his personnel losses were at least 10 times greater than ours, and his plane losses in almost the same ratio.

"We are greatly increasing our battle strength. Our ships, planes and pilots are being added in constantly increasing numbers."

But he pointed out that the air power has played the leading role both in the Coral sea and Midway "and will continue to do so as the war progresses."

"The Coral sea and Midway battles are the first in history in which great aerial duels were fought by carrier fleets," he added.

"Our air groups have proved, by their skill and courage, the superiority of our forces. They have shown that in our ships, in our planes and in our personnel is the stuff that makes for victory."

American and Japanese forces off Midway was by means of hundreds of airmen.

"Inevitably when the reports come in there is immense confusion. At Midway, where the weather was clear, the information available gave us a good general picture of the outcome but there was much confusion as to just what ships were hit.

"I spent three or four days studying the army and navy reports as they came in from the Midway battle, and didn't know at the end just how many ships were hit or what kind of units.

"Of the fighting in the Aleutians, we have not been able thus far to get even the general picture we had of Midway.

tack Siberia as soon as Moscow fell, but Moscow didn't fall. As long as the Russian defenses stand up, the Chinese think the Japs are likely to delay their Siberian plans.

THAT is to say, Hitler will be licked if the Russians hold firm and the canny Japs will want nothing to do with him after he is licked.

## JAPS MAY ATTACK SIBERIA IN SUMMER

last. There was no confirmation of rumors that the Japanese had shifted many planes from southeastern Asia and occupied China to Manchukuo.

The enemy's recent attacks on Midway and the Aleutian islands are interpreted as preparatory to a Siberian move. The Japanese, it is said, had hoped to eliminate a threat to what would be the rear of an attack on Siberia. But the Japanese failure in those will not necessarily delay an attack on Siberia, the Chinese say. The main factor is doubt over the course of the German-Russian war.

### FRENCH LAWYER WOUNDED

VICHY, France, June 18 (P) State's Attorney Falk was wounded seriously yesterday afternoon by the explosion of a package which was handed to him just as a court session opened at Beaune. Authorities blamed someone bent on personal vengeance.

out that a special office of organizational planning, headed by Dr. Luther Gulick, director of the Columbia University Institute of Public Administration, was established within WPB last May 14 to work out the new setup.

At that time, Nelson declared that Gulick would "iron out any kinks in the administrative structure" of WPB, to prevent top-heaviness and to "get this war job done in the quickest and most efficient way."

Senator Truman asserted that "a change in both the organization and personnel of some branches and divisions in the WPB" was necessary. There were indications that such changes would be inevitable, since many industry branches no longer have any civilian industries to work with.

## House Passes \$8 1/2 Billion Ship Construction

(Continued from Page One) est undertaken ever by any nation." Vinson disclosed during the

hour-long discussion of the bill that "a great many merchant ships" were being converted into aircraft carriers.

Rep. Magnuson (D-Wash.), a member of the naval committee and a naval lieutenant command-

er just back from duty in the Pacific area, declared his experience had convinced him of the need for "more and more" plane carriers."

"Thank God," he cried, "that

we are deferring building any more battleships at this time."

"Don't spend all you make," advises a Chicago banker. Some folks get it mixed and don't make all they spend.
