coming of summer flowers.

The attitude of the public is hoped to be one which will not make it necessary for police to answer numerous calls from neighbors, complaining of unkempt properties nearby.

"In the event you cannot transport your refuse to the city dump on the Old Fort road, arrangements have been made with the Klamath Garbage company to pick up refuse properly placed in piles on the parking or near the curb, and not in the street or on a sidewalk," Franey stated. The cost of this service has been reduced 25 per cent during Clean Up week, it was pointed out. All refuse piled out should be put in boxes, sacks or containers.

NO HOLIDAY

WASHINGTON, May 28 (AP)—Shutdowns scheduled next Saturday in observance of Memorial day in war plant should be cancelled, WPB Chairman Donald M. Nelson said today, because the country "cannot afford a lag in war production."

Simplest Stitchery In Varied Motifs

6816 COPELAND HOUSEHOLD ARTS, INC. by Alice Brooks

It's always lilac time for the needlewoman! Do these in natural lilac shades and your linens are sure to be admired. Pattern 6816 contains a transfer pattern of 18 motifs ranging from 4 1/2 to 11 1/2 inches; illustrations of stitches; materials needed.

To obtain this pattern send 11 cents in coin to The Herald and News, Household Arts Dept., Klamath Falls. Do not send this picture, but keep it and the number for reference. Be sure to wrap coin securely, as a loose coin often slips out of the envelope. Requests for patterns should read, "Send pattern No. _____," followed by your name and address.

Record Housing Project Proposed For Vancouver

VANCOUVER, Wash., May 28 (AP)—A \$55,000,000 housing project described as the largest development of its kind in the history of American industry was proposed Wednesday to accommodate "thousands" of additional workers in Vancouver and Portland shipyards.

The project, calling for 13,500 houses and several dormitories, was proposed to the Vancouver housing authority by representatives of the Kaiser Shipbuilding corporation which will employ more than 36,000 workers in its new 12-way shipyard here.

The plan, if approved and carried through, would treble the number of houses and quadruple the city's population of 17,000.

Business Strike Hits Union Drive

FLAGSTAFF, Ariz., May 28 (AP)—Operators of Flagstaff business establishments remained adamant today in their announced intention to stay closed so long as American Federation of Labor organizers attempt to unionize restaurants and buffets in this city of 7500.

C. P. Flynn, secretary of the State Federation of Labor, said that only organizers of the International Union of Culinary Workers and Bartenders were in the field.

He added that employers, apparently anticipating a concerted drive for a closed shop town, had organized a new Flagstaff merchants association.

A pressure of 300 pounds can be exerted with his jaws by a healthy human.

SCHEDULE

Wealth, Social Prestige Family Name Only Memories For Japanese at Manzanar

By GEORGE M'CADDEN

MANZANAR, Calif., May 28 (UP)—Life in evacuation centers like Manzanar is knocking many ancient Japanese ideas into a cocked sack cup.

Intellectual evacuees proud of their American university degrees tell you in the simple, luxury-less life of these camps and resettlement projects, the Japanese in America are living through one of the most unique sociological experiments in history.

Here at Manzanar, 10,000 Japanese, rich and poor from many walks of life, have been cast together. Wealth, prestige, social position or family name have become only memories for many evacuees because in the same barrack the family of a merchant prince may share bath facilities with fishermen.

The leaders of the evacuees say they appreciate their difficulties—and their opportunities.

The situation is not without its humor, at least to three attractive and lively young women on the staff of the Manzanar Free Press. All were college graduates, born in U. S.

"It's tough on the kids, here," said Chiye Mori, 27, twice-married costume researcher from Hollywood.

"Look at me. I'm 27. I have been self-supporting, and have been taking care of my mother for 10 years. Now she is treating me like I was a child of 12." Mrs. Mori came here with the first family evacuees April 1.

"But it's great for the girls, because the boys don't have much chance to escape now. Wait till leap year comes!" she said.

