

**Martha Shops and Shops**

**Garcelon's**  
 If you haven't checked up on the summer drinking glasses at home, you can't do it any sooner than now. . . . And if you want you may find yourself with a shortage at a time when the glasses are needed.

So here's a tip that Garcelon's has a complete line of summer glassware priced from 10c to 50c each. . . . With some sets of glasses and pitcher as low as \$1.15.

You'll find glasses for tall cool drinks or short cool drinks. . . . Plain or decorated. . . . Heavy, medium or thin. . . . Whatever you need for any purpose.

**Long's**  
 I've found the ideal slacks. . . . For looking trim and tailored, for batting around, for comfort and for neatness. They're made of Frost-point men's wear fabric, and you'll find them at Long's. . . . The hard finish keeps them from wrinkling, and a brush-off

will remove the dust. . . . And they're so beautifully tailored I thought they were 'way beyond what I could pay.

But they're only \$3.95. . . . And will outlast three pairs of ordinary slacks. . . . Really a marvelous bargain.

And, amazing to relate, they have wide seams to allow for alterations!

A pair of these slacks and a couple of those soft, sheeny Sorrel shirts will fix you up for the Fourth weekend.

Sorrel shirts, as I mentioned a couple of weeks ago, come in the most beautiful material I've ever seen in shirts and blouses. . . . Short sleeved ones are \$2.50 and initials are 25c extra. . . . And so, all in all, I'm not surprised they're the fastest selling blouses at Long's.

**Weather Talk**  
 THE weatherman has no respect for law. . . . Take the city ordinance to shut up dogs during May and June, for instance.

Last year, when the ordinance was first considered seriously, (but not officially), the growing season was during those two months, as it had been for a good many years. . . . So this year the ordinance was put into effect on May 1, but the gardens couldn't start to grow until almost a month after that because the weather was late. . . . Now the ban on running dogs is removed officially, but laws and plants aren't ready to be trampled on.

As Robert Burns remarked so aptly years and years ago, "The best laid plans o' mice and men gang aft aglae". . . . To which the Klamath Falls gardeners reply, "Dog-gone it."

**HAPPY THOUGHT . . .** If that's all the sugar I can have, I won't have to worry so much about a reducing diet.

**HAPPY THOUGHT . . .** Oh, well, rubber-soled shoes sometimes get awfully hot.

**NEW U.S. HELMET**—Marine Pvt. Gordon Ludwig discusses new U.S. helmet with British corp. in Northern

**A WELCOME CHANGE**

Cottons are pulling a Cinderella act this year, but it looks as if the clock won't strike midnight for them until after the war. . . . I think the reason cotton dresses haven't been popular for dressing-up lies in their inexpensiveness. . . . But they're cool, easily laundered and practical. . . . And there's no shortage of cotton, so far. . . . So cotton dresses are coming out of the kitchen and going to parties.

**Currin's**  
 THE way half-price sales come along, one right after the other, is simply amazing. . . . Every week it seems there's a new one at Currin's, and this week is no exception.

Once a year Helena Rubin-

stein has a "beauty special," and this time the product chosen is Water Lily Cleansing Cream. . . . The wonderfully light, cooling cream that can be used by the most sensitive skin. . . . In fact, it's made so very sensitive skins can be immaculately clean even in weather like this.

Water Lily Cleansing Cream is a quick cleanser, the kind that should be used during the Summer. . . . (You probably know already that heavy creams are not so good right now.) . . . And being so mild you can use it just as many times a day as you need to, and your complexion will be softer and more radiant. . . . Even if you ARE troubled with sensitive skin.

Rubinstein's Water Lily Cleansing Cream is half-price beginning today, July 1, and the sale lasts until July 18. . . . That gives you two and a half weeks to buy it, but I wouldn't wait too long because Rubinstein sales are always snapped up right away by the gals who swear by Madame Rubinstein's products.

Ordinarily the large seven and a half ounce jar costs \$2.00, and you pay 20c government tax on top of that. . . . But during the sale the cost of this big jar is only \$1.00, and the tax just 10c. . . . So you might as well get at least two jars!

**HAPPY THOUGHT . . .** Think of all the money we'll save on gasoline when we don't have any tires.

**Cal-Ore**  
 If you haven't been to Cal-Ore for a while, plan on going down there for a Fourth of July celebration. . . . And if you have been going regularly, make a point of it this weekend.

Because. . . . Brady Narey told me yesterday that there will be a floor show there in honor of the occasion.

That's in keeping with what he told me early this Spring. . . . No regular floor shows every week, but something special planned for occasions that should stand out. . . . Like the Fourth of July, Independence Day.

