

NEW TULELAKE GROUP SET UP FOR FARMERS

TULELAKE—All agricultural interests will be represented in the new organization to be known as Tulelake Growers that succeeds the disbanded Tulelake Potato Growers' association. The decision to reorganize and to include growers of grain, hay, beets, potatoes and all other farm crops in the new setup, was reached at a joint meeting of potato and beet growers in the high school gymnasium Tuesday night.

While the group is still in its infancy, Dan Crawford, elected Tuesday night to serve as secretary, stated that primary interest of the organization is to benefit every individual in the entire basin who grows farm produce. Chester Main, serving on the market pro-rate agreement board for Modoc county, was elected president. Crawford serve for the present as treasurer also until such time as the organization is definitely on a firmer footing.

Harry Payne, of the federal re-employment office, Alturas, was present to distribute a number of applications to be filed by farmers who desire to use Japanese labor in the beet and potato harvest. Under this agreement, county officials and farmers will be responsible for safety of Japanese employed, and while it has not been definitely established that Japanese may be cared for on individual farms without military guard, the questionnaire issued seeks information on accommodations for laborers.

A definite policy on the use of Japanese labor is expected to be worked out by the Triple A upon request of farm organizations in the Pacific coast area. It is hoped this policy will be ready to be presented at a meeting of the local growers in the near future. Oregon farmers are urged to attend this meeting.

Future policies of the local organization will be presented at a meeting to be held in the high school gymnasium July 7. Otto Shultz, president of the Tulelake Potato Growers' association, presided until organization was completed and new officers elected.

We're hearing about another Hit Parade these days—consisting of Jap battleships in the Pacific.

Four-H News

THE GOOD EARTH GARDEN CLUB

Our last meeting was held June 5 at the home of our leader, Mrs. Carson. The president, Gene Hartman, led the meeting. It was decided to give a play and some skits to meet some expenses which have come up. All the members' gardens are growing well. Several of the vegetables such as onions, spinach and radishes are being used. We had trouble with pigs rooting up the seeds, but with the help of some of the men and boys, we got it boarded up. No irrigating has been done, as there has been no water in the ditch. The weeds have tried to outgrow the vegetables, but we are trying to discourage them. We hope to win some prizes at the garden exhibit.

ROBERT CARSON,
News Reporter.

SHARA POULTRY CLUB

The Shara Poultry club held its regular meeting at the home of Mrs. Tobach in May. At this meeting, several members learned to caponize chickens. Eight

chickens were caponized. After caponizing the meeting was called to order by our president, Curtis Hoyle. The minutes were read and we had roll call. We started to plan demonstrations for the 4-H fair this fall. Lorraine Stover was the only one from our club to go to summer school this year. After the meeting, refreshments of popcorn, punch and candy bars were served.

MARY LOUISE HAYNES,
News Reporter.

It will not be desirable, in my opinion—and it would be highly undesirable—to ration everything—Leon Henderson, price and rationing administrator.
