

# 42 HARVEST MAY OUTRANK '29 RECORD

By FRANKLIN MULLIN

CHICAGO, July 15 (AP)—American farmers' wartime harvests this summer may be their most valuable in more than two decades, grain trade statistics indicate, even topping those of 1929.

A combination of good prices, high compared with some seasons, and prospective bumper crops will make this monetary return possible. Grain prices generally are near the highest levels since 1937, except for a brief period earlier this year, while the harvest may be a record. The third largest wheat crop is in prospect while the rye crop may be the biggest since 1935; oats the largest since 1928 and barley the greatest on record.

Grain statisticians estimated the prospective domestic yield of the five major cereals—wheat, corn, oats, rye and barley—would be worth, based on present Chicago futures prices, close to \$4,500,000,000, compared with about \$4,100,000,000 last year. In several years of the past decade the market valuation of these crops has fallen below \$2,500,000,000.

Not all the grain produced is sold at market but disposal otherwise normally enhances its value, statisticians explained. For example, the government ever-normal granary program, to a large extent responsible for the present price level, was expected to keep much of the 1942 harvest off the market. By using this grain as collateral, farmers could obtain more for it than by marketing. Wheat loan rates range up to 15 cents a bushel in some cases above prices.

# BRITAIN MAINTAINS AIR LEAD, REPORT

LONDON, July 15 (AP)—Oliver Lyttelton, minister of state in charge of production, told the house of commons in opening the debate on production Tuesday that Britain still maintains its "lead in the air, particularly in quality."

In an obvious reply to repeated statements by critics that British design and production of guns and tanks lagged behind the Germans, Lyttelton said that in field artillery there was no reason "to be frightened of our equipment compared with the Germans."

The tanks now being produced, Lyttelton said, "have the necessary fire power for today's battles and new types designed to be made in the United States and this country give us reasonable assurance of that superiority which is required for victory."

He said the joint war production staff recently had given "higher allocation of raw materials to the merchant shipbuilding and naval program" just as in 1940 the emphasis was put on aircraft and in 1941 on tanks.

# Bly Bridge Club Meets Friday

BLY — The Bly Bridge club held regular session at the home of Opal Burch on Friday, July 10. Two tables played during the afternoon. Marjorie Strong and Lila Langdon won high score. The hostess served sandwiches and iced tea. The group will meet next with Vernitia Hadley.

Present were Helen Smith, Beulah Elliott, Virginia Stone, Vernitia Hadley, Lila Langdon, Lillian Osborne, Lois Sheppard, Marjorie Strong and the hostess

# Hager

Mr. and Mrs. R. H. Anderson entertained guests from San Pedro, Calif., Monday.

Bobby Kohler spent Monday night with Douglas Kohler.

Tom Davis, who has been visiting his brother, George and family here, returned to Grants Pass Saturday.

Ed Roberts was in this community Sunday from Bloody Point.

Mrs. L. Baldwin's mother arrived last week from Idaho, to visit an indefinite time on the ranch.

Mr. Morse is putting up the Hilyard hay.

Ed Poppy helped with the haying on the Baldwin ranch.

Friends of Jimmy Coffelt will be glad to learn he is now stationed at Colorado Springs, Colo.

# IS YOUR CHILD A NOSE PICKER?

It may be a sign of bowel trouble! And these roundworms can cause real trouble. Other worms are: uneasy stomach, nervousness, itching parts. If you even suspect roundworms, get JAYNE'S Vermifuge today! JAYNE'S is America's leading proprietary worm medicine, used by millions for over a century. Acts gently, yet drives out roundworms. Demand JAYNE'S VERMIFUGE.

# "Food Very Good Every Day," Says Jap Prisoner

CAMP LIVINGSTON, La., July 15 (AP)—"Thank you," wrote the Japanese war prisoner in English, "food very good every day."

First Japanese to arrive at the army's internment camp here, he nodded and smiled at Lt. Col. John L. Dunn, commanding officer, told reporters of the Alexandria (La.) Town Talk that he was studying English, after being brought here from Pearl Harbor where he was taken from a pint-size submarine Dec. 7.

Questions and answers were written, and some he declined to answer.

"We might as well forget these," said Col. Dunn. The prisoner smiled, wrote that he was captured at Pearl Harbor. Companions in the sub, possibly two, perished in the attack. He said he had no complaint as to treatment.

Others also expressed satisfaction. A former Hollywood importer and exporter answered "yes" to every question when asked about medical attention, if his barracks were comfortable, if food was satisfactory, if he was well-treated. Except for broad grins, most of them paid little heed to the two reporters as they prepared to eat rice, ham,

potatoes, fresh beans and dessert of oxcheart cherries. Attendants said they requested rice three times daily, fish often.

