

City Briefs

Enlists—Martin J. McGrath, who recently enlisted in the United States marine corps, is now stationed at San Diego. McGrath is the nephew of Mr. and Mrs. John A. Linman, 741 Rose street, with whom he made his home for several years prior to 1920, and is the brother of Delia McGrath of this city. For the past 12 years he has been employed with the Underwood Lumber company of Lakeview.

Has Operation—Tony J. Kollopoulos, operator of a large San Francisco market, submitted to major surgery at Klamath Valley hospital recently. He is reported improved. Kollopoulos was visiting at the George Blanas home before entering the hospital.

Improving—Axel Johnson, Ewauna Box company employee who suffered serious head injuries a week ago, was reported improved at Klamath Valley hospital following a setback of several days.

On Furlough—Sgt. Frank E. Brickner is on a five-day furlough from Bolt field, Fort Wayne, Ind., visiting with his father, O. W. Brickner of Malin. Sergeant Brickner enlisted in meteorology in the US air corps.

Food Sale—Jobs Daughters, Bethel 6, will sponsor a cooked food sale at Carter's grocery store Saturday, June 20, starting at 10 a. m.

Visiting Here—Barbara Lee Bowen of Tionesta, is visiting in Klamath Falls at the home of her grandmother, Mrs. Elma Lewin of Michigan avenue.

U. S. Destroyers Battle Subs Off Colombia

BOGOTA, Colombia, June 19 (AP)—Newspapers here printed reports Thursday that cannonading was heard last night off the Colombian coast and they expressed belief that United States destroyers were battling axis submarines.

Advises from Riohacha, on Colombia's Caribbean coast, about 500 miles east northeast of the Panama canal, said that the shellfire seemed to have originated about 40 miles offshore.

Ernesto Ruiz White, governor of St. Andrew, a Colombian island about 250 miles north northwest of the Panama canal, told the Bogota newspaper El Liberal that 36 men had been saved from the United States freighter Lebone, 8289 tons, torpedoed six days ago 70 miles east of St. Andrew.

The age of imperialism is ended. The principles of the Atlantic Charter must be guaranteed to the world as a whole—in all oceans and in all continents.—Sumner Welles, undersecretary of state.

Cooking Fats to Be Next Salvage Campaign, Report

WASHINGTON, June 19 (AP)—A salvage campaign to recover household cooking fats will be launched by the war production board sometime in early July. Fats are essential in the war effort as a source of glycerine for explosives and the WPB, Rosenwald said, "hopes to secure over half a billion pounds a year of wasted cooking fats from the kitchens of American homes." Collection centers would pay for the fats at a yet undetermined number of cents per pound, Rosenwald said. He added that one cent a pound might be charged for handling. Housewives were asked to keep the fats in clean metal containers in a cool place, and not to dispose of them until they have at least a pound.

Oregon Farmers Assured Essential Transportation Okeh

MILWAUKIE, June 19 (AP)—Oregon farmers had a promise today that essential farm transportation would have the right-of-way so far as the government is concerned. F. E. Landsburg of the interstate commerce commission's bureau of motor carriers, told the Oregon state grange convention yesterday that trucking orders hindering the movement of farm products would be removed.

VITAL STATISTICS

FERRARI—Born at Hillsdale hospital, Klamath Falls, Ore., June 17, 1942, to Mr. and Mrs. Frank Ferrari, Box 188, city, a boy. Weight: 8 pounds 2 ounces.
STELZENMUELLER—Born at Klamath Valley hospital, Klamath Falls, Ore., June 17, 1942, to Mr. and Mrs. Fred H. Stelzenmueller, 2050 Darrow avenue, a girl. Weight: 7 pounds 9 1/2 ounces.

When the US flyers get through, Japan won't have a flagship on which to hoist a white flag.

BLY FIREMEN NAME OFFICERS FOR NEXT YEAR

BLY—At their annual election Tuesday evening, June 16, the Bly fire department elected the following officers for the ensuing year: fire chief, Warren Osborne; assistant chief, Freddy Kobler. The active members of the organization are Norman Dyer, Leo Moll, Gene Detrick, Norman Bannister, Martin Cavlin, Jeff Causbie, Joel Harris, B. Gordon, Clark Abbott, Shorty Book, George Elliott, A. A. Protsman, Warren Osborne, Freddy Kobler, Rudy Ashbaugh, Willis Pankey and Ed Kendall.

This group of citizens leads in many civic ventures, such as the present drive for scrap rubber. Gene Detrick had charge of the publicity, and the collectors have received treats as reward for their efforts. At present, the amount weighed totals considerably over a ton and more is coming in hourly. Jeff Causbie is directing the work.

