GALLUSED

MINNEAPOLIS, (AP)—When Detective William O'Rourke was just about to enter police headquarters with a burglary suspect

in tow, the prisoner made a break.

The man fled down the street with O'Rourke in hot pursuit. Suddenly O'Rourke reached out and grabbed the fugitive's gal-luses. They snapped and down came the trousers as well as the wearer, who found he couldn't

run with a lot of pants around his knees.

World's largest mineral hot spring is in Wyoming's Hot Springs state park at Thermopolis. It flows 18,600,000 gallons every 24 hours, at a temperature of 135 degrees Fahrenheit.