Ralph Brewer and Hunter Jarreau, of the Alexandria paper, toured ten compounds of the camp at invitation of Col. Dunn. "Not one shot has been fired, contrary to (propaganda) reports," said Col. Dunn. "Not one Japanese has made an attempt to escape. You write what you see and hear, and if the news gets back to Japan, maybe it will help. You know the Japanese hold American soldiers and civilian prisoners."

# 1-B Registrants Volunteer for Induction

Three 1-B registrants on each of the two Klamath county draft boards have volunteered for induction in August, selective service headquarters announced today.

The men will be the first 1-B's inducted from Klamath county. The state will furnish a limited number of 1-B men to the army each month beginning in August.

Selective service officials said that all 1-B's who volunteer for August induction will be accepted.

# DELEGATES SENT TO SUMMER CAMP

BLY — The live wire group of the Bly Community church Epworth league is climaxing the year's work by sending a representative group as delegates to the young people's summer camp at Suttle lake.

The leader of this society is Mrs. Jefferson Causbie, who accompanied the group on its outing. Mrs. Bert Bradshaw, wife of the local minister, also took a carload of young people, including several from Klamath Falls.

The group slated to go from Bly includes Barbara Detrick, Jessalee Keffeler, Beryl Kesterson, Bruce Burch, Bonita Gooch and Shirley Harris. Those who went were examined on Wednesday by Dr. Rozendal and received health certificates.

Two of the girls who have been very active in other local projects, Jessalee Keffeler and Barbara Detrick, will go from this camp to the Camp Fire session at Lake o' the Woods and will also remain for the Four-H outing at the same place. The remainder of the group will return the coming weekend.

But you can't go into the water fully dressed.—Mayor LaGuardia of New York.

# These Are the Rules for Building and Remodeling

People who wish to build new homes or remodel their present ones and are confused by conflicting reports as to restrictions on such activity, today got a statement by Harold Franey, city building inspector, clarifying the situation.

Franey gives the following interpretation of the government's L41 construction order as it pertains to residences.

New construction up to \$500 is allowed, permitting new garages, sheds and small buildings of a similar nature or additions and extensions to residences. No particular limit is placed on repair or maintenance to put a building in sound working order. In other words, new

foundations, roofs, flues, siding and such jobs are permitted, he said.

The ruling also orders that if the labor is done by owners, their friends or families, the labor need not be included in the total cost, thereby permitting the purchase of more material. The same applies to used materials incorporated in the project, which need not be included in the cost of the work.

The purpose of the order, Franey pointed out, is to restrict use of critical materials and to prevent skilled labor from being diverted from the war effort without allowing existing buildings to depreciate for lack of necessary repairs and maintenance.

# BLY CCC CAMP CLOSES JULY 18

The CCC camp at Bly is slated to close on July 18, Saturday, according to Ed Cliff, Fremont forest supervisor. Closure of the camp is the result of congressional action.

For several years, the Bly camp has been one of the princi-

pal CCC camps of this area and its work has been confined to improvements in the Fremont national forest, and fire-fighting in that area.

Young men left in the camp will be sent back home or dispersed into private employment. Some of them are going into private work here.

We must go without things we can't buy. We should go without things we do not need to buy.—Marriner S. Eccles, chairman federal reserve board.

# SERVICE SOCIETY MEETS AT BLY

BLY — The Women's Service society of the Bly Community church met at the home of Mrs. Lila Ross on Wednesday, July 8. Mrs. Eva Campbell called the meeting to order and Mrs. Ross led the devotions. Roll call revealed the following members present: Mrs. Carl Raupach, Mrs. George Butler, Mrs. Aaron Hoffman, Mrs. Herbert Johnson, Mrs. Mann Varnum, Mrs. Lester Geisbeek, Mrs. Walter Campbell, and the hostess, Mrs. Orrie Wallace was a visitor.

The program of the afternoon included a report by Mrs. George Butler, who told of wartime conditions in the mission fields of India. Mrs. Hoffman gave a brief report of the victory meeting at Modoc field in Klamath Falls on the evening of the Fourth of July.

The next meeting will be held at the home of Mrs. Hoffman on July 22. A music motif will be carried out, and all members and visitors will be welcome.

You and I shall not make money the rest of our lives—at least not in the sense in which we used to think of making money.—Bruce Barton, advertising executive.

Democracy must avoid arbitrary controls that stifle private initiative and check voluntary cooperation.—Howard Conoley, chairman Walworth company.
