

# COUNTY RUBBER PILE TOTAL IS 849,347 POUNDS

Klamath county's scrap rubber pile stood at its final weight of 849,347 pounds—a shade over 424 tons—today following compilation of total figures from outlying communities, Klamath Falls, and isolated junk dealers.

The final figure represented an average of 21.23 pounds for every man, woman and child in the county.

Snodgrass said the city's complete total was 514,127 pounds; the county's (outside Klamath Falls), 253,220, and that 82,000 additional pounds were in the hands of junk dealers ready for shipment to government reclamation plants.

The Klamath scrap rubber campaign, along with that of the nation, ended last Friday at midnight after a 24-day push conducted by oil dealers and service stations throughout the county. The drive, originally scheduled to end on June 30, was extended 10 days by presidential proclamation.

It was pointed out that if the balance of the nation maintained the 21 pound per person average, the country's scrap rubber pile would be swelled by approximately 1,365,000 tons. Oregon, however, and presumably Klamath county, ranks near the top in scrap collections and the national average was expected to be considerably lower than 21 pounds per person.

Snodgrass said no orders had been received yet relative to shipment of Klamath's rubber pile.

A county breakdown showed the following: Klamath Falls... 514,127 pounds Chemult... 44,442 pounds Chiloquin... 91,524 pounds Bly... 27,958 pounds Merrill (and Malin)... 88,286 pounds

forces were kept on the defensive by continued shelling. Heavy dust storms interfered with aerial operations yesterday, but allied fighters made protective sweeps over the lines and fighter bombers strafed enemy positions, a communique said.

Two enemy planes were reported knocked out of the sky over the British Mediterranean base of Malta.

Planes Lost Only one British plane was lost in these operations, headquarters said.

Today's communique gave little detail of the fighting west of El Alamein, merely reporting: "In the northern sector yesterday, our troops drove off an attack by the enemy on the northwestern area of positions occupied during our recent advance."

It appeared, however, that the hard-bitten Australian troops, whose arrival in the battle zone has given the British eighth army a fresh lift, were tightening their grip on newly-won positions near Tel El Eisa.

## GIBBS WOUNDED IN FRAGAS SATURDAY

A knife wound in the back received during the course of a fight Saturday night sent LeRoy Gibbs, 17, to the Klamath Valley hospital and two boys to the city jail for investigation, according to Earl Heuvel, assistant police chief.

The fracas took place among a mixed crowd of Mexican and white boys from CCC Camp Lava Beds at 11:30 Saturday night in the vacant lot north of the police station where the camp truck was parked, he said.

Gibbs wound was not critical and Monday he was taken by ambulance to Camp Lava Beds. The two boys being held were released to the commanding officer of the camp at his request.

Investigation has brought out that the boys, who were minors, had been sold beer by local establishments and that this was a contributing factor in the fight. This is under investigation by federal authorities, according to police.

## ROMMEL SAID TO BE PAROLE VIOLATOR

Two agents from the Idaho penitentiary came here Monday to take custody of William Blades, who was arrested here as Wayne Rommel on a larceny charge.

Sheriff Lloyd Low said Blades is a parole violator from the Idaho prison, where he served part of a sentence of from two to 14 years on forgery charges.

Blades was arrested here on a charge of stealing tires from a negro on the highway north. His woman companion was arrested on the same charge and is held in the county jail. Sheriff Low said her name is actually Rommel.

Identification of Blades came, the sheriff said, through a report on his fingerprints after he was placed in jail here.

## RATION BOARD TAKES OFFICES IN IOOF HALL

The Klamath county war price and rationing board has accepted an offer of quarters in the Odd Fellows building at Fifth and Main streets. It was announced Monday by Don Drury, chairman.

As soon as a small remodeling job is done, the board will move into this room, which was formerly occupied by the Klamath Variety store and fronts on Main street.

Drury said the quarters are "most satisfactory" from the standpoint of location and the facilities they offer. The Odd Fellows, he said, are not only giving the room, but also the heat and water. He expressed the board's appreciation for this public service.

The ration chairman also publicly thanked the city library board which, he said, offered the use of the small clubroom in the library basement as headquarters for rationing.

The rationing board is now located at the chamber of commerce and will remain there until the move is announced.

## STATE GOP'S TURN DOWN ISOLATIONISM

PORTLAND, July 13 (AP)—Isolationism was a thing of the past today so far as Oregon's republican party was concerned.

Following the lead of the national GOP, the state central committee adopted a resolution Saturday urging the United States to "take such positive position in world affairs upon the inauguration of peace that there may be no repetition of the world chaos now in existence."

Warning the party that national welfare comes ahead of politics, Palmer Hoyt, Portland publisher, said in a keynote speech that there should be no criticism that would deter the war effort. He said, however, that it was proper to criticize improper spending, boondoggling and useless expenditure of lives.

Governor Sprague told the session he was returning to the ranks of party workers when his gubernatorial term expired.

In the only contested election, Mrs. John Richardson, Portland, defeated Mrs. Grace M. Wells, Klamath Falls, for committee vice-chairman. Re-elected were Neil R. Allen, Grants Pass, chairman; Kenneth Nielsen, Eugene, secretary; and John N. Adams, Portland, treasurer.

## TWO GUNS STOLEN IN WEEKEND THEFTS

Two guns were among a number of pieces of property lifted from their owners by thieves over the weekend and reported to city police. Don Dyerst of Tulelake had his .38 Colt revolver stolen from his car when it was parked in Merrill Sunday night, and H. O. Myers, 500 N. Ninth street, reported a bolt action 22 rifle taken from his house.

A 17-jewel Hamilton wrist watch belonging to Otto Okrusch, 825 High street, was stolen from the Great Northern shops Saturday night, and a bicycle belonging to Gail Wilson, 1815 Oregon avenue, was taken from in front of the Pelican theatre, according to reports.

Police did a fast piece of work in connection with the theft of a '37 Ford truck, reported by M. J. Zupan to have been stolen from 429 Commercial street at 4:20 a. m. Sunday morning. Fifty-five minutes later, the vehicle was recovered at the Buffalo lunch on South Sixth street and Walter Lee Clary was on his way to jail.

Sheet Metal Workers—There will be a special meeting of the Sheet Metal Workers union, local 320, at the Labor temple Monday evening (tonight) at 8 o'clock. It will be followed by a banquet for members and their ladies.

## Amnesia Victim Identified as Stewart's Sister

SPOKANE, July 13 (AP)—Three weeks after she walked into police headquarters to say she was lost and unable to remember her name, Lillian Stewart, Sacramento, Calif., was identified Saturday through an Eastern Star lodge pin she wore.

Deputy Sheriff Mons Ulvin, a Mason, located her brother, Sam Stewart, at Klamath Falls, Ore. Miss Stewart told Ulvin she felt faint as she neared Elensburg after traveling from Portland, and remembered nothing after that except walking into headquarters. A former Spokane resident, she came here to visit the grave of a brother, Sylvester Stewart.

London says: "For hours these TOUGH planes (indicating something new, probably heavily armored and gunned) flew over Germany's heavily guarded Baltic coast before slicing down to lay their bombs on Danzig's submarine yards in the BRIGHT LIGHT of the northern evening."

It was a 1750-mile round trip, showing the growing range of modern aircraft.

BY comparison, 12 British planes made a daylight raid on Augsburg, about half as far away from Britain as Danzig, in April, and ONLY FIVE returned, a loss of around 60 per cent.

The implication is that they now have improved planes.
