SURVIVORS OF ZAM-ZAM ARE GUESTS HERE

Temporary Officers Named At United Council Meeting

The United Council of Church Women will have a branch in Klamath Falls. It was decided at a preliminary meeting held in the First Methodist church on Friday, June 26. At this time Mrs. John Yaden was named temporary chairman, Mrs. Bert Schultz, temporary secretary. The by-laws and nominating committees were named from among the representatives of the various churches.

Final organization of the United Council will be held July 16 at 2 p. m. in the First Methodist church.

Receiving at the meeting last week were Mrs. Bert Schultz of the First Christian church, Mrs. Peter Newman of the Baptist church, Mrs. A. A. Peterson of the Community Congregational church, Mrs. R. S. Hopkins of St. Paul's Episcopal church, and Mrs. R. P. Ellington Sr., of the First Methodist church.

Two interesting speakers were guests for the day, Mrs. Genevieve Turnipseed, University of Oregon, and Mrs. A. F. Holmer of Eugene, state president of the United Council of Church Women. Mrs. Holmer was vice president of the Minnesota state council, president of the Fargo, N. D., city council and has recently been elected to the board of directors of the national council.

Mrs. Holmer opened her interesting address to the Klamath women with the following statement:

"All church women worship the same God, honor the same Lord, pray to the same Father, follow the same Master, and believe in the same Jesus Christ. Therefore they are able to stand as an united group in an unbelieving world. We must do together what we cannot do separately.

"For many years church women have had a tendency to be self centered in their own churches. Today we are spreading out. We are becoming more and more the salt of the earth, purifying and cleansing our homes and communities. No longer do we just feel sorry about conditions. We united to do something about it. We have learned that it is foolish to talk about the spread of the gospel when we ignore the social and economic evils around the church.

"Church women are beginning to understand Jesus' teachings concerning antagonism, injustice, crime, intolerance, adultery and dishonesty. They know full well that science, politics and technology have done many things for mankind, but these have not and cannot change wicked men and women. Only the love of God and the sacrifice of Jesus Christ can do that.

Mrs. Holmer told of the 20 countries in which the church is no longer free, millions of its members in exile, in prison, suffering persecution. She said the "world is too strong for a divided church."

She repeated the statement: "One Christian woman is useful, ten Christian women are powerful, one hundred Christian women are invincible." Mrs. Turnipseed compared the lot of women today with that of other years.

"Women of the United States are co-partners with men economically, controlling 85 per cent of the world's goods, socially they are on a pedestal, professionally and educationally they are equals. This is not true of the women of any other country in the world today. Herein lies a challenge. 'How can we build together to bring this condition to all women in the world and how can we build together to strengthen and to further our own advancement?'" said Mrs. Turnipseed.

In a fascinating manner Mrs. Turnipseed traced the role played by women from the early days of barbarism, through the ages to the present time. She discussed the place of women in the home, in public life, in politics and in the church.

For the next week Klamath Falls will have as its guests the Rev. and Mrs. Robert Muir who were on board the Egyptian liner Zam Zam when it was torpedoed and sunk in the South Atlantic on April 17, 1941.

This international episode, the first to give 138 American men and women a bitter taste of Nazi captivity, has stirred the whole nation. The passengers of the Zam Zam were first transferred to the steamer Tamesa and later to the German prison ship, Dresden, for the perilous trip back to occupied France.

The Muirs will speak at the Bible Baptist church, located at Ward and South Sixth street, just back of Robinson's store, on Sunday morning at 11 o'clock and Sunday evening at 8 o'clock. They will also address the Sunday school, and the young people's meeting at 8 p. m.

The public is cordially invited to attend any and all of these services. Any church or public organization desiring to have either Reverend or Mrs. Muir as speakers to their organization from July 3 to July 8, may contact Rev. G. W. Wheatley, pastor of the Bible Baptist church, telephone 7210.

Christian Science Churches

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 28.

The Golden Text was, "Laying aside all malice, and all guile, and hypocrites, and envies, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (1 Peter 2:1,2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And I saw another mighty angel come down from heaven, clothed with a cloud; and a rainbow was upon his head, and his face was as it were the sun, and his feet as white as snow, and he set his right foot upon the sea and his left foot on the earth." (Rev. 10:1,2).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This angel had in his hand 'a little book,' open for all to read and understand. Did this same book contain the revelation of divine Science, the 'right foot' or dominant power of which was upon the sea,—upon elementary, latent error, the source of all error's visible forms? The angel's left foot was upon the earth; that is, a secondary power was exercised upon visible error and audible sin" (p. 559).

They operate 83 publishing houses and are printing gospel literature in 202 languages, while they are using 624 languages and dialects in their work which circles the globe.

We decided to have a float which all of the members could ride in. Another thing that we discussed was a talk on poultry to be held June 30 in Merrill in the afternoon, and near Klamath Falls in the morning. Some members planned to go. Also, all the members joined the "Keep Oregon Green" organization, which we think will be very interesting. At our meeting we had pop and cookies for refreshments. Suit to Bar Japs From Vote Thrown Out of Court

SAN FRANCISCO, July 3 (AP) A suit to bar persons of Japanese ancestry from voting was thrown out of federal court today.

The action was brought by John T. Regan, grand secretary of the Native Sons of the Golden West, to force Cameron King, registrar of voters, to eliminate names of those of Japanese blood from voting lists.

Federal Judge A. F. St. Sure, in a memo and an order today dismissed the action.

"This case is exceptional," Judge St. Sure wrote, "because the sole question it presents to this court is one which has been definitely decided by the supreme court of the United States."
