

# Substantial Gain Made in Klamath's Assessment Value

Klamath county's assessed valuation for 1942 for real and personal property totals \$22,973,655, an increase of \$324,880 over last year, it was announced Friday by County Assessor Charles H. Mack.

This is the largest increase in assessed values in the county for several years. The 1942 figure is the highest since 1933.

The total announced by Mack Friday does not include utility assessments, which are determined by the state tax commission.

Real property values showed a decrease for the year, going to \$17,146,945, as against \$17,246,655 last year. This loss, however, was offset by a substantial increase in personal property valuations.

Personal property jumped \$423,530, or from \$5,442,810 last year to \$5,866,340 this year.

The items mainly responsible for this increase were merchandise and stock in trade, up \$217,800, and cattle, up \$187,070.

Mack explained that merchandise values went up due to two factors: assessments were made on January 1 instead of March 1, covering more stock; inventories are generally valued higher this year due to price increases.

The factors behind the cattle gain were: the number is higher than a year ago; price increases have brought higher values.

Commercial aviation's latest contribution to this country's all-out war effort is a giant four-motored troop transport, capable of carrying at least 42 fully armed and equipped men across the ocean.

## CITY BRIEFS

**Return Home**—Mrs. Albert Ladiner and daughter, La Dessa, and her mother, Mrs. J. H. Morris, returned Wednesday from a trip to San Diego and Mexico. While south they visited Mrs. Ladiner's brother, Mark K. Brown and family, and her cousin, Lieutenant Arthur Somers of the United States navy. The three were gone two weeks.

**Ed Clark Visits**—Ed Clark, now of Castella and a former resident of Klamath Falls, was a visitor here Thursday and Friday. Clark is employed by Copco at Castella. He has been visiting his former home at Vancouver, Wash.

**Editor on Visit**—Thornton Gale, editor and publisher of the Lakeview Examiner, was in Klamath Falls on a visit Friday.

## Phillips Named Grand Master of Masonic Lodge

PORTLAND, June 12 (AP)—Clarence D. Phillips of Portland is the new grand master of the Masonic grand lodge of Oregon, elected at the closing session of the 92nd annual state meeting here yesterday.

Officers named to serve with him: Fred W. Hartman, Portland, junior grand warden; R. Edwin Pinney, Portland, grand treasurer; D. Rufus Cheney, Portland, grand secretary; Edward D. Beatty, Corvallis, senior grand deacon; Walter Ranson, Eugene, junior grand deacon; Kohler Betts, Athena, senior grand steward; George Griffith, Portland, junior grand steward; E. Leroy Hiatt, Roseburg, grand standard bearer; Cassius Humphreys, La Grande, grand purveyor; James Millar, Portland, grand chaplain; John H. Rankin, Portland, grand orator; Enoch B. Carlson, Portland, grand marshal; Arthur Molesworth, Portland, grand tyler.

## Alaska Sets Up Civilian Defense

WASHINGTON, June 12 (AP)—An Alaska war council, which is to be primarily a civilian defense agency for the territory, was created today by a presidential executive order. Its chairman will be Gov. Ernest Gruening.

The council was directed to maintain close liaison with military authorities so that the conduct of federal civil activities will be in "closest possible conformity with military requirements," and to make recommendations on "the safety and security of the civilian population of Alaska."

## VITAL STATISTICS

**BIRTHS**

**BOWNE**—Born at Hillside hospital, Klamath Falls, Ore., June 8, 1942, to Mr. and Mrs. Walter Bowne, 425 Laguna street, a boy. Weight: 8 pounds 4 ounces.

**BATES**—Born at Hillside hospital, Klamath Falls, Ore., June 7, 1942, to Mr. and Mrs. Al Bates, 2134 Oregon avenue, a boy. Weight: 8 pounds 12 ounces.

**WAKEMAN**—Born at Hillside hospital, Klamath Falls, Ore., June 4, 1942, to Mr. and Mrs. Herman Wakeman, Shasta way, a boy. Weight: 7 pounds 3 ounces. Name: Roger Lee.

Wood substitutes account for 250 pounds of aluminum alloy in each plane, while the new steel will replace almost 1000 pounds of aluminum alloy per plane.

The first enclosed cabin airplane was built in 1912 by Blériot, and was flown by LeGagneux.

Nearly 15,000 women are currently employed in plane production work.

## Sweets, Yes! Sugar, No!

Take sugar rationing in your stride, and you'll come forth with delicious tea treats like these! Just "that something" for a cup of tea—yet not a grain of sugar needed. Try them on your next Red Cross group.

