

WEDNESDAY BANNER DAY IN USO DRIVE

Wednesday was the banner day so far in the Klamath USO drive, according to the local committee, but at the time of the report the receipts for Thursday were bidding fair to set a new mark.

With less than a quarter of the \$8600 made up in over a week of the campaign, the committee reported that the spurt in donations was more than welcome. Particularly, the committee asked the response to letters asking donations and suggesting the amount. Many contributors have sent in double the amount requested, the committee said, and many more have given increased amounts.

Without mentioning the figure, the report stated that Nelson Reed, a World War veteran, had made the largest contribution to date. Other donations reported included the Hellenic Mutual Benefit society, Enosis, and the Altamont Junior high school teachers, who contributed unanimously.

Among the outstanding contributors, the committee said, were mothers of boys in the service.

One mother, a Malin resident, wrote: "We have a boy in the marines so we can appreciate the value of the USO."

Another said she felt that even if her own boy received no benefit from her contribution, "someone else's boy would."

The USO drive here is combined with navy relief in this campaign, the fund being divided into \$6000 for the United Service Organizations, and \$2600 for navy relief. Dick Maguire is chairman of the campaign.

THEATRES TO SELL BONDS AND STAMPS

Theatres in Klamath county, as well as all of those in the state and nation, have become sales agencies for United States war savings stamps and bonds beginning May 30, it was announced here by A. M. Collier, county chairman.

All theatres will make savings stamps available at the box office or from special booths, and a number of them will also carry orders for the bonds. "This service will be of special value to persons employed during the day and who are thus unable to get to banks or postoffices, it is pointed out.

The plan has the enthusiastic endorsement of the treasury department and government officials. Theatre managers have also offered to cooperate in other ways in the program, and many have already shown subjects on their screens advertising and promoting sales of bonds and stamps.

"Theatres of Oregon and of the entire United States are showing the real spirit of service to the government by enrolling so enthusiastically in the war savings bond program," Governor Sprague declared in a statement issued in commendation of the theatre project.

TO ROUSE FLOW OF LIVER BILE

Normally about a quart of digestion-aiding bile should be discharged into the intestines every day. A scanty flow—a slow leakage—may cause sick headaches, bowel sluggishness and so-called bilious indigestion with its half-sick, sour feeling.

If you suffer from such symptoms because you need more bile released from the gall-bladder, try world famous Kruschen Bile Beans. Get a bottle tonight—start right in tomorrow morning and take as much as will fit on a dime in a glass of water (hot or cold) half an hour before breakfast, or in your morning cup of tea or coffee, and keep it up for 30 days, don't miss a morning and note the results for yourself. You can get Kruschen, a famous French formula made in the U.S.A., at Lee H. Drugs, Castleberry's Super Out-Rite Drugs—no drug store. You must be satisfied or money back.

CONSTIPATION SUFFERERS: Note: For an occasional cathartic or purgative to relieve common constipation, we believe there is nothing better than quickacting Kruschen. It works down to the bottom according to directions on the bottle.