The department expects to launch a drive for funds in the near future, probably between the 23rd and 27th of this month. This will be carried out by subscription lists posted in prominent places and by pledges secured in a house to house canvass. The major purpose of this drive is to secure funds for reconditioning present equipment and add a much needed tank auxiliary. Recent purchases include 400 feet of new fire hose and facilities for heating the fire hall in the winter so that at no time will there be any delay in starting the wagon when it is needed. So far, no fires have gotten away and no building has been so badly burned that it could not be remodeled.

Probably at no time in the history of the community has the need of an adequate fire setup been more apparent, it was stated. Fire units all over the country expect many emergencies which may not necessarily be confined to the city limits. Other fire organizations will have their hands full and local groups are going to find cause for doubling their vigilance and activity, it was pointed out.

The next movement sponsored by this group will be "cleanup" day. All vacant lots and roadways must be cleared for safety, they said.

Man is funny—he breaks his back trying to make grass grow so he can break his back all summer keeping it cut.

Two Indicted on Illegal Liquor Sale Charges

PORTLAND, June 19 (AP)—Among 13 indictments returned yesterday by the federal grand jury here were: For providing Indians with liquor, James C. Rollar, May 20 at The Dalles; Earl E. Pollock, May 31, at Burns; Lloyd T. Atkins, May 13, and Jesus Jara, May 16, at Klamath Falls; for failing to register for the draft, Phelix Sukol, Feb. 16, at Portland; for failure to notify a Medford draft board of his departure last Nov. 13, Fred W. Barfoot.

Bonanza

Mr. and Mrs. Jack Bradley and daughter Chloe, and Mrs. Lola McDonald and daughter Lottie Belle, enjoyed a picnic dinner at Harpold Dam Sunday.

Miss Bartley, daughter of Mr. and Mrs. Hartley, has been quite ill for the past 10 days. Mrs. Lloyd Beebe and daughter Vera Mae, left Sunday night for Price, Utah. Mrs. Beebe received word that her brother and a brother-in-law are both very seriously ill. She will be joined by another brother, George Thurman, at Richmond, Calif.

Mrs. A. J. Hickman, Mrs. Margaret Wasson and Mrs. Ada Sparreborn drove to Tulelake Thursday to visit Mrs. Nona Corpening, who is quite ill.

Mrs. T. M. Bieler of Gerber Dam was calling on Bonanza friends Monday. The Bielers have recently purchased a home in Klamath Falls.

Mrs. D. W. Ferguson of Merrill, just returned from a trip to Sacramento and Oakland, and is staying with her daughter, Mrs. F. W. Brown and family. She was accompanied by her sister, Mrs. Rose Dunbar of Oakland, who will spend her vacation here. Mrs. Dunbar is resident nurse at the College of Holy Names in Oaklands.

Mr. and Mrs. Joe Horsly and sons Gene and Don, returned from Hemmitt Field, Calif., where they went to see their son Ben, who is training for a flying cadet.

Mrs. Henry Schmor submitted to a tonsillectomy Tuesday in Klamath Falls. Mrs. Schmor will spend a few days with her sister-in-law, Mrs. Heath, while she is convalescing.

Statistics show that a musician is about the only person who can make a living just playing around.

FEUD DEVELOPS OVER PROBE OF WAR CONDUCT

By EDWIN B. HAAKINSON

WASHINGTON, June 19 (AP)—A feud between senate and house committees over investigation of the war effort flared up today with a charge by Senator Brewster (R-Me.) that a house military affairs subcommittee had "rushed out its report on dollar-a-year men to try and get a scoop."

Brewster, a member of the special senate committee appointed to investigate national defense, said in an interview this was the second time that the house investigating group had tried to beat the senate group with a report, the other instance "being aluminum production and its report that everything was O. K."

(War production board officials disclosed today that last summer's aluminum collection had netted only 6,400,000 pounds of the metal, as compared with the 15,000,000 pounds which had been expected.)

Asked to Delay—Brewster and Chairman Truman (D-Mo.) told the senate yesterday that they had been asked to hold up their report criticizing delays by the war production board and dollar-a-year men and that during the interval the house group released its report giving the business executives a clean bill of health.

"Of course if one report comes out Wednesday from a house committee and another report comes out Thursday on the same thing from a senate committee, we all know which one has the advantage," Brewster said.

The house finding was issued, Brewster said, while Chairman Donald M. Nelson of the war production board was attempting to convince the senate committee it should delay issuance of its own report. This, he added, was possibly more than an "interesting coincidence."

Our soldiers did their job at Valley Forge and Yorktown, they did it at Bataan, and they are going to do it in Tokyo and Berlin.—Robert P. Patterson, undersecretary of war.