### Tea Treats

Cream together 1 cup of peanut butter and 1 cup of chopped dates. Spread on 12 graham crackers. Garnish with halved marshmallows, cut to form gar-

nish. (Incidentally, graham crackers are such favorites themselves, serve a few plain along with the tea treats—as shown in the picture.)

## Ninth Home Added to List Of "Nails" Gang Entries

A ninth residence in the city was added to the long list of homes visited by the two-man gang, "The Nails," Wednesday and Thursday, as juvenile officers continued to gather evidence against the 12 and 14-year-olds whose brief crime wave ended on the hills over Pacific Terrace.

Hans Jorgenson, 1830 Johnson street, told police he found "The Nails" scrawled on walls of his home and some keys removed. A small revolver was also missing, Jorgenson told police.

Parents of the two boys were contacted Thursday afternoon by juvenile authorities. Both boys have been in difficulty and their parents said they "thought they had straightened out." The two will be given a hearing before Circuit Judge David R. Vandenberg at 10:30 o'clock Monday morning.

The step-father of the older boy said he was willing to pay his share of the damage which officers said they had not yet estimated. He holds a responsible position here, it is understood. The 14-year-old was being held in the county jail, the 12-year-old and "leader" of the gang is at the county infirmary.

## Eight Army Fliers Perish in Crash

SARASOTA, Fla., June 12 (AP)—Eight army fliers were killed and two injured early today when a four-engine bomber crashed into Sarasota bay.

Major Gardiner Fiske, Sarasota air base intelligence officer, said the heavy ship had cleared the runway on a pre-dawn training flight and gone about a mile when it went out of control. It landed on its back in a foot and a half of water about 200 feet from shore and two of the crew were pulled from the wreckage with only minor injuries.

## Japan Volunteer Labor Saves Crop

PORTLAND, June 12 (AP)—Eastern Oregon's sugar beet crop was saved by 300 Japanese volunteer laborers tipping the balance, R. B. Taylor of Adams told the Oregon U. S. department of agriculture war board here today.

He said that only 1000 of 21,000 acres of sugar beets in the Nyssa area had to be plowed under. The rest will be thinned within a week.

Last year's production rate of airplanes by America alone was more than five times the total war losses announced by England.

## TULELAKE C OF C RECESSES 'TIL JULY

TULELAKE—Pressure of work for the next few weeks necessitates a recess for members of the chamber of commerce, regular meetings to be resumed July 13, it was announced following this week's session where loose ends of business were finished before adjournment.

With resumption of regular meetings, the plan for the proposed cut-off road between Tulelake and Dorris will be put under pressure again; by that time returns from resolutions recently drafted and sent to senators of Oregon and California, to Lieut.-Gen. John L. DeWitt, and to service organizations in Klamath Falls, Merrill and Malin can be expected, it was stated.

The value of the proposed short cut, which should traverse in part 12 miles of dike now being constructed by the US biological survey on Lower Klamath lake, would be to shorten the distance between Tulelake and the county seat at Yreka.

Gordon Jacobs of the Siskiyou county board of supervisors, who made a recent survey of the proposed route, believes that the cutoff would be of benefit and that it is possible that some solution for financing it may be worked out. It would be necessary to widen the dike as it is being built to allow for two-way traffic. The possibility that the road might be of military value has been advanced.

Special meetings of the chamber may be called in the interval that regular meetings are not being held, it was announced by Mrs. Sarah Welsh, secretary, following this week's meeting.

## WLB DENIES WAGE BOOST AT LONGVIEW

WASHINGTON, June 12 (AP)—The war labor board announced today an award denying a blanket 20 per cent wage increase to workers at the Reynolds Metals Company, Inc., aluminum plant at Longview, Wash.

John D. Galey, WLB arbitrator, ruled that the request of the Longview Federated Aluminum Council (AFL) was contrary to the spirit of a recent message delivered by President Roosevelt on general wage increases for labor.

"The exact point of decision," Galey's award said, "therefore,

appears to the arbitrator to be: does this record reveal a case for a wage increase within the meaning of the phrase (used in the president's message), 'Due consideration to inequalities and the elimination of sub-standards of living?'

"The arbitrator is compelled to the conclusion that it does not. This record does not show that there is inequality between the groups represented by the union. The request for a flat 20 per cent increase for all classifications is conclusive that the union does not so contend."

## M'NARY'S BIRTHDAY

WASHINGTON, June 12 (AP)—Senator Charles L. McNary (R-Ore.), minority leader of the senate, is 68 years old today and it's just another day of work for the dapper Oregonian who has represented his state in the senate for 25 years.
