

U. S. DELIVERS PLANES, PILOTS AT MALTA BASE

(Continued From Page One)

stronghold and the cause of the United Nations," the navy asserted.

Authorities said that obviously because of the time they were delivered the reinforcements were more directly linked with Britain's efforts to prevent Rommel from building up his armed columns in Libya than with the current allied efforts to save Egypt.

Axis air forces operating from Sicily had destroyed Malta's striking power several months ago with the result that heavily laden convoys bound for Libya no longer were slashed to pieces by torpedo and other planes from the island.

The neutralization of Malta as a base from which the British could cut the axis lines to Africa is regarded here as one of the principal factors in Rommel's ability to bring against the British a considerably greater force than they had anticipated. Conversely, any strengthening of Malta would have worked against Rommel and to that extent might even now influence the course of the campaign in Egypt.

AUTO TAX STAMPS SELLING SWIFTLY

Federal automobile stamps, officially on sale July 1, were "going like wildfire" according to Postmaster Burt E. Hawkins. The stamps have been selling for the past three days and there has been a continuous line in the postoffice lobby as customers sought the \$5 tax sticker.

The stamps are required on all vehicles in the nation, effective Wednesday, government agencies stated. J. W. Maloney, Portland, collector of internal revenue, said federal officers would begin tagging cars not having the \$5 stamps immediately.

The internal revenue offices in Portland said the law provided that any person who uses or permits use of a vehicle or boat without first purchasing a stamp shall be guilty of a misdemeanor punishable by a fine not to exceed \$25 or imprisonment not to exceed 30 days or both. Any person operating a vehicle on which no stamp appears also shall be guilty of a misdemeanor punishable by a \$25 fine.

State police, sheriff's officers and city police said late Wednesday they had not been advised by the government in regard to arrests of motorists driving cars without the federal tax stamp.

SP Main Line Traffic Resumed

DUNSMUIR, Calif., July 1 (AP)—Normal traffic operations were resumed on Southern Pacific's main line here today after workmen completed rebuilding of 300 feet of torn track destroyed when two huge mountain type locomotives were derailed yesterday at Cantara, six miles north of here.

Southern Pacific officials said no cause of the derailment has been determined yet.

Local Talent Plentiful for Buckaroo Days

(Continued From Page One)

gram. Doss comes from Hollywood and has appeared in a number of movies. He has been with the Gene Autry show and is well known to southland rodeo goers. Doss will do some fancy guitar playing over the PA system.

O. D. Matthews, president of Klamath Buckaroo Days, announced Gilbert Fleet and Bud Eatherton as timers for arena events.

All soldiers in uniform will be admitted free to the infield, the committee announced. This particularly applies to soldiers on guard at the Japanese reception center at Newell. All profits derived from the two-day show will go to the troop entertainment fund.

Two Bound Over to Grand Jury After Theft Escapade

Wayne Rommel, 26, home station unknown, and his wife, Edith, 21, today were in the clutches of Klamath county law following an escapade which involved alleged automobile, tire, and personal property theft near Chemult Tuesday.

The pair early this afternoon were arraigned in justice court on a larceny charge, waived preliminary hearing and were bound over to the grand jury. They were committed to the county jail in lieu of bond.

According to Sheriff Lloyd Low, Mr. and Mrs. Rommel were hitchhiking their way north when they were picked up by one Frank Brown, a negro, below Red Bluff, Calif. Brown then rode them north to near Sand Creek, Ore., where, according to a story Brown told Low, Rommel grabbed the wheel from Brown and threw the negro out of the moving car.

In so doing, however, the car ran off the road and was wrecked.

The three then caught a ride to Chemult, according to Brown's story, where they engaged a cabin. There, Brown said, he fell asleep, assertedly the victim of knockout drops.

In the meantime, according to Low's reconstruction, Rommel and his wife returned to the car, stripped it of Brown's luggage and three tires and later during the day sold the alleged plunder in Chemult. Rommel also telephoned a Fort Klamath garage and had them haul the wrecked machine to Fort Klamath, Low said.

Brown told Low that when he awakened yesterday evening and returned to where the car had been wrecked he found it gone. Enlisting the aid of Deputy Sheriff Tom Reed of Chemult, Brown said he found Rommel and his wife asleep in a Chemult room.

The pair were arrested and brought into Klamath Falls early today where they were lodged in the jailhouse.

JAPS MASS TROOPS OPPOSITE SIBERIA

(Continued From Page One)

or that their attack is imminent," the spokesman added.

Chinese reports had repeated-ly asserted that Japan was concentrating upward of 500,000 troops in Manchukuo for a thrust into Siberia.