I think, myself, it's a very good idea. . . . But, nevertheless, I'm looking forward to seeing a floor show again.

At Cal-Ore.

**HAPPY THOUGHT . . .** Oh, well, rubber-soled shoes sometimes get awfully hot.

**7 MEASURES SLATED FOR FALL BALLOT**

SALEM, July 1, (AP)—Seven measures will be on Oregon's general election ballot in November, the state elections division said today.

Tomorrow is the deadline for filing completed initiative measures, but the division said it did not expect any more to be filed.

The measures to be voted upon in November include only one initiative measure, which was filed yesterday; four proposed constitutional amendments referred to the people by the legislature; and two laws passed by the legislature which were referred to the people by referendum petitions.

The complete list of measures: Initiative providing that all state income tax revenues in excess of \$7,750,000 a year shall be used for school purposes.

A proposed constitutional amendment increasing legislators' pay from \$3 a day for 40 days to \$8 a day for 50 days.

A proposed constitutional amendment repealing the article of the constitution providing for the rural credits loan fund.

A proposed constitutional amendment providing that gasoline taxes shall be used exclusively for roads.

A proposed constitutional amendment to permit the legislature to restore voting rights to persons convicted of felonies.

A referendum to restrict or prohibit net fishing in coastal streams and bays.

A referendum to tax cigarettes at two cents per package, the proceeds to be used for old age assistance and vocational education.

**OREGON LISTED FOR \$8.5 MILLION BONDS**

WASHINGTON, July 1, (AP)—U. S. war bond quotas for July were announced today with Oregon listed for \$8,865,000.

County quotas ranged from Multnomah's \$4,888,200 to Curry's \$8,000.

Other county quotas included: Baker \$145,800, Benton \$158,800, Clackamas \$155,400, Deschutes \$95,700, Douglas \$80,500, Jackson \$183,500, Josephine \$64,900, Klamath \$307,400, Lane \$434,500, Linn \$185,300, Marion \$434,200, Polk \$66,200, Umatilla \$170,600, Union \$69,000, Wasco \$87,600, Yamhill \$140,500.

**Herald and News Employees Sign For War Bonds**

All of the regular full-time employees of The Herald and News have signed up for war savings bonds purchases on the 10 per cent salary reduction plan.

Thirty-five employees signed the roster after a meeting at which the plan was explained by Frank Jenkins, publisher.

**Billy Mitchell's Sister Advises Bombing Germany**

JERSEY CITY, N. J., July 1 (AP)—Ruth Mitchell, sister of the late Brigadier General Billy Mitchell who was an early advocate of the use of air power, declared upon her return from Nazi-dominated Europe yesterday that the way to beat Germany was by bombing from airplanes.

The slim, blond-haired woman, who joined the Yugoslav Chetnik guerrilla army in April, 1941, and later spent almost a year in 12 different concentration camps following her arrest by the German gestapo, was the first of 949 passengers to disembark from the diplomatic exchange liner Drottningholm.

"Bombing by planes is the way to beat Germany," she told interviewers. "They can't take it."

She said the Chetniks still were fighting "magnificently" in the mountains of Yugoslavia and "are keeping five divisions of Germans engaged."

Miss Mitchell, the wife of Stanley Knowles, a British subject, told of spending miserable months in German prison camps during which she said she and others were ill-treated. By contrast she said the Germans fell over backwards to be nice to her during her last five days in Germany at the Spandau concentration camp near Berlin.

She said she was arrested by the gestapo as she was bathing on a beach at the Adriatic resort port of Dubrovnik in September, 1941.

She said she had been a "K" for several months and

Victor E. Newman, rector of St. Paul's Episcopal church, to report for army duty July 14.

**REV. NEWMAN TO LEAVE FOR ARMY**

The Rev. Victor E. Newman, since September 1, 1937 rector of St. Paul's Episcopal church, will report to Camp Adair, Corvallis, for active duty with the United States army as chaplain on July 14, it was learned here Wednesday.

Rev. Newman will hold the rank of first lieutenant. He is the first member of the Klamath county clergy to volunteer for duty with the armed forces. Rev. Newman applied for enlistment, December 9, two days after the Pearl Harbor attack. He came to Klamath Falls from Pocatello, Ida., and with his family has resided at 528 Pacific Terrace. Mrs. Newman and their three children will remain in Klamath Falls for the time being.

A meeting of the vestry of St. Paul's has been called for Wednesday night at 7:30 o'clock by the Right Rev. William P. Remington, bishop of the diocese of eastern Oregon. Bishop Remington arrived here Wednesday morning and will return to Pendleton on the night train. The summer program of the church will be discussed at this time.

