Bernadou Plays for Pelicans—Then Navy

Co-Manager Sees Last Local Action Sunday, Leaves for Active Duty as 'Avenger'

One of the oldest Klamath area baseball players in point of service will play his last game for the Pelicans Sunday when the local squad tangles with Grants Pass in a twin bill on Recreation field.

Paul Bernadou, co-manager of the 1942 Bigbills and for the past nine years a member of Klamath teams, bearing various names, was sworn into the navy last Sunday as one of the "Pearl Harbor Avengers." He'll leave next Sunday night just a few

hours after completing his last game for the duration. A graduate of a Berkeley, Calif., high school, Bernie came to Klamath Falls in 1934 after playing a season with the Crockett Eagles in the Berkeley Winter league. In '34 and '35 he performed for the Ewauna Red Sox in the Northern California loop.

In 1936 the Ewauna nine became the Klamath Red Sox and Bernie played with 'em as they retained that name through the summers of '37, '38 and 1939. He was a member of the Klamath Falls-Dorris combined squad in 1940 and last season held out at third base and in the outfield for the Klamath Pelicans.

This year Manager Ernie Bishop named him to assist in handling the current crop of Whitebirds.

Through nine years of Klamath ball, Bernie has seen action in every position except catcher and pitcher. He's usually been good for 320 or better at the plate.

Married here in 1936, Bernie is now a Klamathite. Starting Sunday he'll be a Klamathite in the navy—an American in action.

Overhead Smash Like Service Swing; Use Continental Grip, Throw Body Weight

Continental grip is used for overhead shots. The overhead smash is like the service swing, including footwork and body action. It is optional whether you use the back swing wind-up, as in serving, or the front swing, which is lifting the racket up to your head and dropping it back of your neck. Fewer errors result and it is less effort to use the front swing.

The left foot is forward, body sideways to the net. Move to the ball, placing your body directly under it as if you were catching a fly in baseball.

Let your racket head travel up to the ball and hit into it. A harder hit shot is made with the feet off the ground, the extra body weight being thrown into the shot.

Committee Predicts Moderate Increase in Tobacco Taxes

WASHINGTON, June 10 (AP)—Members of the house ways and means committee predicted today that moderate increases in the excise taxes on cigars, cigarettes and smoking tobacco probably would be approved.

Tobacco-state members were reported ready to lead a fight against any increases, but one of them conceded they would lose because the committee already has raised the excises of liquors, beer and wines.

Secretary Morgenthau asked congress last March for increases on tobacco taxes to produce about \$236,300,000. The committee late yesterday refused to accept a treasury suggestion that the present 13 cent federal gasoline tax be doubled, but decided tentatively to increase the lubricating oil levy from 4 1/2 to 6 cents a gallon. The treasury had asked for an increase to 10 cents.

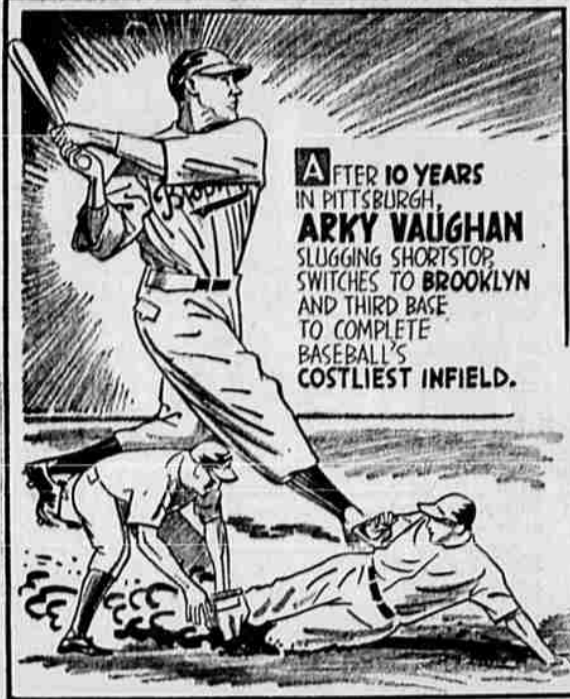

Carney Signed by Hollywood Stars

PORTLAND, June 10 (AP)—The Hollywood Stars of the Coast league signed William J. Carney, ex-University of Oregon outfielder.

Carney was captain of this year's Webfoot team. He had a three-year batting average of .370.

He left for Hollywood at once. A recent recruit in the navy's V-7 officer training program, he does not expect to be called into service until late this year.

PAY BALL

Jimmy Demaret's Best Push Shot Was No. 3 Into Rain and 60-Mile Wind

By JIMMY DEMARET
Flashiest of Them All
A 50 to 60-mile wind and a driving rain were formidable obstacles during my first round match against Olin Dutra in the National Match Play Open at the San Francisco Country Club in 1938.