Neutral observers, however, believed Japan would delay attacking Russia until Adolf Hitler's summer offensive had gained a decisive victory over the red armies. There were indications that this offensive now was fast developing.

China War

Other far Pacific developments:

China war front—A Tokyo broadcast asserted that Japanese troops had completed occupation of the strategic 450-mile Chekiang-Kiangsi railway which leads into the heart of China.

Domel dispatches said Japanese columns driving toward each other along the railway from the east and west had met at Hengfeng after smashing Chinese forces entrenched on a height west of the town.

Chinese military quarters said the invaders might be expected to turn next to the coastal province of Fukien. Fifty thousand Japanese veterans of the Philippines campaign were reported concentrated on Formosa, across Formosa strait from Fukien, while other Japanese forces were reported driving down Kiangsi province toward Fukien.

Australia

Battle of Australia — Gen. Douglas MacArthur's headquarters announced that allied Commando-type troops carried out a daring hit-and-run attack on the Japanese garrison at Salamaua, in New Guinea, and inflicted 60 casualties. Only two allied soldiers were wounded.

United Nations headquarters also announced that allied planes again raided the Japanese bases at Lae, just north of Salamaua, and at Rabaul, New Britain.

Madagascar — Advances reaching Vichy said British patrols and French advance posts were fighting a series of engagements along the west coast of Madagascar, with clashes developing between Makunga and Ambilobe, 70 miles southwest of Diego Suarez.

Have You a Pet To Enter in the Victory Parade?

Lop eared rabbits, bantam chickens, a pet bear, coyote, or even an elephant if you have one around the house—Junior chamber of commerce Victory parade officials want entries in the big Fourth of July event.

Pet owners are asked to register at Matt Finnigan's sporting goods store on Main street immediately in order that names may be recorded for entry in the line of march. A \$5 war savings stamp which will go to the winner in the pet section of the parade will get underway at 10 a. m. Saturday, July 4.

Dogs or any pet entered in the section, have an equal chance to win the war savings stamp. Judges of the parade are Mrs. W. E. Lamm, G. A. Krause and Henry Semon.

Edith Rommel. Larceny. Waived preliminary hearing. Bound over to grand jury. Bond set at \$1000 cash or \$2000 property. Committed to county jail.

Louise Lea Postle. No operator's license. Fined \$5.50.

Eleven Killed in Plane Crash

(Continued From Page One)

Troopers said the search was continuing for others.

All the bodies recovered were burned beyond recognition, the troopers said.

Mrs. Lawrence Runyon, wife of the mine superintendent at Premier, said she saw a large plane in trouble shortly after noon.

Other witnesses told troopers that they heard a roaring noise as the plane nosed near the hills. It appeared, they said, as if the pilot were trying to straighten out the plane.

He apparently succeeded but at that moment the wing fell and the crash followed.

On a belt buckle owned by one victim the officers deciphered the name Erwin Stratman, a duffle bag bore the name of Floyd Hyet and the flyleaf of a book had the name of Guy S. Hill.

Most of the victims were identified as army personnel by their charred uniforms, the officers said.

One of the recovered mementos was a half-burned postcard which read:

"All that a birthday can hold of joy—that's what I am wishing for my dear boy."

It was signed "Pop."

It is not bad luck for a black cat to cross in front of an auto—if it succeeds in crossing all the way.

TOO LATE TO CLASSIFY

REDECORATED 3-room modern furnished apt., hardwood furnished apartment. Hardwood floors; 5 1/2 blocks from Main. Adults only, references required. Rent \$35.00. Call 3461 days or 3727 evenings. 7-1

SCRAP RUBBER PILE SIGHTS NEW GOAL

The city's scrap rubber pile today stood at \$95,000 pounds—within sight of the new 450,000-pound goal set Tuesday by R. O. Snodgrass, chairman of the Klamath Falls rubber salvage drive.

Snodgrass said that Sunday's Boy Scout drive netted 8000 pounds. He said the Tuesday total plus Monday and Tuesday collections put the city well over the original 350,000-pound mark set for the drive which was to end June 30.

Snodgrass said the local committee had received official notification of President Roosevelt's 10-day extension of the rubber campaign.

The drive chairman also said that Sunday's Boy Scout drive found a number of people not at home and therefore unable to contribute to the city-wide sweep conducted by the scouts commanding oil distributors' trucks. He said that arrangements have since been made with the scout organization for continuous pick-up upon demand and asked that all persons with rubber for sale or donation to call the scout office at 6918.

NAZIS ASSERT RUSSIAN ARMY IS IN FLIGHT

(Continued From Page One)

men in this battle, the paper said, and the Russians held their original positions when it was ended.

The Germans apparently abandoned the effort there but continued bitter offensives against Sevastopol and on the Kursk front, with Russian counter-attacks reported to have cost the nazis whole companies and battalions of shock troops on the latter front 300 miles south of Moscow.

