

## REAL ESTATE MEN SCHEDULE MEETING HERE

Klamath Falls will be the place at which the licensed real estate men and women of Oregon and the adjacent districts of Washington and California will gather at the end of the first week of August. On August 6, 7 and 8, the Klamath Realty board will be host to the eighth annual convention of the Oregon Association of Real Estate Boards with headquarters at the Willard hotel. This gathering is designated as the David B. Simpson convention, in tribute to Oregon's most distinguished realtor, president of the National Association of Real Estate Boards, and a former president of the state

association and also of the Portland Real Estate board. President Millard C. Holbrook, of the Oregon association, announces that at the session on Thursday evening, August 6, Donald M. Erb, president of the University of Oregon, will speak. William MacRossie of Greenwich, Conn., president of the American Institute of Real Estate Appraisers, will speak August 7. At the final banquet of the convention, to be held at Crater lake lodge the evening of August 8, David B. Simpson will be the speaker. In attendance will be several persons of national prominence who will participate in the programs now being completed. Klamath Falls is receiving considerable publicity throughout the Pacific northwest. The OAREB News, of the Oregon association, will contain a complete program in its July issue, which will go to every licensed real estate broker and salesman in the state. The issue will be devoted almost exclusively to the convention plans and will carry information about Klamath Falls and points of interest in this area.

Near S. P. Depot

## RED CROSS SAYS SOLDIER AID FREE

Flat denial of a rumor recently circulated about Klamath Falls to the effect that soldiers in Australia have been required to buy garments contributed by the American Red Cross, was received at local headquarters this week from A. L. Schafer of San Francisco, Pacific area manager.

Schafer, in a letter to Executive Secretary Elizabeth Baker, quoted from a statement by Norman H. Davis at national headquarters on Red Cross basic policy: "... no charge shall ever be made to any service man for any Red Cross article or service which is furnished from the funds or supplies contributed to the Red Cross."

Investigation of the point was raised when a Klamath man, in service in Australia, wrote that he was spending a portion of his soldier's pay on items known to be available from the Red Cross.

Schafer added that, in the past, incidents involving sale of articles by the Red Cross, traced to their sources, usually have been found to be based on misinformation or misunderstanding.

## Citizenship Exams Held at Courthouse

Candidates for citizenship were examined at the courthouse Tuesday by Worthington Blackman, representing the department of immigration. A class of from 45 to 50 candidates is expected to result from the current examinations. Final papers will be issued November 14.

It is worse than stupid—it is unpatriotic—to fight or refuse, for selfish reasons, to respect the price, rationing or priority regulations which are necessary to win the war.—George A. Renard, WPB consultant.