On the 13th hole (I was one up at the time) we faced a 350-yard test which normally takes a drive and half 9 iron. The wind was dead against us.

I was a few yards closer than Olin Dutra with my drive, although partly stymied by a tree. The green is well-banked and was very soggy from constant rain.

I played a push shot with a No. 3 iron so the ball would not be affected by the wind. The ball never was more than 10 feet off the ground. It hit 20 feet past the back-spinned to within one inch of the cup.

I went on to win my first major tournament. Jimmy Demaret pitches in. NEXT: Jimmy Demaret tells how to hit a push shot.

Oregon Sport Notes

By FRED HAMPSON
Associated Press Staff Writer
The most recent batch of misfortunes to overtake the Portland Pacific Coast league Beavers illustrate poignantly the hard fate of pitchers with a losing—or rather—inept baseball club.

Take the June 4 encounter with San Diego. On that unhappy occasion Ad Liska pitched a very trim little six-hitter while his teammates were connecting solidly eight times, always at the wrong moment. The defeat, 3-1, was charged against the stout little underhand pitcher.

At that the June 4 mistreatment of Liska was nothing compared to the dirt they did him in the first game of a Sunday, May 31, doubleheader against the San Francisco Seals, a team considered none too robust itself. Liska pitched two-hit ball that day while his mates through a gaudy succession of lost opportunities managed to lose 1-0.

The Beavers' peculiar talents for mistreating their own pitchers were boldly etched again the night of June 3 when Joe Orrell hurled an 11-inning game against San Diego, doling out a paltry seven hits to the Padres and fanning eight. His mates got 10 unproductive hits and Orrell was beaten 3-2.

Coast league pitchers cooled off a bit last week, but during the previous week the deception was of a high order. There were 12 shutouts: Dilbeck of San Diego over Hollywood, two hits; Beers of Sacramento over Oakland,

seven; Donnelly of the Sacs over Oakland, three; Turpin of Seattle over Los Angeles, seven; Joiner, Hollywood, over San Diego, four; Orrell, Portland, over San Francisco, five; Dasso, San Diego, over Hollywood, five; Dobernic, Los Angeles, over Seattle, three; Lyons, Sacramento, over Oakland, four; Joyce, San Francisco, over Portland, six; Seats, San Francisco, over Portland, four; Heber, San Diego, over Hollywood, six.

There were 31 games played during the week, so that more than a third were shutouts. In 16 of them five or fewer hits were permitted by 14 winning pitchers. Liska of Portland and Carl Fischer of Seattle lost two-hitters.

BOSTON WOOL
BOSTON, June 10 (AP-USDA) Demand for wool continued very quiet on the Boston market and in the country today. Prices were mostly unchanged for the better classes of fleece wools, with medium three-eighths and one-quarter blood graded bright

combing wools quoted at 49-50 cents. Medium mid-west country graded wools were quoted at 46-47 cents for average type, grease basis, delivered. Foreign wools were very quiet on the selling end.

MARKET POSTS DECLINE OVER WIDE FRONT

By VICTOR EUBANK

NEW YORK, June 10 (AP)—Unsettled by a steep fall in American Telephone the stock market posted declines over a wide front today.

Losses were moderate in the general run of leaders. Telephone came back a little after an early drop of 4 points or so.

Air Reduction, Westinghouse, Eastman Kodak, Bethlehem Steel and Philip Morris were down a point or more at the worst.

Dealings were approximately 350,000 shares.

The weakness of American Telephone was attributed to selling inspired by the announcement after yesterday's close that Western Electric Co., Bell company manufacturing subsidiary, had reduced its dividend to 25 cents from 50 cents in the March quarter and 75 cents in June last year.

Telephone owns practically all of the stock.

Bonds were irregularly lower. Closing quotations:

WHEAT LEADS RALLY WITH 2 CENT GAIN

CHICAGO, June 10 (P)—Wheat led one of the strongest rallies in weeks in the grain market today with gains of as much as 2 cents a bushel.

House refusal to accept a senate provision of the agriculture department appropriation bill to permit sale of 125,000,000 bushels of government wheat at prices below parity touched off the buying but on the upturn the market benefited from support of professional traders who had sold short previously and from other interests. Corn crop complaints from some sections of Iowa, due to too much rain and hail, attracted attention.

Wheat closed 11-12 cents higher than yesterday, July \$1.18-1, September \$1.21-1.21 1/2; corn 1-1 1/2 higher, July 86-1/2c; September 89c; oats 1-1/2c higher; soybeans 1-1/2c up and rye 1-1/2c higher.