The three-day-old nazid offensive at Kursk already has been blunted by huge losses, including 350 tanks, the Russians said.

Mechanized detachments and foot troops fought on across the Kurak front, between Kharkov and Moscow, a region of black earth deeply cut by water courses on southern slopes of the central Russian plateau.

WAAC INQUIRIES COMING IN HERE

Inquiries into the WAAC program opened recently for women who wish to serve in the United States army, are being received in his offices at the federal building, according to Sergeant F. J. Huhin, recruiter in charge. The officer announced Wednesday he had no application blanks on hand but these would arrive shortly.

The WAAC program will be doubled and there will be 900 officers instead of 450, a total force of 25,000 within the year, the war department has announced.

After the first 450 officers are trained at Fort Des Moines, Ia., a second group of 450 will take the course of instruction. Enrollments in the rank and file will begin in July. During the first year the corps will cost \$28,334,464 according to estimates in the military establishment appropriations bill reported in the house this week.

Labor Shortage Tackled Along Several Lines

(Continued From Page One)

loughs of 30 days or so at the peak harvest season. The selective board will be asked about deferring competent farm laborers until after the emergency is passed.

Finally, residents of the city and suburban area will be asked to consider spending their vacations on farms and giving assistance whenever possible in working out the problem.

The chamber board approved Semon's report.

Bishop W. P. Remington of the Episcopal church addressed the chamber luncheon. He was accompanied by Rev. Victor Newman of St. Paul's church, who is leaving soon to begin service as an army chaplain.

Tires Quotas for July Announced

Klamath county tire quotas for July were announced by the Oregon OPA office Wednesday. They follow:

Passenger—30 tires, 139 recaps, 61 tubes. Last month, the respective figures in this classification were 24, 139 and 61.

Truck—160 tires, 235 recaps, 199 tubes. Last month's figures, in the same order: 160, 235, 199.

Lake county's July quotas: Passenger—4 tires, 19 recaps, 11 tubes.

Trucks—43 tires, 50 recaps, 48 tubes.

Editorials on News

(Continued From Page One)

rest of the distance under their OWN power.

A LONDON military observer says today:

"Jap air and land forces are concentrating on the Manchukuo border and there seems little doubt they are making their own preparations so that they may, at THEIR chosen moment, attack Russia."

The Melbourne radio says Russia has established a deep defense zone along the Manchurian border and is strengthening its Siberian defenses facing Japan.

Melbourne says this information comes from Chungking. The Chinese have been saying for weeks that Japan is getting ready to attack Siberia.

MOST of us outsiders are convinced that if and when Japan does attack Siberia her mysterious (because censored) operations in the Aleutians will be explained.

THE fight on Churchill's leadership opens in the house of commons. In quieter times, it would be full of interest.

One has the feeling NOW that swiftly marching events in Africa will determine more accurately than any legislative investigation can whether or not Churchill's leadership has been wise and far-seeing.

CRITICS LAUNCH CHURCHILL ATTACK

(Continued From Page One)

equipment to meet axis attacks and that the prime minister made the "greatest possible mistake" when he attached the defense ministry to his office.

Sir John Wardlaw-Milne, Churchill's fellow-conservative, led the opposition in commons by moving a "no confidence" vote.

Wardlaw-Milne, seconded by admiral of the fleet Sir Roger Keyes, charged that Churchill's statement that British forces in Libya were strong enough to meet the axis was "untrue and inaccurate."

"Inexcusable"

Sir Roger asserted that the admiral had failed "inexcusably" to provide the Mediterranean fleet with necessary air strength and said that failure to provide proper weapons had sent the war machine "lumbering from one disaster to the next."

The "victory service" will be dedicated to the world war mothers of this community.

Klamath's victory queen and her court will be guests and the highlight of the evening's program will be an address by Major Alfred Kelley of Portland's airbase.

Klamath Falls' Commandos will present a token of esteem to the typical war mother during the program. The victory service is free to the public.

Police Get Calls On "Peeping Toms"

City police have received numerous calls during the past week or 10 days advising them of prowlers and "peeping toms."

Officers said that investigation usually resulted in the finding of drunks who were wandering about the residential sections, although the police department requests that immediate calls be placed when peepers or prowlers are noticed.

FUNERALS HENRY DEWALD

Funeral services for the late Henry Dewald, who passed away in this city on Tuesday, June 30, 1942 following an illness of six days, will be held in Coeur d'Alene, Ida., on Friday, July 3, 1942. The remains were forwarded via Southern Pacific company on Tuesday evening at 10 p. m. Arrangements were under the direction of the Earl Whitlock Funeral home of this city.
