

GREYHOUND BUS LINE REDUCES SPEED LIMIT

Pacific Greyhound lines announced today that beginning July 1, their buses in this area will be operated within a speed limit of 40 miles per hour. By running at this reduced speed the bus company is cooperating with the government's rubber conservation program. It is likewise in keeping with the voluntary action of patriotic citizens in operating their private cars under 40 miles per hour.

The lower speed limit will change the arrival and departure times of Greyhound buses serving Klamath Falls. The revised schedules are published in a Greyhound advertisement in this issue of The Herald and News.

According to F. W. Ackerman, vice president of Pacific Greyhound lines, the speed of buses on many Greyhound routes had previously been reduced wherever the 40-mile speed limit could be quickly placed in effect. "However," he stated, "the rearrangement of schedules over the whole vast network of routes was a big and complicated job. It has now been worked out for this territory and the new schedules will become effective on July 1."

Reduction in the operating speed of buses is part of the national rubber conservation program. Ackerman explained, "It is a well-known fact," he said, "that the higher the speed of a motor vehicle, the more rapidly rubber is consumed. Buses, of course, use only a fraction as much rubber per passenger mile as automobiles, and under the reduced running time still more tire wear will be saved."

CHICAGO WHEAT

CHICAGO, June 30 (AP)—Grain prices and soybeans worked higher today as recent pressure against July contracts eased up and short sellers came back into the market on the buying side.

Improved milling demand for flour in the east, where large chain bakers were reported to have purchased 100,000 barrels of flour yesterday, contributed to the better sentiment.

Wheat closed 1 to 1 1/2 higher: No. 1 hard, September \$1.19; No. 2 hard, September \$1.18; No. 3 hard, September \$1.17; No. 4 hard, September \$1.16; No. 5 hard, September \$1.15; No. 6 hard, September \$1.14; No. 7 hard, September \$1.13; No. 8 hard, September \$1.12; No. 9 hard, September \$1.11; No. 10 hard, September \$1.10; No. 11 hard, September \$1.09; No. 12 hard, September \$1.08; No. 13 hard, September \$1.07; No. 14 hard, September \$1.06; No. 15 hard, September \$1.05; No. 16 hard, September \$1.04; No. 17 hard, September \$1.03; No. 18 hard, September \$1.02; No. 19 hard, September \$1.01; No. 20 hard, September \$1.00.

Grain futures gained additional strength from the firm cotton market.

While considerable July wheat came onto the market, it was taken by elevator interests. Hedging sales were moderate.

ROUGH DAY

LOS ANGELES, (AP)—A man, posing as a policeman, asked to see A. S. Hankins driver's license.

Hankins presented his billfold, the man grabbed it and ran. The victim and a real officer chased the thief, but he had the money all but \$5 of the \$60 in the billfold.

Hankins walked dejectedly out of the station. There he found another thief had stolen his car.

It doesn't do much good when you give three cheers for what you won't give anything else.

Les Fleming Threatens Joe Gordon's A. L. Slug Lead

NEW YORK, June 30 (AP)—Les Fleming, the pudgy young man from Nashville who inherited the Cleveland first base job, is the hottest thing in major league baseball right now.

Fleming, who battered southern association fences for a .414 average last season, climbed 16 points last week to become the greatest threat to the continued reign of Joe Gordon, New York Yankee, as the leading batter in the American league.

While Gordon slipped from .367 to .363, Fleming rapped 12 hits in 18 official trips to the plate for an astounding average of .667 for the week. That bar-

rage lifted him from fourth in the league race to second with a .346 figure.

The Brooklyn pair of Pete Reiser, center fielder, and Joe Medwick, left fielder, continued to dominate the National league although both fell off their previous pace.

Reiser, boasting an average of .356 a week ago, remains on top with .347 while Medwick holds second with .335.

Ernie Lombardi, Boston catcher, and Stan Musial, rookie outfielder for the St. Louis Cardinals, both showed big gains for the week, the former climbing to .325 and the latter to .320.

POTATOES

PORTLAND, Ore., June 30 (AP)—Potatoes, new Shafter (Cal.) White Rose, 100s, \$3.25-3.35; local, \$1-1.25 lug.

CHICAGO, June 30 (AP-USA)—Potatoes: arrivals 175; on track 307; total U. S. shipments 446; supplies moderate, demand light; market for best stock about steady, for off condition weak and unsettled; California Long Whites U. S. No. 1, \$3.35-40.

PORTLAND LIVESTOCK

PORTLAND, Ore., June 30 (AP) (U. S. Dept. Agr.)—Cattle: Salable and total 100; calves: Salable 50, total 65; market active, steady; load common grass steers \$10.75; sorted at \$10.00; odd grassers up to \$12.00; extreme top fed steers Monday, \$14.15, new high since April, 1918; cutter to common dairy type heifers \$7.25-8.50; beef heifers up to \$10.75; canner and cutter cows \$5.50-6.50; fat dairy type cows up to \$7.25; weighty beef cows down to \$6.75; good young cows \$9.25; medium-good bulls \$10.00-65; strictly good quotable to \$11.25; cutters down to \$8.00; good-choice vealers strong, mostly \$13.00-14.00; few \$14.50-15.00.

