SOVIET WAR PUTS DAMPER ON MARKET

By VICTOR EUBANK
NEW YORK, July 7 (AP)—The stock market ran out of buying steam today after three successive rallying sessions. In the closing hour, declines of fractions to a point or so were in the majority. The turnover was around 350,000 shares.

Commission house observers had various explanations for the stemming of the recovery push. Cited principally was the discouraging war news from Russia.

Prominent stocks on the off-side most of the time were American Telephone, Santa Fe, Du Pont, American Can, Chrysler, U. S. Steel, U. S. Rubber, Douglas Aircraft, Sears Roebuck, Montgomery Ward, Anaconda, Texas company and Great Northern.

Occasional resistance was exhibited by Cerro de Pasco, Johns-Manville, Eastman Kodak, United Aircraft and U. S. Gypsum.

Bonds were uneven. Closing quotations:

CHICAGO WHEAT

CHICAGO, July 7 (AP)—A let-up in hedging pressure, strength in the cotton market and a moderate amount of mill buying lifted grain prices today.

A decline in receipts at terminal and sub-terminal markets, traders said was responsible for less hedging sales. The slackening in the movement in the southwest, however, is regarded as a temporary affair as harvesting is reportedly becoming more general in other sections.

Dealings were light in all pits with many traders not committing themselves in view of the confusing legislative situation.