Heavy Bombardment Training Shifted To Western Area

FORT GEORGE WRIGHT, Wash., June 19 (AP)—The entire heavy bombardment training of the army air forces will be taken over by the second air force in "the most ambitious training plan ever put into action in the United States," Maj. Gen. Robert Olds, second air force commander, has announced.

Four motored bombardment groups are being transferred from other air forces and new bases are being established throughout the area covered by the second air force, which embraces all territory west of the Mississippi river, Gen. Olds said.

Bly

Frank Patzky of Beniji, Minn., spent some time visiting his family here recently. During his stay here Mr. and Mrs. Patzky, Betty, Ed and Jack motored to Camp Roberts to visit Bud, who has been stationed there for some time. Bud has recently passed his tests and is awaiting assignment as a flying cadet.

Mrs. Gertrude Coke is assisting Mrs. Casebeer in the post office.

Mrs. Pollock and children are visiting friends and relatives at Cass Lake, Minn.

Freddy Kobler is driving a logging truck for Crane.

Mrs. Beulah Elliott and daughter Jean are spending several weeks with Mrs. Elliott's parents, Mr. and Mrs. J. R. Gwyn at Puallup, Wash.

Mr. and Mrs. Bill Titus motored to Reno, Nev., on Sunday evening to meet their son, Norman White, who had come by plane from El Paso, Norman has been located at Avon Park, Fla., where he recently passed his flying tests for air cadet. He has a 15-day leave.

Mr. and Mrs. Glen Osborne of Fairfield, Calif., are in this vicinity while Osborne is shearing sheep for local sheep owners. Observation, many gardens have been started in Bly and a number of people have launched out into the chicken business.

Marie Coke spent a week with her father in southern California recently.

Mr. and Mrs. Aaron T. Hoffman and son, Bill Alcorn, returned last week from a trip to Oklahoma City, where they visited Buck Alcorn, who is in the air corps at Will Rogers field. They crossed portions of 10 states on the route and found fine crops and plenty of water everywhere, due to the unusually late spring which seems to have prevailed over most of the

midwest. A telegram from Buck since their return states that he has been promoted to sergeant's rating and will have his first leave since his assignment on January 29 to this field.

Jimmie Peters, who has been in the medical corps at Monterey for over a year, is now a staff sergeant and on leave in this vicinity. He is visiting his grandmother, Mrs. Dode Givens, and his mother, Mrs. Hazel Peters of Lakeview.

Mrs. Cynthia Coke Hall is now working as apprentice at the local beauty shop under Mrs. Lorraine Larsen.

Those who attended the recent session at Oregon State college 4-H session were Wallace Jenkins, Clara Marie Wallace, Gwen Ashbaugh and Betty Smith. Janet Protsman accompanied them and acted as leader throughout the session. Mrs. Beulah Elliott was one of the instructors at the school.

Joe Patzky spent some time in Klamath Falls recently as a guest of Janet Protsman, who is attending the Northwest beauty school there.

Mr. and Mrs. Pete Cole and Mrs. Marie Snodgrass motored to Portland Friday and returned Sunday, bringing with them Mrs. Snodgrass' little son and daughter, who have been in school there for some time. From now on the little folks will make Bly their home.

Mr. Knots, a friend of many years standing, spent several days with Mr. Kirby. The two men came to Oregon together many years ago, and had a visit over old times.

Mr. and Mrs. Carl Proebstel have been in Portland for several weeks on their honeymoon.

Mrs. Proebstel was formerly Wilma Keffeler. Dr. Peter Rozendal and Mrs. Caldwell, county health nurse, assisted by Mrs. Veda Dixon, arrived at the high school around 9:30 Monday morning to vaccinate the local people for smallpox. Over 100 persons took advantage of this service, ranging in age over two months to 70 years. Residents of this vicinity wish to express their appreciation of the prompt and efficient way in which this was done, feeling that what might have proved to be a widespread epidemic has no doubt been averted. As yet only a few cases of this disease have been located and they were promptly isolated.

There isn't any pay day for just laboring under a delusion.

Help save metal buy JUMBOS

BEER bottle caps are rationed and unless present supplies are conserved there will be a serious shortage of beer in bottles, particularly during the approaching summer months. But far more important than our own convenience is the fact that it is now the patriotic duty of all of us to do everything possible to SAVE METAL. Perhaps the metal used in beer bottle caps doesn't seem to be so important, yet the amount required for the hundreds of thousands that can be SAVED represents impressive tonnage. It's the little things that count.

Therefore, we do not hesitate to ask our many friends to purchase Bohemian Club in the JUMBO size whenever possible to do so, rather than three regular 11 oz. bottles. Every time you do this, you will SAVE TWO BOTTLE CAPS.

Incidentally, it is a BETTER BUY for you because the JUMBO holds within an ounce of the SAME VOLUME of delicious Bohemian Club beer as three of the regular 11 oz. bottles.