**Tire Inventory Undertaken by OPA**

WASHINGTON, July 1, (AP)—The office of price administration undertook a nationwide inventory of serviceable tires held by dealers, automobile companies and finance companies Tuesday, and announced that it would use the resulting information for charting the future course of tire rationing.

The stock-taking, as of June 30, will cover new, used, re-treaded and recapped tires. Reports will be filed with local rationing boards, and must show inventories of passenger car and truck tires and tubes, tractor and farm equipment tires, and all other types of tires not mounted on a vehicle.

What is inflation? Nothing but a continuing chain of run-away prices. If our prices spiral up in the midst of this war economy, they will sooner or later come down with a terrific crash. —Donald Nelson, WPB chairman.

**NAVY YARD WAGE EQUALIZATION MADE**

WASHINGTON, July 1, (AP)—Ralph A. Bard, assistant secretary of the navy, announced Tuesday an equalization of wage rates in navy yards and other shore establishments which will add more than \$1,000,000 weekly to the pay envelopes of 250,000 civilian employees.

The pay equalization will go into effect on the west coast, Atlantic coast and in the Great Lakes area July 6 and in the gulf area August 3, Bard reported.

The equalization was ordered following adoption of a shipyard stabilization code at a recent meeting of private operators in Chicago. The navy's action, in effect, applied the code to navy yards.

At the Chicago meeting, in line with President Roosevelt's wage stabilization program, an increase of 8 cents an hour was established for west coast, Atlantic coast and Great Lakes area yards and somewhat higher increases were allowed for gulf coast yards to make the standard rate for shipyard mechanics \$1.20 an hour.

**CIO's Sponsor Sunday Picnic**

Seven hundred CIO union members and their families gathered Sunday at the old swimming hole at Fort Klamath for an all-day picnic sponsored by the Chiloquin mill crew.

Principal speakers at the affair included Ralph Peoples, secretary to the Oregon state industrial council; and Al Hartung, assistant director of organization and regional director for the state. In attendance also were Bob Beach, Bill Aldridge and Heine Oyer, local 612 president and IWL organizer.

**59 Enlist in Navy During June**

Falling just one short of the record set in December for naval enlistments, Klamath county's naval recruiting station Wednesday reported 59 enlistments from here for the month of June.

This was the largest enlistment since December. January enlistments fell off to 36, according to Chief Gunner's Mate F. R. Duncan of the local recruiting office.

We are confronted with the most cruel and brutal nations that have ever joined in warfare.—F. H. LaGuardia, mayor of New York City.

The above map of Oregon shows the War Bond quotas, by counties, for the month of July, 1942. Total War Bond quota for the state is \$8,865,000. With the National quota total placed at a billion dollars, the nation goes into high gear in its support of the War financing and to give our fighting forces adequate implements of war which will bring ultimate Victory. American Soldiers, Sailors, Marines and Airmen are on every front. They are giving 100 percent for their country. What are we doing here on the home front? Are we lending at least ten percent of income to help them? It's very little. But to fight this war successfully our country needs a billion dollars in War Bonds every month from us—the People. Let's Go, America. U. S. Treasury Department

**FOUR TRAIN FOR ARMORED FORCES**

FORT KNOX, Ky. (Special)—Ready to begin their basic training course which, when completed, will qualify them for duty with the armored force, the following newly-inducted selectees have arrived at the armored force training center here preparatory to duty with the newest-moving land force of the army:

Pvt. Harold W. Gess, son of Orville Gess of Dairy, Ore.; Pvt. James A. Luttrell, of 2620 Bleebe street, Klamath Falls, Ore.; Pvt. John W. Adams, son of Mrs. John W. Adams of Sprague River, Ore.; Pvt. James Hosman of Merrill, Ore.

For the first six weeks of the 12-week training period the men will be taught the fundamentals of soldiering. They will study the organization of the army and armored force; insignias of rank; military courtesy and discipline; care of clothing and

equipment; map reading and many other courses.

**Robert Alexander Joins New Class At Randolph Field**

Aviation Cadet Robert H. Alexander, 22, son of Mr. and Mrs. William H. Alexander, 1644 Manzanita street, is a member of the new class at Randolph field, the US' oldest and largest basic flying school.

Alexander attended the Scott field (Illinois) radio school before going to Randolph. He was a logging truck driver before beginning his primary training at Coleman, Tex.

After nine weeks at the "West Point of the Air," Alexander will go to an advanced flying school to win his commission.

We must never forget that the world is peopled with different races with different customs and ideologies.—Alf M. Landon, former governor of Kansas.

What this country needs is more people who can not their onions.

**KING IN NAVY**
