Full Stop at Main Railroad Crossings Ordered in Oregon

PORTLAND, July 24 (AP)—Because railroads are carrying increased traffic, including troops and explosions, state highway commission workers prepared today to erect signs at 32 principal crossings ordering full stops for all motor vehicles.

The commission yesterday issued the order, effective on all main line routes of the Southern Pacific, Union Pacific, Great Northern and Oregon Trunk railroads.

But wherever they come from—if they come—it won't be from other vital industries. "Men now employed in war industries will not be considered," the advertisement concluded.

En Route Home—Verne Shaw, nephew of Mr. and Mrs. Lee Kennedy, 605 Martin street, is en route to his home in Beloit, Wis., after a visit with the Kennedys. He will visit other relatives in the northwest on his way.

WPA PROJECTS IN COUNTY SUSPENDED

The last of the WPA projects in Klamath county was ordered closed Friday when Gladys Everett, in charge of women's WPA projects in the state, conferred with the county court and welfare authorities.

Closed down were the women's sewing room and the day nursery. They were the only WPA projects operative, others having been stopped some time ago following congressional curtailment of WPA funds.

Miss Everett told the court that unless 20 persons are certified for WPA, it will be inadvisable to re-open projects here this fall. Administrative costs are too high for small groups, she said.

She said that congress has appropriated \$6,000,000 for child care centers, particularly for the benefit of children whose mothers are working. Possibly, she said, such a project might be needed in this county.

CARSON ADDRESSES LEGION CONVENTION

PORTLAND, July 24 (AP)—Oregon Department Commander Joseph K. Carson told the state American Legion convention today that many persons still hold an apathetic attitude toward the war that is "shocking."

"Altogether too many are striving for political advantage and profits," he said. "The necessity for hardship and privation seems to have escaped popular understanding."

He told the convention that peace talk should be shoved aside.

"Imagine, with a nation in dire peril, anyone taking the time to talk about peace plans when we do not have any peace in prospect. They ought to be in military service."

As the convention opened regulations urging universal service and internment of Japanese at points farther inland already had been prepared for presentation.

Portland Housing Situation Gets A Bit Complicated

PORTLAND, Ore., July 24 (AP)—If 2000 construction workers can find a place to live, there's good pay waiting for them building houses so shipyard workers will have a place to live.

In a newspaper advertisement today a Portland contractor appealed: "You can go to work immediately earning \$60 to \$94 a week. Nothing to learn and no school to go to. You start immediately. Inexperienced men can earn from \$60 to \$66.50 a week, including overtime. Skilled carpenters can earn from \$86 to \$94 a week, including overtime."

With most able-bodied workers employed in the shipyards, the contractor resorted to the bold promise of pay—with an average of 50 to 60 hours' work a week—in an effort to lure up to 2000 men who might not care whether there was a roof over their own heads or not.

SCOTT IN ON DRUNK DRIVING CHARGE

Joe Scott, 21, of Beatty, is being held in the city jail in lieu of \$100 bail on a charge of drunk driving, according to police records. He is to appear for a hearing before Police Judge Leigh Ackerman Friday afternoon.

Scott was arrested at 345 East Main street Thursday evening when police said he side-swiped a car driven by Thomas H. Horn of 939 Lincoln street, while driving partially on the wrong side of the street.

Edward Johnson of Klamath Falls and Charles Webb of Central Point, Ore., were reported to have crashed at 9:15 Thursday night at the intersection of Fourth and Main streets. Johnson gave his age as 77 with two years' driving experience. Damage to Webb's car was estimated at \$50.

Tracy Starr told police that the pickup he was driving was struck at 2:45 p. m. Thursday by a delivery truck as it backed from between the Pine Street market and the street. Little damage resulted.

Cars belonging to Alfred Bauder and Dr. George H. Merryman Jr., crashed at the intersection of Spring and Main streets Tuesday night at 8 o'clock. It was reported to police. There were no injuries, but some damage to cars resulted.

Courtship May Cost This Boy Flying Privileges

EBENSBURG, Pa., July 24 (AP)—Nineteen-year-old Arthur Evans' courtship may cost him his flying privileges.

A railroad engineer saw a tiny parachute floating earthward, stopped his train and called police. Civilian defense patrols, prepared for the worst, were on hand when it landed.

Attached to the chute was a note, informing the flier's girl friend: "Will be down to see you tonight."

State police unromantically said dropping an object from a plane was illegal and recommended to the civil aeronautics authority that Evans be grounded.

K. F. Navy Recruit Station Sure of Making July Quota

The Klamath Falls navy recruiting station is now certain of its July quota, according to Chief Gunners Mate F. R. Duncan, recruiting officer.

Duncan said the quota is 42, and recruiting is so near that figure now it is certain to go over the top by the end of the month.

OVERSEAS KNOCKOUT BELFAST, Ireland—Othel Greene, former Des Moines lightweight, claims to be the first AEF member to fight professionally on the other side. He stopped Frank Gilluley of the RAF in three rounds here.

FOXY FRENCH CHICAGO—In winning 10 straight games against no defeats, Larry French, veteran Brooklyn Dodger southpaw, had an earned-run average of .8109.

PLATAK IN NEW YORK—NEW YORK—Second class petty officer, Joseph Platak, has been transferred from the Great Lakes naval training station to New York. The seven-time national handball champion did not defend the title last spring because of navy duties.