"At first the women felt they were emancipated, because they don't eat in a mess hall and don't have to wash dishes. There's little housework to do. So, the mothers found they had more time to keep track of the children. And the mothers sure chase after the kids!" Mrs. Mori added girls frequently prefer to live in dormi-

tories at the camp, because "they have more freedom."

Chico Sakaguchi, 23-year-old former assistant to the editor of a Los Angeles Japanese daily, said "we miss the King's English here, and we miss the intellectual stimulation we got from our Caucasian friends."

Mary Kitani, pert Compton, Calif., college graduate, said evacuation had created some romantic crises because sweethearts and lovers have frequently been assigned to different camps. The girls of the camp are going to burlesque the situation with a production entitled "They Met Again at Manzanar," to be staged May 23-24.

Women are dressing for church on Sundays, Miss Kitani reported. "At first they didn't pay much attention to how they looked, but soon they began to preen themselves."

To the more bewildered Issei of the camp — those born in Japan—"boys day" on May 15th must have been a sad occasion, as reported by the Free Press. The carp fish, symbol of "boys day," flutters in paper flags normally over every home that has a boy. But at Manzanar only one carp fluttered in the breeze.

According to Mrs. Mori, "some of the intellectuals here understand, but also fear their confinement. They fear—some of them—that they will be provincial and quaint when they leave

here because they are cut off from the outside world.

"As for me, there was a time before I was evacuated when I followed the war closely, even though I felt it was an impersonal drama that somehow didn't concern me personally. Now I don't look at the front page any more. You see, these mountains isolate us. I feel the war means nothing to me now."

Tom Yamasaki, a block leader, said that "every effort is being made" to discourage indiscriminate formation of clubs and societies "because we are anxious to avoid creating cliques or factions."

But to get back to the women: Mrs. Mori said "you better watch the women, though. The Japanese ideograph or character for 'women' is one mark. Two of the same marks spells 'noise'! 'Ah—and here's the catch—three of the same marks mean trouble.'"

Rains Scattered Across Oregon During Past Week

PORTLAND, May 28 (AP)—Heavy rains fell in scattered sections of Oregon during the week ending Tuesday, the U. S. weather bureau reported today but serious crop losses apparently were confined to the Rogue river and Willowa valleys.

Hail accompanied 1.15 inches of rain over the weekend in Jackson county, causing pear crop damage estimated as high as 60 per cent in some orchards. Medford recorded 2.07 inches of rain for the week, bringing the season total to 21.83 inches, 6.83 over normal.

A cloudburst caused extensive damage to fields in the Willowa area and sections of the Joseph-Imnaha highway were washed out or blocked by slides.

Cloudbursts also hit the Pendleton area at week's end but ranchers reported no serious damage to crops.

Quints Mark Eighth Year With Hair-Dos

CALLANDER, Ont., May 28 (AP)—The Dionne quintuplets surrendered braided pigtails to celebrate their eighth birthday today and they agreed that their new bobbed hair-dos were "tres chic."

Mr. and Mrs. Oliva Dionne, the parents, arranged the hair-dressing as a surprise gift. The girls were summoned in turn from the nine-room nursery to the staff house.

First came Marie, who was found by three Toronto specialists April 24 to be suffering from a wasting of the right thigh and calf, then Emilie, Cecile, Annette and Yvonne.

Mrs. Dionne snipped off the pigtails. Miss Clara Ogilvie of New York trimmed and dressed the hair.

"It has a fine, lovely texture," Miss Ogilvie said. "Although it has been pulled straight by the braiding, now that it is short I'm sure that it will curl."

All members of the Dionne family planned to gather for a

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers believe nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eye, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 60 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

birthday dinner and the cutting of five cakes, each bearing eight candles.

STUDENTS SAVE BEETS MILTON-FREEWATER, May 28 (AP)—High school students,

dismissed from classes during the past two weeks in answer to pleas from sugar beet growers, are credited with saving 18,000 tons of sugar beets. This represents a total of 600 tons of sugar and \$18,000 cash to growers.