Hogs: Salable and total 300; market active, strong to 10 cents higher; good-choice 170-210 lbs. \$14.50-60; medium grades \$14.35 down; 230-270 lbs. \$13.50-14.00; light-weights \$13.50-14.00; good 315-500 lb. sows \$10.75-12.00; heavier downward to \$10.25; choice light feeder pigs \$14.50. Sheep: Salable and total 200; market steady, poorer quality considered; few good-choice springers \$11.50; medium-good \$10.50-11.25; few feeders \$10.00; good ewes salable \$3.00-50; culls down to \$1.25.

BOSTON WOOL

BOSTON, June 30 (AP) (U. S. Dept. Agr.)—Medium fleeces wools were offered today on the Boston market at the low side of price ranges formerly quoted with an occasional offer one cent below. Country graded three-eighths and one-quarter offered at 45-47 cents, delivered, and semi-bright mediums at 42-45 cents. Few sales resulted at these offerings. British wool export prices were raised 20 per cent.

It takes years of digging for some golfers to break a hundred.

CHANGES BUS SCHEDULES

EFFECTIVE JULY 1st

To COOPERATE FULLY with the national rubber conservation program, Greyhound is reducing bus operating speed. This necessitates changes in arrival and departure times of buses. Following are the new schedules:

MOST LEADERS JOG ALONG IN IRREGULAR DAY

By VICTOR EUBANK

NEW YORK, June 30 (AP)—Scattered stocks remained in today's stock market but many leaders jogged along in narrowly irregular territory.

Santa Fe jumped about 2 points after mid-day when directors voted a dividend of \$1.50 on the common against \$1 paid in the four preceding quarters. The other buoyant rails of yesterday did virtually nothing.

Transfers approximated 225,000 shares. Stocks in the resistant class most of the time included General Motors, Southern Pacific, Standard Oil (N.J.), Westinghouse, Kennecott, Philip Morris, American Can and Bethlehem.

On the offside at intervals were U. S. Steel, Chrysler, Sears Roebuck, Montgomery Ward, Douglas Aircraft, Western Union, Chesapeake and Ohio, John-Manville, General Electric and Du Pont.

Tomorrow a new crop year will begin, and, if present prospects materialize, it will be the sixth consecutive season in which the United States will produce more than it can use.

This series of big crops, coupled with a World war that has cut off practically all the normal export market, has given the nation a carryover surplus of old wheat estimated at about 630,000,000 bushels, exceeding any ever accumulated during bumper harvest periods before.

With harvesters working their way north, having reached Kansas, the largest wheat producing state, and preparing for full scale operation soon in the fertile Ohio valley, farmers throughout the nation faced a problem of what to do with their new grain.

One solution was offered by the government loan program, in operation the last several years, and largely responsible for the U. S. farmer receiving a much better price than do producers in other exporting nations like Canada and Argentina.

By storing wheat collateral and receiving government loans, farmers could obtain from 10 to 20 cents a bushel, or more in some cases, above market prices. A year ago this premium was only about a dime. The loan rate in Chicago, for example, is \$1.32 for No. 2 grades; in Kansas City \$1.27.

We still have a tremendous job to do, but we will never relax for one moment until this flood of war weapons has become an avalanche of power in the hands of you soldiers, to speed the day when you can return to your homes.—Alfred P. Sloan, Jr., chairman General Motors corporation.

Mrs. A. J. Chidester, for more than 25 years a resident of Klamath Falls, died Friday following a brief illness. She leaves many to mourn her passing.

SERVICES HELD FOR MRS. CHIDESTER

Final services for Mrs. Grace Phoebe Chidester, 68, wife of Andrew Jackson Chidester, were held Monday afternoon from 2 to 4 o'clock in the Linkville cemetery. For the past two years Mrs. Chidester had been employed at The Bookmart on Klamath avenue and was active until a short time before her passing. Death was attributed to a heart ailment.

Mrs. Chidester was born in Grass Valley, Calif., the daughter of parents who crossed the plains. Her father, James L. Fowler of Boston, Mass., came west during the gold rush days of '49. His father accompanied him but was killed before he reached California. Mrs. Chidester's mother migrated with her family from Little Rock, Ark., in 1856, the family seeking new lands.

As a young girl Mrs. Chidester attended school in Grass Valley and Heald's business college in Sacramento. Later she taught in the Heald's branch in Woodland, Calif. She married A. J. Chidester in Redding, Calif., in 1900, and for a number of years the family made their home in Tuolumne county. They came to Klamath county 25 years ago, Mr. Chidester employed at that time as mill foreman for the Lamm Lumber company at Modoc Point.

Mrs. Chidester was a member of the Native Daughters of the

This is an Apple

This is a Peach

Suppose, in a certain section of the country, there is a surplus crop of apples and a shortage of peaches.

These are Newspaper Advertisements

In them, merchants feature apples and soft-pedal peaches. What happens?

Farmers benefit—their surplus apple crops are sold. Consumers benefit—because they learn that apples are plentiful and economical—peaches are scarce and costly.

That's only one way in which newspaper advertising benefits everyone and renders a great public service.

During a war the newspaper is more important than ever as a guide to the public in finding the things that are plentiful and economical.
