## Legion Convention Moved Inland; Fun Trappings Stripped

INDIANAPOLIS, June 5 (AP)—The American Legion national convention, stripped of its peacetime glamor and fun, will meet in Kansas City, Mo., September 19-21, instead of New Orleans, original choice for the sessions.

New Orleans gave up the meeting because of its coastal position and a threatened shortage of transportation service. Kansas City was chosen by the legion's national executive yesterday over seven other mid-western cities.

The committee urged state departments and posts to help reduce the transportation strain by discouraging all but official delegates of the legion, its auxiliary, the Forty and Eight and the Eight and Forty from attending. Combining of delegations of the various branches was advocated.

Legion officials expect attendance this year will not exceed 4000 persons compared with 10,000 plus bands, drum corps and visitors in other years.

L. Orth Stenmore has arranged for a demonstration in which a magnesium bomb will be controlled with the use of sand. The public is invited to attend this meeting, Gralapp stated.

## CIO WINNER IN PELICAN BAY VOTE

The CIO International Woodworkers of America today was the winner of a national labor relations board election at the Pelican Bay Lumber company by an overwhelming margin over their labor rival, the AFL Lumber and Sawmill Workers union.

The final result showed:  
CIO ..... 154  
AFL ..... 12  
No-union ..... 107

The election, conducted yesterday, drew 287 ballots out of a list of 301 eligible voters. Fourteen ballots were challenged by the company on the grounds the voters were employed by the Lawrence Warehouse company and not by Pelican Bay, according to an unconfirmed report.

An NLRB decision on the challenged votes will not affect yesterday's result, George Brown of the IWA said.

The poll was notable in that it was one of the worst defeats by the LSW since its organization debut in the Klamath basin.

Today the two unions were again meeting in an NLRB runoff election at the local unit of the Log-Bell Lumber company.

## SPRAGUE SAYS NO FIREWORKS CAN BE USED

SALEM, June 5 (AP)—All law enforcement officers in Oregon were ordered by Governor Charles A. Sprague to arrest any person who sells or uses fireworks.

The governor cited an order by Lieut. Gen. John L. DeWitt, commanding the western defense area, prohibiting the sale and use of fireworks. This order, the governor said, carries the same force and effect of law.

"It should be noted," the governor said, "that the sale or use of fireworks, firecrackers and even cap pistols is prohibited throughout the entire state, in cities, towns, as well as in all areas outside incorporated cities. Customary roadstands cannot be operated."

The order also applies to stocks now in the hands of dealers or the public.

The reason for the ban is that fireworks may be used as signal devices or as simulated gunfire.

The US bureau of mines recently relaxed the nationwide ban on fireworks, but this order does not apply to the western defense area.

**THE LEGAL MIND**  
SALT LAKE CITY, (AP)—A sheepherder telephoned Attorney General Grover A. Giles to learn if it would be legal for him to use fireworks to scare away coyotes from his flock.

Giles could find no exemption for sheepherders in the statutes controlling use of fireworks. Besides, he suggested, the display probably would scare the sheep as badly as the coyotes.
